Salem Falling Down Oo-Its United War Fund Quota

A serious problem is confronting the committee in charge of the United War Fund drive and a meeting was held this afternoon to discuss the rather alarming situation.

With a quota of \$37,500 for the city, the committee with its workers have been able so far to secure pledges for only a little more than \$8,000.

There seems to be a general lack of interest and enthusiasm in the cause represented by the United War Fund workers. They report that men and women who have heretofore always responded to the call, are now refusing to give anything whatever to the cause that all feel is of such vital importance, now that the boys are not busy fighting.

W. I. Staley, county chairman for the United War Fund drive, reports that the country districts are giving cheerfully their full quota. Reports from the small towns in the county indicate a disposition to give and raise the quotas required.

Just what action will be taken to arouse Salem to the necessity of securing its quota, has not been announced but it is felt that something must be done.

Lieut. Col. A. T. Woolpert received the following message this morning

RUB LUMBAGO PAIN OR BACKACHE AWAY

Instant Relief From Pain, Backache, Soreness, Stiffness, Sciatica With "St. Jacobs Liniment."

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica, or maybe from a strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacobs Liniment." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless and doesn't burn or discolor the skin.

Limb up! Don't suffer! Get a small trial bottle from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years. Stop dragging kidneys! They don't cause backache, because they have no nerves, therefore can not cause pain.

from Adj. Gen. Beebe of Portland: "On authority of state health officers, the state armory is reopened for usual military purposes." The armory now has three exits to the street from the drill floor and two from the balcony.

It has been suggested by the street cleaning department that as a matter of civic pride, people should clear the sidewalks of the fallen leaves. The police department has had several complaints from those who objected to covered sidewalks.

Early Tuesday morning, just a few hours after the armistice had been signed, a man appeared at the post office asking if a money order could be sent to Germany. And a few hours later a woman applied for a money order to be sent to Russia. Until a government that is recognized by the United States has been established in Germany, there will be no mail between the two countries. And until the Russians have a government that is recognized, no mail may be sent to that country. It may be several weeks before orders can be sent to Germany or Russia.

Dr. Long, president of the Humane society yesterday ordered officer White to kill a horse. The police records read "The deed was committed in cold blood without a quiver."
