Of the seven or eight contracting firms in the city, only one—C. Van Patton has taken out a membership for the coming year.

Only one hospital is represented—that of the Deaconess, with the membership in the name of T. B. Wedel.

All druggists are members excepting two. The shoe stores are represented by O. E. Price and J. B. Lütler. The Spa is the only confectionery store with a membership in the club, and sporting goods are represented only by Hauser Bros.

Two barbers are interested in the city's welfare enough to take out club memberships—P. J. Hibler of 335 State and J. L. Ingrey of 311 State. Junk dealers are represented by W. Cohen and Max Solof. John Soudin of 347 State street is the only tailor in the city with a membership.

All of the larger institutions like

the Salem King's Products Co., H. S. Gile & Co., Kay Woolen Mills, Spaulding Logging Co., Salem Fruit Union and others are supporters of the club. Canneries are represented so far only by Hunt Bros. Co.

Among the larger business houses in general, the Commercial club is supported with several memberships to each. All the banks have each taken out plural memberships. The lawyers are represented by 14 while the doctors number 27. Groceries to the number of 13 are supporters.

Real estate firms, especially interested in the building up and advertising of the country around Salem are represented by three—D. D. Socolofsky, J. E. Scott and John H. Scott.

While the membership pledged for the coming year has not as yet reached the necessary 400, it is felt that a number of firms who have not yet taken out memberships have either been overlooked in the membership campaign or will decide later to associate themselves with the club.

WAR TAXES CONTINUE UNTIL YEAR OF 1925

Treasury Expended Eighteen Billion Dollars This Fiscal Year.

Washington, Nov. 15.—America will be paying war taxes until 1925.

Treasury plans as outlined today show that the heavy burden of taxation must continue for at least six years more. The end of actual fighting has cut the 1918 cost by \$6,000,000,000 Secretary MeAdoo announced, but immediate war expenses will continue to come. It is for these that the nation will have to provide funds, according to officials.

Facing the treasury for the present fiscal year were expenditures of \$18,000,000,000; for the fiscal year ending June, 1920, \$5,000,000,000 and for the next four years the government expenses will range around \$3,500,000,000.

After January 1, 1925, expenditures should settle down to approximately \$2,000,000,000 a year, officials estimated.

This figure, however, will depend somewhat on amortization plans developed to pay off the great bond issues which mature after 1920.

During the next year, the government will be liquidating contractual obligations incident to the war. In addition, it must meet the expenses of

interest on loans and expanded government.

After that time government expenses will consist of the bond interest payments, a steadily increased expense resulting from war risk insurance payments and many governmental activities caused by the re-construction program.

SOCIETY

By CAROL S. DIBBLE.

The following plan pursued by the Red Cross chapter of Moscow, Idaho, cannot fail to be of suggestive interest to women workers. Quoting from a Moscow paper:

"Section B men will soon be outfitted with uniforms. Shoes and ponchos have already been issued to the men and the balance of the equipment will be issued later in the week. Red Cross sweaters were issued Friday and Saturday. These were knit by the women of Caldwell chapter of the Red Cross society and by the women of the Salem (Oregon) chapter."

The only drawback in the business of handling the Xmas cartons for the Salem men overseas, which is now in full swing at the Red Cross booth at the Portland Railway Light and Power offices, seems to be in the delay experienced by the relatives in receiving their labels from the soldiers in France entitling them to their respective cartons for the sending of Christmas gifts abroad. So far an exchange of cartons for labels has been made at the booth to the number of 117, which means at present there are that many cartons in the process of being packed throughout the city among the various friends and relatives of the Salem men, all of which boxes must be turned into headquarters by November 20. Thirty five cartons have already been packed and handed in to the committee in charge of the shipment of Xmas parcels.

The film will be shown one week and Monday evening has been set aside as a gala night, when a special program of music and patriotic features will be given in connection with the film. A number of society folk have taken boxes for the occasion.

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use The Old-Time Sage Tea And Sulphur And Nobody Will Know.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundred fold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre to your hair.

Everybody uses "Wyeth's Sage and Sulphur Compound" now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready to use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Before applying powder—give your skin a protecting coat of MARNELE Motor Cream

LEGAL PROCEEDINGS THROUGH TRIBUNAL

Deputies Urge Punishment Of Those Responsible For Cruelties Of War.

Paris, Nov. 15.—Three deputies today served notice they will move that the allied governments open legal proceedings against those responsible for the war, through establishment of a tribunal composed of representatives of all the countries which have suffered from the machinations of these men.

They declared in a memorandum that even if Holland should refuse extradition, "the fact that the kaiser, the crown prince and their advisers had been condemned by such a tribunal would place them in such a position that their only refuge would be death."

It is now expected that the peace conference will be held in Versailles early in 1919. Foreign Secretary Balfour and Foreign Minister Sonnino already have arrived here. Premier Lloyd George and Premier Orlando are expected soon. Colonel House is working overtime.
