

**LEADING EMPLOYER
OPPOSES AGITATION**

Says This Is No Time To Enter Controversy Fraught With Danger.

New York, Nov. 18.—The manufacturers "do not intend at this time to enter into any wage controversy" with organized labor, as this is a question that must be solved in the reconstruction period, President William H. Barr of the National Foundry association declared in a statement made public here.

President Barr issued the statement in reply to the announcement made by President Samuel Gompers of the American Federation of Labor, that labor will not permit wages and hours of work to go back to a pre-war basis.

"If any man or set of men assume to think the manufacturers intend at this time to enter into any wage controversy they are quite mistaken," said Barr. "On the contrary, the present time is one when all possible constructive energy should be utilized for cooperation and not for strife. Perhaps the country can maintain its industries and secure its share of world trade on an eight hour work basis. If so, well and good."

Barr also declared that the manufacturer is unquestionably more "deeply concerned in working out the great common industrial problems than those individuals and organizations whose principal efforts are confined to vituperation and reduction of output."

**SALTS IF BACKACHE
AND KIDNEYS HURT**

Drink Lots Of Water And Stop Eating Meat For a While If Your Bladder Troubles You.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy full of sediment, channels often get more, water seals and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.
