We also handle colonization tracts and wheat farms in Canada, Montana and other northwest states. Write us fully describing your properties. O. H. Skeithem Company, Fifth floor, Henry building, Portland, Or. 11-20

## SOCIALISTS RAMPANT IN CHICAGO AGAIN

### Berger And Other Leaders Abuse United States And Laud Bolshevism.

Chicago, Nov. 18.—Notes taken by government agents of addresses made at a "peace rally" here yesterday were to be presented to United States District Attorney Clynne today.

Victor Berger, William M. Lloyd, defeated socialist candidate for senator from Illinois, and others spoke before 10,000 socialists.

"All socialists are pro-bolshevik," declared Berger. "Stand by your colors—your flag—your ideas, and by your flag I mean the international flag."

When cheers and cries interrupted the speaker, he said: "I am in no way opposed to our flag," glancing at the Stars and Stripes.

"At the same time, the international flag is the bigger of the two."

Berger was introduced as a man who could qualify as a good socialist "because he can show his indictments."

"I can show four indictments," he said. Berger is under indictment charged with violations of the espionage act.

Irwin St. John Tucker "explained" the United War Work campaign by saying that contributions were sought to keep the soldiers in France from "imbibing socialism."

"The soldiers are in danger of becoming intelligent," he said.

## NORTH CAROLINA HAS SERIOUS RACE RIOTS

### Five Known To Be Killed And Many More Are Seriously Injured.

Winston Salem, N. C., Nov. 18.—Five known dead and a score or more injured five of them seriously, was the toll early today, following a night of rioting resulting from an attempted lynching. Troops rushed here shortly after midnight apparently have the situation well in hand.

Police believe others may have been killed. Firing continued up to an early hour today, efforts of the home guard and police to restore order being unavailing prior to the arrival of troops.

The mob formed Sunday afternoon and stormed the jail, seeking a negro charged with shooting J. E. Childress and Sheriff Flint and attacking Mrs. Childress. After difficulty, the police drove the mob out of the jail after the negro sought had been seriously wounded. Home guards were then ordered out. Later a report circulated that the negro shot was not the man wanted and by nightfall the mob reformed and marched on the jail.

Fire companies turned hose on the rioters. Firing followed.

The mob quickly overpowered the guard and again forced entrance to the jail. After an hour the mob left, apparently not finding the negro.

Rioters then scattered over the city, breaking up into small groups.

## KEEP COMPANY FROM COLLECTING RATES

### Conference Will Attempt To Enjoin Telephone People From Making Raise.

A conference between Attorney General Brown, Assistant Attorney General Bailey and members of the public service commission will be held tonight to determine the final form which the action to compel the Pacific Telephone & Telegraph company to refrain from increasing its rates is to take.

Proceedings will be instituted to enjoin the company from collecting the increased rates in violation of the Oregon laws, but there is a question as to whether Postmaster General Barleson should be named in the complaint as one of the defendants.

Members of the commission were called into conference today by the governor, who said he desired to be informed as to what steps were being taken to resist the attempt of the telephone company to increase its rates. He told the commissioners he thought they had the matter well in hand and apparently there was nothing he could do to help.

The commission has been advised that the increase in rates was authorized by Postmaster General Barleson.

Saturday night the commission sent a letter to the telephone company, and also a telegram to Postmaster General Barleson, stating that the commission no longer recognized the necessity for imposing \$5, \$10 and \$15 connection or service charges, when new telephones are installed or a patron moves from one address to another. These charges were put into effect September 1 by order of the postmaster general as a war measure to discourage the use of the telephone and thus save labor and materials.

The one hundred and forty-third. By the president:—Woodrow Wilson. Robert Lansing, Secretary of State.

Washington, Nov. 18.—Special and moving causes to be grateful and to rejoice were set forth by President Wilson yesterday in his annual Thanksgiving day proclamation.

Thursday, November 28, is proclaimed as this year's day of "Thanksgiving and prayer."

The president appeals for strengthening of friendship and mutual respect in building the new structure of peace and good will among the nations.

The proclamation reads: "It has long been our custom to turn in the autumn of the year in praise and thanksgiving to Almighty God for his many blessings and mercies to us as a nation. This year we have special and moving causes to be grateful and to rejoice. God has in His good pleasure given us peace. It has not come as a mere cessation of arms, a mere relief from the strain and tragedy of war. It has come as a great triumph of right.

**New Day, New Hope, Greater Duties**  
Complete victory has brought us, not peace alone, but the confident promise of a new day as well, in which justice shall replace force and jealous intrigue among the nations.

Our gallant armies have participated in a triumph which is not marred or stained by any purpose of selfish aggression. In righteous cause they have won immortal glory, and have nobly served their nation in serving mankind.

God has indeed been gracious. We have cause for such rejoicing as never and strengthen in us all the best traditions of our national history. A new day shines about us in which our hearts take new courage and look forward with new hope to new and greater duties.

**Must Seek Divine Guidance.**  
While we render thanks for these things, let us not forget to seek divine guidance in the performance of those duties and divine mercy and forgiveness for all errors of act or purpose, and pray that in all we do we shall strengthen the ties of friendship and mutual respect upon which we must assist to build the new structure of peace and good will among the nations.

Wherefore, I, Woodrow Wilson, president of the United States of America, do hereby designate Thursday, the twenty-eighth day of November next, as a day of thanksgiving and prayer, and invite the people throughout the land to cease upon that day from ordinary occupation and in their several homes and places of worship, to render thanks to God, the ruler of nations.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done in the District of Columbia, this sixteenth day of November, in the year of our Lord one thousand nine hundred and eighteen, and of the independence of the United States of Amer-

## SALEM FRUIT UNION TO SHIP TO ENGLAND

### Orders Are At Last Beginning To Come To Dealers To Send Shipments.

Due to the fact that the Salem Fruit Union has received shipping instructions from the British government to forward at once 1,250,000 pounds of pines, Robert J. Paulus, manager, is beginning to feel that the long night of delays and discontent is about to merge into a dawn wherein shipping orders will come right along and the Salem Fruit Union as well as the prune growers of this section realize on the 1918 crop.

Allotments is one thing and shipping instructions another. According to Mr. Paulus, it is a fine thing to receive an allotment, but a much finer one to get a wire with shipping instructions. The only little cloud to the bright prospects, is the fact that it will be two or three weeks before any money will be received for the 1,250,000 pounds now being shipped. But the shipping instructions for one and a quarter million pounds are really here.

There is just one little hitch, not so serious as those experienced for the past three months. Prunes are not being forwarded very fast due to the fact that every 25 pound and every 50 pound box going over seas must be wire-strapped and the Salem Fruit Union has only two strapping machines. Two weeks ago Mr. Paulus wired for ten machines and they are coming by express.

With the two wire strapping machines working, three days are required to ship a car load of 25 pound boxes, or one and one half days for a car of 50 pound boxes. As soon as the ten strapping machines are received, two cars will be shipped out daily.

This order now being filled for the British, is making room in the Salem Fruit Union warehouse for more prunes all of which Mr. Paulus thought would be good news for the growers.

This morning an additional allotment for 1,250,000 was received by the Fruit Union for shipment to the British government. But shipping instructions are the main thing and with 1,250,000 moving, the prune situation looks more encouraging for members of the Salem Fruit Union.

## INVESTIGATION IS MADE BY GOVERNOR

### Predicted That Murphy's Days As Warden Of Prison Are Numbered.

That Charles A. Murphy, warden of the state penitentiary, is slated for dismissal, is the opinion being expressed today in state house circles as a result of the statement made by Governor Withycombe that he is investigating into the reasons for the big increase in the cost of maintaining the prison of late.

Prior to the election it was freely rumored that Warden Murphy would be dismissed after the election because of the friction between the warden and Parole Officer Joe Keller. The parole officer spends a large part of his time in the governor's office and is conceded to have more influence with the chief executive than almost any other appointee. For that reason, when Keller accused Warden Murphy of being behind a frame-up to connect Keller with the prison parole-selling scandal, it was predicted that Murphy's days as warden of the penitentiary were numbered.

The governor stated that he was investigating the increased cost of the institution and if he found the warden was responsible he would get a new warden. Report has it that Frank Davey has a chance for the place.

## Soldiers At Vancouver To Get Apples Through Y. M.

Apples in box lots and in car lots are wanted by the Y. M. C. A. in charge of the work at Vancouver barracks and the public and especially growers are asked to give apples in order that the 20,000 men at Vancouver and the 1500 now in the hospitals may have an abundance of fruit, not only for Thanksgiving, but for the remainder of the year.

Mrs. Velva Dickinson Weller, Y. M. C. A. camp hostess and H. B. Dorris, now in the Y. M. C. A. war work, are now in the city on an apple campaign and they hope through their efforts

## GOVERNOR APPOINTS COMMITTEE TO WORK OUT DIFFICULTIES

### To Settle Controversy Between O.N.G. And Multnomah Guard.

Governor Withycombe today appointed Adjutant General Beebe, Colonel North and Colonel Drake, representing the Oregon national guard, and Sheriff Hurlburt, Colonel Bowman and Colonel Campbell, representing the Multnomah guard, to work out some arrangement which will settle the controversy between the two organizations over the use of the Multnomah county armory.

This action was taken at the end of a conference between the chief executive and representatives of the two organizations, which lasted two hours.

Sheriff Hurlburt told the governor that the people of Portland considered that Adjutant General Beebe's order directing the Multnomah guard to vacate the armory was premature, as the need for the Multnomah guard had not passed.

Governor Withycombe was very emphatic in his declarations that he desired immediate completion of the organization of the national guard for the protection of the state. He pointed out that such organizations as the Multnomah guard are not sufficient, in his opinion, because they are under the authority of the sheriffs, while he

wants a military organization which he can send to any part of the state at any time there is need to suppress violence on the part of strikers or other trouble.

Sheriff Hurlburt said he thought strike troubles should be handled by the sheriff's office and police force, if possible, before military authority should be called in, while Colonel Bowman declared that the worst thing which can happen to the national guard is to call them out on strike duty as it arouses the enmity of the unions.

But the governor insisted that there should be concentrated military authority and that troops should be available to respond to the orders of the chief executive. The governor said he wanted the national guard organization completed as soon as possible, and it must have the preference in the use of the armory. But if arrangements can be made for accommodating the Multnomah guard for a while longer that will be satisfactory.

**State Highway Work Will Employ Many Men**  
The state highway department will have positions for 2680 men next year, if a \$6,000,000 state highway building program is carried out, according to estimates prepared by Assistant Highway Engineer C. A. Dunn.

This number of men would be classified as follows: Superintendents 35, quarry foremen 28, crusher foremen 23, grade foremen 59, steam engineers 42, gas engineers 30, roller men 30, carpenters 98, cooks 35, quarrymen 280, bridge foremen 2, concrete finishers 4, structural steelmen 10, laborers and teamsters 160, resident engineers 50, transimen 50, level rod men 50, chainmen 100, inspectors 30, draftsmen 10.

As there is approximately \$8,000,000 of state money available for road construction next year, it is expected that this number of men will be employed. The government, which is making plans for the returning soldiers, requested information as to the number of skilled workmen the state could employ in connection with its road building.

Of the \$8,000,000, it is estimated that \$3,000,000 will be spent for paving, with 55 per cent going to labor; \$1,000,000 for macadam and maintenance, with 55 per cent going to labor; \$350,000 for grading, with 80 per cent going to labor; \$750,000 for bridges and culverts, with 25 per cent going to labor; \$600,000 for engineering, with 90 per cent going to labor.
