PERFECT WOMANHOOD
Perfect womanhood depends on perfect health. Beauty and a good disposition both vanish before pain and suffering. A great menace to a woman's happiness in life is the suffering that comes from some functional derangement which soon develops headaches, backache, nervousness and "the blues." For such suffering, women find help in that famous old root and herb remedy, Lydia E. Pinkham's Vegetable Compound, which for three generations has been restoring health to women of America.
WALL STREET MARKET.
New York, Nov. 14.—The Evening Sun today says:
During the early trading gains of two points were recorded by Southern Pacific, three by marine preferred, 3 1/2 by Mexican petroleum, a point or thereabouts by steels, 1 1/2 by smelters, a point each by Anaconda and Pittsburg and West Virginia, to mention the most active issues, but other rails were irregular. A number of specialities advanced with a four point gain in American steel foundries, a feature. The bond market was irregular.

Y. M. C. A. Secretary Asks For Free Giving In Drive

A call has been made to the generous public asking the people to give more freely to the United War Fund drive. The call is made by James Elvin, of the American expeditionary forces, divisional secretary Y. M. C. A., now on special service in America, after nine months' active service with troops in France.
In the letter Mr. Elvin makes the following statements: "The money is spent in providing refreshment, recreation and entertainment for the men; but construction, transportation, moving pictures, entertainment, lectures, uniforming and supporting thousands of workers.
"The expense for this work is tremendous. With increased police duty, release of thousands of prisoners and reconstruction work in the war devastated countries, the work will be more expensive than ever before.
"Give to American soldiers and give liberally through the agencies appointed by your government."
