## OVERTURN OF LEGISLATION IS EXPECTED NEXT SPRING

### Senate Doubtful; Republicans Have 15 Majority In House.

By L. C. Martin.  
(United Press Staff Correspondent.)  
Washington, Nov. 7.—With the house of representatives republican, and control of the senate still in doubt, a tremendous overturn of legislative affairs is expected after March 4 next.  
The passing from democratic to republican control means that all the great house committee chairmanships will revert to republicans. Whether a similar change will take place also in the senate, appeared today to depend upon the final return from three states—New Mexico, Idaho and Michigan.  
Exclusive of these three states, the republicans today appeared to have 47 votes in the senate to 46 for the democrats. The republicans must get two of the doubtful states to win the majority.  
With five districts not yet heard from, the republicans appear to have carried the house with 234 seats, or 15 more than 219 necessary for a majority.  
Foreseeing the inevitable contest in which the advantage will rest with congress, since it makes the laws, the president's friends in congress may attempt to forestall the republicans by acting now. Control does not pass from democratic hands until March 4 next.  
In the short December session democrats may try to pass the Overman reconstruction resolution providing for study of reconstruction problems and framing necessary measures by a commission to be named by the president.  
Republicans would put all reconstruction questions up to congress through a joint congressional reconstruction committee. Meantime, President Wilson is preparing reconstruction legislation of his own.  
Tariff revisions probably will be among the reconstruction measures undertaken by the new congress. Republicans demand tariff protection for new American industries growing out of the war, but which will continue in peace times, including dye making and nitrate plants.  
Return of railroad telegraphs and telephones to private ownership as soon after the war as practicable will mean another battle.  
Absolute repeal of all unusual and extraordinary war measures, conferring new powers upon the executive department will be insisted on.  
The question of ship subsidies will come up in discussion of the future of the great new merchant marine.  
Republicans generally are also in favor of a budget system to systematize

## IN MISERY FOR YEARS

### Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oskaloosa, Iowa.—“For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial.”  
—Mrs. LIZZIE COURTNEY, 108 8th Ave., West, Oskaloosa, Iowa.  
Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

and make economical expenditure of government money and such a system probably will be proposed. President Wilson has favored such a system also.  
Universal military training seems likely to be made a permanent American policy as republicans strongly favor it.  
An order by the war industries board precluding the allotment of wool to manufacturers for civilian purposes has resulted in closing many mills not working on government orders.  
The American-Russian Chamber of Commerce at New York has appealed to civic and religious organizations throughout the country to protest against the massacres in Russia.

## STOMACH MISERY

Get Rid of That Sourness, Gas and Indigestion  
When your stomach is out of order or run down, your food doesn't digest. It ferments in your stomach and forms gas, which causes sourness, heartburn, foul breath, pain at pit of stomach and many other miserable symptoms.  
Mills' stomach tablets will give joyful relief in five minutes; if taken regularly for two weeks they will turn your flabby, sour, tired out stomach into a sweet, energetic, perfect working one.  
You can't be very strong and vigorous if your food only half digests. Your appetite will go and nausea, dizziness, biliousness, nervousness, sick headache and constipation will follow.  
Mills' stomach tablets are small and easy to swallow and are guaranteed to banish indigestion and any or all of the above symptoms and money back. For sale by Dan J. Fry and all leading druggists.

## GREAT INDEMNITIES WILL BE EXACTED FOR GERMAN BARBARITIES

### There Is General Speculation At Capital On Germany's Next Action.

By Carl D. Groat.  
(United Press staff correspondent.)  
Washington, Nov. 6.—Tremendous indemnities for her barbarism confront Germany.  
Whether that fact will delay or deter her acceptance of the United States allied armistice terms constituted an absorbing topic of speculation today.  
The logic of the situation appeared to be that she would yield, as she can never get better terms, it is stated.  
The sobering realization of years of taxes for her crimes, however, may swerve Germany into a desperate effort to rally her retreating armies, her war-worn populace and to fight on.  
President Wilson's note showing that the allies gave Foch the armistice to transmit, that freedom of the seas goes to the peace conference and that restoration indemnities must be paid, does not, in fact, alter the basic Wilson peace formula. It was held here.  
It was pointed out, Germany, accepted that formula leaving details to be worked out at the peace table.  
Hence the note may not change the position of Germany toward accepting the armistice.  
It was pointed out that Wilson declared for "restoration" of invaded territories. The allies at Versailles gave notice that this would be interpreted as hard cash for damages done the allied civilian population and property by land, sea and air.  
If Germany had an idea that big restoration indemnities were not intended by Wilson, it is foreseen that she may fight on, desperately hoping for better terms later.

## CELEBRATION FAR MORE

Continued from page one

America's united praise for victory keeping time to the passage of the German armistice demonstration. It was a unique demonstration of sound instinct which caused people of the United States to hold fast to the celebration once it had started.  
There is no question that Germany must do the full bidding of the allied armies.  
By their spontaneous public rejoicing last night the American people went on record as trusting wholly in Marshal Foch's ability to make the Kaiser bend the knee and kiss the hem of democracy's garment. The basic ceremony of capitulation occurred when the German plenipotentiaries crossed No Man's Land along the Gunze road, bearing the white banner at their fore. The surrender token of the Hohenzollerns was held aloft on the western front yesterday well within the time when peace to victory were sounding throughout the American continent. The United States was thus first among the world's democracies to celebrate democracy's overthrow of medieval autocracy. History will fix upon November 7 when German plenipotentiaries approached Marshal Foch's headquarters as the real date of democracy's triumph.

## CLOSING SCENES OF GREAT WORLD WAR

### Delegation To Receive Terms Of Armistice Sent To West Front.

London, Nov. 7.—Premier Lloyd George received official confirmation last night that the German armistice delegation had arrived within the British lines.  
Officials who are usually well informed state that an armistice is certain.

### Delegation Appointed.

Paris, Nov. 7.—(10:04 a. m.)—Chancellor Maximilian has published a proclamation to the German people, announcing that a delegation to receive the terms of the armistice has been promptly sent to the west front.  
"The maintenance of order and discipline with a free consent of the people, in these decisive hours is an absolute necessity which any democratic government must make its duty to the nation," the proclamation concluded.
