### State Normal School Was Not Compelled To Close

(Capital Journal Special Service.)  
 Monmouth, Oregon, November 5.—The rumor was current Saturday evening that the normal school would be closed, but the report was not official, and school opened Monday morning as usual. The influenza situation is improving, there being no new cases in town since Friday. There have been no really serious cases and no deaths. The high school as well as the training school are still closed.

The social activities among the normal students being dispensed with on account of the influenza, and the cessation of the student teaching, because there are no children to teach, gives much extra time to many who are devoting part of their energies to Red Cross work, while others have assisted Professor Gilmore in the harvesting of the dormitory potato crop, while still others are helping Miss Parrott in the work of cataloguing the material suitable for patriotic programs which is contained in the normal library.

Miss Schmette, head of the department of music, entertained the students and faculty Wednesday during the chapel hour with a very pleasing program. The two principal numbers being the recitative and aria, "My Heart Is Weary," from the opera "Lohengrin," by George Thompson; and another "But the Lord Is Mindful of His Own," from Mendelssohn's oratorio "St. Paul." The folk song "Come Lassies and Lads," the song "Lohengrin," by Strauss, and the ballad "Oh, No John." The variety of selections were chosen to illustrate the many different forms of musical composition. Miss Schmette's explanations of the different types of music, and her rendition of some were most enjoyable.

Very little interest was manifested at the nominating convention held last Wednesday. On account of the ban on public gatherings the meeting was held out of doors in front of the normal theater building. Few citizens were present and clamoring candidates were not much in evidence. City officials now holding office were re-nominated, the ticket being practically the same as last year, the one exception being E. M. Ebbert who was nominated to succeed Darrell Stump to serve as councilman.

Mr. and Mrs. Wm. Riddell, Jr., and family and Mrs. M. Phillips of Albany returned Wednesday evening from a ten-day's outing in Southern Oregon. They went as far as Eugene by automobile, then by train and boat and at last on foot before they reached their destination at Allegany, where they visited with relatives. The men were hunting and were successful in killing two bears and a wild cat.

Miss Sullivan, of Eugene, is visiting this week with the Misses Chase and Smith. Miss Sullivan had charge of the department of music at the normal two years ago during summer school.

Mrs. G. W. Pomeroy, who recently moved here from Minneapolis, is recovering from a case of mumps and now her small son has the disease. Both cases have been very light.

Mrs. Milton Hoyer motored to Dallas Sunday to spend the day with Mrs. Hoyer's sister and wife, Mr. and Mrs. John Nelson.

Mrs. W. E. Rich, of Seward, Alaska, visited Friday and Saturday with her sister, Mrs. George Behers. Mrs. Rich has been visiting relatives at different points in Oregon since August. She has a daughter attending O. A. S. and a son who is second lieutenant in the navy stationed at Mare Island. She expected to sail Monday from Seattle on the Alameda for her home in Seward.

The recent rains have been sufficient for plowing and every farmer in the vicinity is busy getting in fall crops. Some of the grain is up nicely and pastures are beginning to look green after the long dry season.

### YOU SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

### If Cross, Feverish Or Bilious Give "California Syrup Of Figs."

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out of sorts, half sick, isn't resting, eating and acting naturally—look, mother! see if tongue is coated. This is a sure sign that it's little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomachache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative" because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

Mrs. Gladys Evans, who is teaching the primary grades at Buena Vista, spent the week-end with home folks.

Mr. George Behers, who has been teaching school at Vancouver, is spending the "influenza vacation" at home. Harry Nelson, brother of Mrs. Milton Hoyer, has joined the marines and expects to leave Sunday for San Francisco.

E. R. Ostrom is busy hauling tile with which he expects to improve his farm.

A Fordson tractor, purchased of Vick Bros. of Salem was delivered Saturday to a Mr. Chamberlain of the Luckiamute vicinity for use on his ranch. The Fordson was loaded on a Maxwell truck with a trailer attached behind and an Oliver plow was conveyed to the same party.

Recent letters received from Mr. Ostrom tell of his interesting work in the Y. M. C. A. canteen service at the front. Much of his work consists of furnishing entertainment for the boys within his reach by auto, going about in this manner with his portable acoustic outfit. Wood, he says, is sold by the pound to the peasants who gather the twigs into bundles like sheaves of wheat. The boys have no reading matter at the front except very old magazines and a daily newspaper from Paris, which reached them the day it was printed.

The Crooked Finger school district, in the hills east of Silverton, is one of the schools of the county that has not closed, as they happen to have no "flu" up in the mountains. There are 14 pupils attending this school. The Briar Knob school, also east of Silverton, with six pupils, did not close nor did the Grassy Pond school with 35 pupils. The Silverton schools have been closed along with several close to Silverton.

THREE GENERATIONS OF WOMEN

For three generations women of this county have used and recommended to their children and children's children the use of that famous old root and herb remedy, Lydia E. Pinkham's Vegetable Compound, until today it is recognized everywhere as the standard remedy for woman's ills. It contains no narcotics or harmful drugs; is made from roots and herbs of the field under the most sanitary condition, and any woman suffering from such ailments should be sure to give it a trial.

# Can't "Do Your Bit with a Bad Back

out well kidneys and a sound, strong back. Use Doan's Kidney Pills. Doan's have helped thousands of workers. They should help you.

P. W. Brown, retired farmer, 1499 State street, says: "Hard work weakened by kidneys and I often felt the effect in lameness and soreness across the small of my back. Finally my attention was called to Doan's Kidney Pills and I got some. The backache and soreness entirely left me." (Statement given January 31, 1906).	Mrs. L. M. Drager, 909 S. Thirteenth street, says: "I can conscientiously say Doan's Kidney Pills are a reliable medicine for kidney disorders. I have taken them at different times when I have had a dull, tired feeling across my kidneys and when my kidneys haven't been acting regularly. Doan's have never failed to give me quick relief. It is only once in a great while now that I have to use a kidney medicine."	W. C. Johnston, gardener, 1021 Mill street, says: "Taking cold and over-exerting myself brought on kidney trouble. For two years I suffered with pain in the small of my back, right-across my kidneys. My back ached at night and in the morning I felt tired and lame. I was languid and nervous, also. Headaches and dizzy spells bothered me and my sight blurred. The kidney secretions didn't pass often enough and they contained sediment. Finally I heard of Doan's Kidney Pills and after taking them, was greatly relieved. Doan's sure are fine."
Mission Street.	North Commercial Street	Belmont Street
Mrs. G. H. Deacon, 1498 Mission street, says: "It has been a long time since I have taken Doan's Kidney Pills, but speaking from past experience, I can say they are a medicine of merit. I had a dull pain across my kidneys and at times it was very severe. After I had taken Doan's Kidney Pills a few days, that disagreeable ache disappeared. My back and kidneys have caused me but very little trouble since."	A. J. Wood, 680 N. Commercial street, says: "Kidneys and bladder trouble got to a point with me about two months ago when I was obliged to take some steps in checking it or suffer more serious results. The worst time I had was just after getting up in the morning and the kidney secretions were very annoying. I began using Doan's Kidney Pills, getting them from Dr. Stone's Drug Store. My kidneys were restored to a normal condition and I was freed from every symptom of the trouble." (Statement given January 30, 1906).	Mrs. M. B. Churchill, 705 Belmont street, says: "Three years ago I was down in bed for a week with my back. I couldn't get up or down without assistance and my back felt weak and lame. I was sick all over. Hearing so many recommend Doan's Kidney Pills, I sent for a box and had taken only a few doses when I felt better. Two boxes stopped the trouble and in every way I felt like a different person."
