

BIG BOOM FORECASTED WITHIN FEW WEEKS BY LEADING OFFICIALS

Government Is To Follow Policy Of Stabilizing Labor And Industry.

Washington, Nov. 14.—Within a few weeks, the United States will undergo a big boom, according to the forecast of leading government officials here today. They anticipate no hard times or panic during the process of graduating industry back from war to peace. So confident is President Wilson that foundations for reconstruction are firm that he will not hurry in his recommendations to congress for legislation needed for reconstruction. Pending his appearance before congress, which will probably await his annual message—the president may place in the hands of a commission of experts, members of the house and senate appropriations committees and Secretaries Baker and Daniels, the work of arranging details for infiltration of returning soldiers to industry.

Labor Board Retained

The war labor board, one of the agencies created by the war, will be retained, it is said for a long time. The government will follow a policy of stabilizing labor and industrial conditions as thoroughly as possible in cancelling contracts for munitions and war materials.

It was strongly intimated today that the first contract to be cut off will be those which are using materials for which there is a large commercial demand, both at home and abroad, taking into consideration at the same time the problem of distribution of labor.

Bernard Baruch, chairman of the war industries board, revealed this government's policy on reconstruction today with the announcement that the war industries board will be the clearing house for the cancellation of all government contracts.

Directs Redistribution

The facilities section of the war industries board will supervise this work. Contracts will actually be cancelled by those departments in which the contracts originated. The war industries board does not make contracts and never has done so. The war and navy departments, the shipping board, railroad administration and other government agencies which make contracts with manufacturers, will immediately notify the war industries board upon cancellation of orders. The war industries board will then immediately reallocate materials to commercial enterprises. The war labor board will at the same time direct the redistribution of labor whenever such action is necessary.

The facilities section will perform the reverse function of the requirements division. Since the war industries board was organized the heads of all the various sections and representatives of the war department, navy, shipping board, railroad administration, etc., have held conferences each morning in the war industries board building. At such conferences requirements for materials were presented. In this manner bidding of one department against another was prevented.

Endeavor to Release Materials

The war industries board would then allocate materials accordingly, shaving the estimated requirements of one division or another to make the best use of available material.

In cancelling contracts, the first endeavor will be to release the materials and labor from factories engaged in making shells, explosives and those commodities which are strictly munitions. As soon as the war industries board is notified, materials and men released will be immediately made available for commercial industry which can best absorb them.

GERMAN GARRISON CONTROLS BRUSSELS

Marshal Foch Demands That Pillage And Acts Of Violence Be Stopped.

Amsterdam, Nov. 14.—The German garrison at Brussels, which maintained yesterday, is reported to still be in control of the city. The soldiers have hoisted the red flag.

Crown Prince Rupprecht of Bavaria is said to have taken refuge in the residence of Spanish Minister Villalobar. The latter has appealed to King Albert to hasten his troops to the city to restore order.

Forty persons were killed and injured in a battle between German soldiers and Belgian civilians, Tuesday, it was reported here today. The Belgians fought from the housetops.

Demands are Made

London, Nov. 14.—(4:20 p. m.)—Marshal Foch today wired the German command, demanding stoppage of acts of violence and pillage against the inhabitants of Belgium, particularly in the region of Brussels.

Acts of violence and pillaging in territories to be evacuated are in direct contravention of the terms of the armistice. Clause 34 of the armistice provides in case of violation of any of the terms, either party may terminate the armistice within 48 hours.

WAR EMERGENCY SHOE SALE

THE BAN ON HOLDING MEETINGS ON ACCOUNT OF THE "INFLU" HAS BEEN DECLARED OFF BY THE HEALTH BOARD, BUT THE

BAN ON HIGH PROFITS GOES ON Friday and Saturday, November 15-16

Owing to the extraordinary Conditions arising from the war and the "influ" epidemic trade has been quiet for the last two or three weeks, but our big stock of Shoes has been coming in right along. Consequently our Shelves are Crowded and Bills are Coming too, so, to relieve both situations we will put a BAN ON HIGH PRICES and make EXTRA INDUCEMENTS to shoe buyers. Next year the government limits the colors to Black, Dark Brown and White, but for the present Mr. Baruch of the war industries board says, "It is a Patriotic Duty to Buy the Fancy Greys and Combinations of Colors that are already in the Stores," and there is no limit to what you shall buy if it is already made.

Our pledge to our government is: We in the Spirit of Loyalty and Patriotic Service to our Government in meeting all of the exigencies of the war, as applied to its Prosecution and Service of the People, Pledge Ourselves to follow all the Restrictions and Regulations to the Utmost—Signed, THE BOOTERY, by J. B. Litter, Manager.

As it was before, our prices on all grades have been lower than the Government Regulations. But in Addition, for This Sale we will Make These
