

"I had been troubled for a long time with chronic constipation and never found anything that gave me the natural relief that Dr. Caldwell's Syrup Pepsin has." (From a letter to Dr. Caldwell written by Mr. I. Rosenthal, 6 W. 28th St., New York, N. Y.)

Nearly every disease can be traced to constipation. Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin that quickly relieves constipation and restores normal activity. It is gentle in its action and does not gripe.

AMERICAN WOMAN HONORED BY FRANCE FOR HER SURGICAL WORK—Mrs. Mary Hatch Willard, president of the surgical dressing committee of New York, has been awarded the gold medal by the French government for fighting epidemics. She started for Paris six weeks ago and opinion was expressed that the medal was awarded her because she aroused the women of America to the necessity for surgical dressing.

POPE WOULD WIN

(Continued from page one)

This dream of a return to the Roman fold of the scattered flock in the Orient is by no means a new one. There is every reason to believe that it was cherished by Pop Leo XIII, who certainly made some progress in that direction. With the assistance of the French government, which then had the protection of Catholics in the Turkish dominions, Catholic universities and colleges were opened in the Orient, the Koptic church was reorganized, and other steps taken. The separation of church and state in France left Pope Leo without the support of France to continue this task. In fact the French government began opening lay schools of its own in the Orient. Simultaneous with Russia made it apparent that the

Czar had no intention of losing his spiritual authority over these Eastern churches.

Pope Pius IX, apparently regarded the project as impractical. But with the disappearance of the Czar and the spiritual head of these oriental churches, all is changed, and Pope Benedict is at work to heal the breaches that have existed. One of the first steps to this end has been the creation of a Congregation of the Oriental churches, the highest form of organization that exists under the Vatican, corresponding very much to a ministry in lay forms of government. This new congregation has been placed on the same high basis as the Consistorial Congregation, the highest ministry of the Catholic church. Cardinal Marin, secretary of this new congregation, is perhaps the Vatican's greatest authority on the Oriental churches. The assessor of the congregation is a bishop of the Greek rite from Athens.

Pope Benedict also has opened close to the Vatican a Pontifical Oriental Institute, which is organized very much on the basis of a university, and the libraries and courses of which are open free to clergy and laity alike.

This school is regarded as the first of a series of seminaries in which native priests of the various countries where schismatic religions exist, and who know the native language and native customs, will be trained to attend to the spiritual needs of these various populations, their work tending in the end to bring these schismatic peoples and religions gradually back to the bosom of the Mother Church.

So effective does this policy seem likely to become, that political thinkers are pointing out that the various allied nations that have interests in the eastern Mediterranean countries might do well to follow Pope Benedict's lead and establish schools for training of native professors, commercial and political representatives, instead of sending their representatives of a different race, speaking a different language and knowing little of local life and customs.

SOCIETY

By CAROL S. DIBBLE.

Activity among the members of the local chapter of the P. E. O. Sisterhood was resumed on its usual delightful scale, yesterday afternoon, when Mrs. G. A. Wood was hostess for the chapter at her residence on North Church street. The meeting assumed a more or less purely social nature, after the influenza interim of the past month, the members enjoying the opportunity afforded for an afternoon's informal reunion.

The rooms were attractively decorated with chrysanthemums of the rich yellow and bronze hues. Dainty refreshments were served toward the close of the gathering.

Mrs. W. W. Moore was elected recording secretary in place of Miss Laura Grant, who left Salem recently to make her home in Portland, where she has taken a position in the Walsh electric company.

The date of meeting was also changed from Monday to Thursday, hence the members of the P. E. O. will hereafter assemble on the first and third Thursdays of the month and during the afternoon, not alternately afternoon and evening as heretofore. The next hostess will be Mrs. G. W. Laffar.

Mrs. Tom B. Townsend will leave the latter part of this week for her former home at Weed, California. She will be accompanied by her mother, Mrs. L. C. Smith of Weed, who has been spending several weeks in Salem with her daughter. The numerous Salem friends of Mrs. Townsend are rejoicing in the fact that she will return to Salem the first of the year to make her permanent home here.

Mrs. Earl Flegel (Barbara Steiner) went to Portland yesterday to spend the week. She will be the guest of her husband's parents, Mr. and Mrs. O. F. Flegel.

Mrs. Harriet Griffith returned to Portland today to resume her studies at Miss Catlin's school, after a month's stay in Salem, while the Portland schools were closed during the influenza outbreak. Miss Griffith was accompanied by her parents, Mr. and Mrs. Irwin Griffith, who motored down for the day.

Miss Ada Kuntz, the daughter of Mr. and Mrs. P. J. Kuntz, who accompanied by her father, left Salem last Tuesday for San Francisco with the intention of sailing for Manila Saturday, was unable to leave as planned, owing to the fact that Friday the government took over the steamer Santa Cruz, on which Miss Kuntz was to have sailed, for the shipment of food supplies to France.

Miss Kuntz is now domiciled at the Hotel Stewart in San Francisco awaiting further instructions from the Insular Bureau at Washington. Having accepted a position as a teacher in the Philippine schools, Miss Kuntz is attached to the government service and her date of sailing will depend upon government orders. Mr. Kuntz returned to Salem this morning from San Francisco.

Mrs. Harry Marsden of Washington, D. C., is visiting in Salem for a few days as the guest of Mrs. Charles Elgin. Mrs. Marsden will be well remembered by Salem friends as Miss Maudie Lauchon, having spent the greater part of her girlhood in the city. Her husband is stationed in France as chaplain of his regiment. Mrs. Marsden will also be entertained during her Salem sojourn by Mrs. George M. Elgin and Mrs. H. W. Elgin.

Miss Alice Hollister is spending a few weeks in La Grande, Oregon, where she is the guest of her sister.

Miss Vivian Hargrove and Miss Winnie Hargrove gave Fall City visitors over the week end.

The seventieth birthday of Mrs. Mary Ashby Long was profitably observed Sunday evening when a few friends were bidden informally to the home of the honoree's daughter, Mrs. Claude D. Rauch on Fir street.

In true keeping with the spirit of birthday festivity, the pink and white birthday cake, encircled by seventy tiny gleaming candles formed the gaily feature of the occasion. It appeared on the table in the guise of a birthday offering to Mrs. Long from Mrs. W. M. Hamilton, one of the guests. Delicious chrysanthemums in the pastel pink and lavender shades decked the room. Later the starry candles which were used at Mrs. Rauch's wedding ceremony were brought out and lighted thus adding a deeper glow to the candle-lit charm of the scene.

Mrs. Anna Read of Portland, who has been the house guest of Mrs. O. P. Koff for several weeks, has returned home. Mrs. Read is a teacher in the Portland schools and has been enjoying her enforced vacation in the Capital city, while the influenza ban was in effect.

Salem friends of Mrs. Charles Dundore (Pauline Linn), the daughter of J. R. Linn of Salem, whose wedding was a Portland event of a few weeks ago, will regret to hear that she has been ill with pneumonia. Lieutenant and Mrs. Dundore were transferred the first of November to Brooks Field, San Antonio, and the bride developed pneumonia the following day. She is out of danger at present, according to the latest word received by relatives.

Dr. and Mrs. Jay Gunnell and baby, arrived in Salem Sunday from Spokane and are visiting a sister, Miss Kathryn L. Gunnell, and his mother at 274 North Summer street. Dr. Gunnell is a graduate of Denver university, and is a member of the Psi Omega fraternity. Mrs. Gunnell will visit relatives in Los Angeles, after which they will make their home in Denver.

Try Making Your Own Cough Remedy.

You can save about \$2. and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple, home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2 1/2 ounces of Pinex, pour it into a flat bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

FRENCH AND ENGLISH PAPERS DEMAND LIGHT

See Plot To Trick Allies In Action Of Wilhelm And Holland.

Paris, Nov. 19.—French newspapers insist that more light be thrown on the status of William Hohenzollern. L'Intransigent wants to know whether the "Dutch scandal" will keep up.

"It is certainly revolting to see the man responsible for everything comfortably adapting himself to a purely political 'abdication,'" says L'Intransigent. "It is also revolting to find Holland offering facilities to an ex-ruled who thus is admirably placed to conduct intrigue and propaganda for again seizing power."

The Temps insists that the affair needs clearing up. It points out that Prince Max von Baden did not state the Kaiser had abdicated, that he had "decided to abdicate."

The German press calls William's sojourn in Holland "idyllic."

Evidence of Plot
London, Nov. 19.—The Express said today: "There is evidence of a plot to trick the allies, create a new German federation stronger than the former empire, foment revolutions in Holland and Switzerland, which would be added to the federation and then foment revolutions in allied countries and possibly in Sweden. Eventually the Kaiser would return."

and supplies. Then these retired under a white flag.

The advancing Americans entered scores of inhabited towns all of which were beflagged with hastily constructed decorations and home made American flags.

Several communities erected triumphal arches, under which the American marched.

When the columns passed through Conflans and Briery, the streets were lined with school children, who sang the American and French national songs. The mayors formally greeted the officers.

The advance averaged about 15 kilometers, some of the units reaching their objectives at noon and going into camp.

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store. There are no harmful effects. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, that one week of inside bathing will have them both looking and feeling better in every way.

TRY THIS IF YOU HAVE DANDRUFF

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.
