

Ike always thought

—a man was foolish to buy plug of the Gravely class when he could get a big plug of ordinary tobacco for the same money. But one day Bill gave him a chew of Gravely—just two or three small squares. Then Ike got the pure, sat-

isfying Gravely taste. It lasted so long, you can't tell him nowadays that it costs him anything extra to chew Real Gravely.

It goes further—that's why you can get the good taste of this class of tobacco without extra cost

PEYTON BRAND Real Gravely Chewing Plug each piece packed in a pouch P. B. GRAVELY TOBACCO CO., DANVILLE, VA.

City News

In the casualty list today from Oregon, appears the name of Chester A. R. Simmons of Salem. Mrs. Louisa Simmons of rural route 3 is given as next of kin.

It is probable that a number of the Willamette university S. A. T. C. students who were sent to Waco, Texas, for special officers' training, will be home by Christmas. Mrs. Carl Gregg Doney is in receipt of a wire from her son Paul Doney, that he had been given his honorable discharge and that he would probably leave for home about Dec. 21. It is understood that relatives of others who went to Waco for the special training have received word that they would be home by Christmas. Fifteen of the Willamette S. A. T. C. boys left but a few weeks ago to take the special course in training for commissions.

L. J. Chapin who has been in charge of the four annual Marion county corn shows, announces that the fifth annual will be held during the second week of December. Monday and Tuesday of the week will be given to receiving exhibits and preparing them. It is thought that by Wednesday Dec. 11 all exhibits will be placed and the exhibit open to the public. Mr. Chapin says this has been an exceptionally fine year for corn and that the exhibits will be of a higher grade than any of the former shows. A few years ago it was a common saying that Oregon could raise anything in the world excepting corn.

There seems to be some misunderstanding as to the weight of Christmas packages that may be sent across the water. According to the rulings of the post office department as well as the war department, for American soldiers in the American army, the limit is three pounds and the final day for mailing, the last day of November. For Americans who happen to be enlisted in the English, French or Italian army, or for Red Cross workers in these armies, the limit is eleven pounds. But for Americans in Y. M. C. A. service, Red Cross or in actual army service with the American expeditionary forces, the limit is the regular three pounds.

From August, 1917, to October 1, 1918, Pacific coast shipyards furnished 408 vessels of 2,276,362 tonnage. Thirty-three Y. M. C. A. workers, 29 men and four women, gave up their lives in the war service abroad.

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

What It Is and How It Increases Weight, Strength and Nerve Force In Two Weeks' Time In Many Instances

SHOULD BE PRESCRIBED BY EVERY DOCTOR AND USED IN EVERY HOSPITAL. Says Editor of "Physician's Who's Who."

Take plain bitro-phosphate is the advice of physicians to thin, delicate, nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation. Moreover, if we judge from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness. Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly

and by supplying the body cells with the necessary phosphoric food elements bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing. Clinical test made in St. Catherine's hospital, N. Y. C., showed that two patients gained in weight 23 and 27 pounds, respectively, through the administration of this organic phosphate; both patients claim they have not felt so strong and well for the past twelve years. This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright and pale cheeks glow with the bloom of perfect health. Physicians and hospitals everywhere are now recognizing its merits by its use in ever increasing quantities. Frederick Kelle, M. D., editor of New York Physician's "Who's Who," says: "Bitro-phosphate should be prescribed by every doctor and used in every hos-

pital to increase strength and nerve force and to enrich the blood." Jos. D. Harrigan, former visiting specialist to North Eastern Dispensary, says, "Let those who are weak, thin, nervous, anemic, or rundown, take a natural, unadulterated substance such as bitro-phosphate and you will soon see some astonishing results in the increase of nerve energy, strength of body and mind and power of endurance." Bitro-phosphate is made entirely of the organic phosphate compound referred to in the National Standard Dispensary as being an excellent tonic and nerve and a preparation which has recently acquired considerable reputation in the treatment of neurasthenia. The standard of excellence, strength and purity of its substance is beyond question, for every Bitro-phosphate tablet is manufactured in strict accordance with the U. S. Pharmacopoeia requirements. Bitro-phosphate is therefore not a patent medicine and should not be confused with any of the secret nostrums, so-called tonics of widely advertised "cure-alls." CAUTION:—Although Bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, owing to its remarkable flesh growing properties it should not be used by anyone who does not desire to put on flesh.

Red Cross Directors Were Chosen This Afternoon

At the annual meeting of the members of Willamette chapter, American Red Cross held this afternoon at the Commercial club, the following were unanimously elected to serve as a board of directors for the coming year: Mrs. M. L. Meyers, Salem; Mrs. George H. Burnett, Salem; Dr. Staples, Turner; Mrs. Ringo, Stayton; Mrs. C. A. McLaughlin, Independence; Mrs. Sherman Swank, Aunsville; Dr. A. R. Starbuck, Dallas; Mrs. Daddler, Aurora; Mrs. P. A. Elliott, Salem; P. E. Callister, Silverton; B. E. Smith, Independent; F. T. Wrightman, Salem; Mrs. Austen, Monmouth; Mr. Foreman, Woodburn; D. H. Looney, Jefferson; Mrs. E. E. Fisher, Salem; W. H. Daney, Salem; T. K. Ford, Salem and Mrs. B. O. Schucking, Salem. The board will meet within a few days and elect the chairman for the coming year and the executive committee of seven. There was a general feeling that now more than ever should the work of the Red Cross be maintained at the present or even a higher standard. As to the Red Cross pledges, it was the opinion that pledges should be paid until peace has been actually signed.

Court House Notes

Turn about seems to be fair play and the custom in divorce cases. A few days ago Downer Halferty sued Axie Halferty for divorce in the circuit court, but when she asked for suit money, Mr. Halferty withdrew proceedings and dismissed the case. Now Mrs. Halferty has instituted suit in which she alleges they both formerly lived in Wisconsin and for years had corresponded. That he wanted to marry her and sent her money to come to Oregon and that they were married on May 3 of this year. She alleges in her petition that he

LOOK YOUNG OR LOSE YOUR JOB

Your employer regards your gray, streaked with gray or faded hair with suspicion. It is a sign of age, warning powers, inability to think and work quickly. It handicaps you. Sooner or later someone younger will get your job. Get rid of the gray in your hair. You can do it with the Q-ban Hair Color Restorer. Q-ban will bring back all the youthful dark color and gloss. More than that, Q-ban is an excellent scalp stimulant, eradicates dandruff and gives new life and vigor to the hair. Q-ban is guaranteed not a dye. It won't stain the scalp, wash or rub off, and does not prevent shampooing or waving. Easily applied. Begin the use of this delightful toilet requisite tonight. It will take years from your looks. The makers of Q-ban have been known for a generation as specialists in the treatment of the hair. Sold by all reliable druggists everywhere on Money-Back Guarantee. Price, 75c.

New Hampshire democrats demand a recount in the recent senatorial election. The navy department has issued an order discontinuing all Sunday work in shipyards. San Francisco's municipal railway bonds, amounting to \$222,000, were ordered paid Saturday. The tallest man in the United States army is R. E. Madison of Omaha, Neb., he is 7 feet 6 inches tall. Thousands of acres of farm lands in the Canadian Northwest are being set aside for returning soldiers.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets. A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cursed with a dark brown taste, a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two tablets nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

Motor Trucks Now Ply From Portland To Salem

The latest thing now in freight service is to receive it by motor truck and have it delivered at your door. A new motor truck service has been established between Portland and Salem and will be in charge of Clyde Nelson one of the incorporators of the Highways Rapid Transit company. The first truck of freight arrived in the city last evening and carried a capacity load. Headquarters will be established in Salem on Commercial street possibly at the office of the Mutual Creamery. For a time one truck will arrive in the evening and one leave in the morning for Portland. The problem at the beginning of the service is to secure freight from Salem to Portland but it is believed that as soon as it is fully known that the service is established on a regular schedule, that merchants here will appreciate the advantage of having a service that will not only call for but will deliver the freight.

Hindenburg Moved General Staff Headquarters

Washington, Nov. 20.—Field Marshal Von Hindenburg has moved general staff headquarters to Cassel, according to diplomatic advices here today. Demobilization of the army will be conducted from there.

STOMACH MISERY

Get Rid of That Sourness, Gas and Indigestion. When your stomach is out of order or run down, your food doesn't digest. It ferments in your stomach and forms gas which causes sourness, heartburn, foul breath, pain at pit of stomach and many other miserable symptoms. Mi-na stomach tablets will give joyful relief in five minutes; if taken regularly for two weeks they will turn your flabby, sour, tired out stomach into a sweet, energetic, perfect working one. You can't be very strong and vigorous if your food only half digests. Your appetite will go and nausea, dizziness, biliousness, nervousness, sick headache and constipation will follow. Mi-na stomach tablets are small and easy to swallow and are guaranteed to banish indigestion and any or all of the above symptoms or money back. For sale by Dan J. Fry and all leading druggists.

County Superintendent Completes Inspection

County Superintendent of Schools, accompanied by J. A. Churchill, former superintendent of schools, will complete their inspection of county high schools when they visit tomorrow the Hubbard and Woodburn schools. These visits are made annually to ascertain whether the high schools in the county are being maintained at the state high school standard. To be rated as a standard high school a school must have equipment and library up to the requirements of the states board of education. When this standard is maintained, the school district is entitled to draw state money for the tuition of non-resident pupils. This tuition of non-residents is always based on the number of days of the school year the pupil attends, figured on the average cost of education in the high school. Besides Salem and Silverton, standard high schools are maintained in the following district in Marion county: Jefferson, Turner, Woodburn, Hubbard, Stayton, Aurora, Scotts Mills and Adamsville.

Steers Are Slow In Portland Market

North Portland, Nov. 20.—The run of cattle today consisted of 200 head, mostly fair to medium and common stuff. Cow stuff is selling strong while steers are inclined to be a little slow with an indication of weakness. Receipts Monday totaled 1700 head. Quotations are: Prime steers \$12@12.50; good to choice steers \$11@12; medium to good steers \$10@11; fair to medium steers \$8.50@9.50; common to fair steers \$6@8; choice cows and heifers \$8@8.50; medium to good cows and heifers \$6.50@7.50; fair to medium cows and heifers \$5.50@6.50; canners \$3@4; bulls \$5@7; calves \$4@12; stockers and feeders \$6@8. The heavy run of hogs continues 700 head counted into the alleys over night. Monday receipts totaled 2500 head. The market is slow and very much unsettled at this time. We quote the market as follows: Prime mixed \$17@17.15; medium mixed \$16.75@17; rough heavies \$15@16; pigs \$14.15; Bulk \$17.10. With a nominal run of sheep and lambs today the market is steady with an undertone of strength. Quotations are: Prime lambs \$11.50@12.50; fair to medium lambs \$8.50@11.50; yearlings \$10@11; wethers \$9@10; ewes \$6@8.50.

STATE ENGINEER HAS RESIGNED POSITION

Mr. Lewis Has Held Position 14 Years.—Is Moving To Vale With Family. John H. Lewis, who has been state engineer for nearly 14 years, submitted his resignation to Governor Withycombe late yesterday afternoon and today the governor announced the appointment of Percy A. Cupper, assistant state engineer, to fill the vacancy. Mr. Lewis left today with his family for Vale, where he will have charge of the construction of the Warm Springs Irrigation project, in Malheur county. As Mr. Cupper was elected superintendent of water division No. 1 at the recent election, his appointment as state engineer will mean that the governor will request the legislature to abolish the office of water commissioner for this district and transfer the duties of the office to the state engineer. While the office of state engineer was created in 1905, Mr. Lewis was appointed to the position by Governor Chamberlain. He was later reappointed, and when the office was made elective he was twice elected by the people. The office has again been made appointive and Cupper's appointment will be for a four-year term. The state engineer serves as president of the state water board, secretary of the desert land board and chairman of the irrigation securities commission. Mr. Lewis announced that work will be commenced next week on the construction of an arched concrete dam 100 feet high at Riverside, 70 miles above Vale, as a part of the Warm Springs project. The proposed reservoir will irrigate 49,000 acres of land in the vicinity of Vale and Ontario. Over 100 miles of main canals will be built to distribute the water.

Tracey Staats, Dallas Mayor, Resigns Office

(Capital Journal Special Service.) Dallas, Or., Nov. 20.—At the regular meeting of the Dallas city council last evening, Tracey Staats, mayor of the city and who was re-elected at the election the 5th of the month, tendered his resignation to that body and the same was accepted. Mr. Staats' resignation leaves the place open to August P. Risser, the councilman at large and it is probable that he will assume the duties of Mayor at the first meeting of the council in December. Upon report from City Marshal O. P. Chase as to the conditions of several of the macadamized streets being badly in need of repair the city marshal was instructed to procure the necessary help in fixing up the places where the crushed rock had given out and the street committee instructed to make a survey of the streets and have them all repaired before the hard winter rains set in. The budget for the coming year is in the hands of the finance committee and will be presented to the city council at the next meeting. The usual number of bills were allowed.

Dallas Boy Arrives in France.

Jack Eakin, son of Mr. and Mrs. H. C. Eakin of this city has arrived safely in France, according to a message received recently by the young man's parents. He is a lieutenant in the sanitary corps, having taken a course along sanitary lines at the O. A. C. before his enlistment in the service. According to his enlistment papers Lt. Eakin agreed to remain in Europe at least three years after the close of the war and his parents are therefore not looking for him to return with the rest of the Dallas soldiers.

Rifle Club Range Completed.

The finishing touches were put on the target range of the LaCade Rifle club of this city Sunday and within the next week active target practice will be taken up by that organization. A meeting of the club will be held in the armory this evening and plans will be discussed for holding indoor practice during the coming winter months in addition to work on the big outdoor range. The range is located on the Howe property southwest of the city and according to reports from army men it is one of the safest ranges in the entire state.

PERUNA Made Me a Well Woman. No sufferer from catarrh of the stomach can read Mrs. Van Buren's letter without a feeling of thankfulness. I have spent a great deal of money with doctors for catarrh of the stomach and at times have been compelled to give up my housework for days. For years I did not know what a well day was and cannot help but feel that I would not be alive today had I not been induced to try Peruna. Six bottles of Peruna made me a well woman. Liquid or Tablet Form Sold Everywhere.

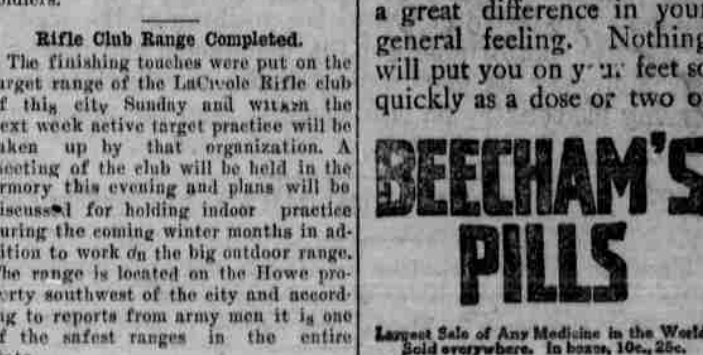

New Doctor Locates in Dallas. Dr. H. P. Goodwin of Long Beach, Cal., has opened an office in the Uglow building at the corner of Main and Mill streets, occupying the rooms formerly held by Dr. R. C. Virgil. Dr. Goodwin is an osteopath physician having graduated from the same osteopathic university as did Dr. D. D. Young, a former doctor of that profession who had a big practice in Dallas and surrounding country. Miss Alice Cobb a teacher of Sizer was an over-Sunday guest of relatives in Dallas. Maurice Dalton of Seattle is visiting at the home of his father, E. V. Dalton on Mill street. Maurice expects to return to Dallas in the near future to make it his home. Mrs. Paul Skoels has returned from a short visit with her sister, Mrs. Flora McCallon in Portland. Ira Mix cashier of the Independence National bank was a Dallas visitor on Sunday. Rev. W. S. Ploverman left yesterday for New York City and after a short course in training there will go over to France as a Y. M. C. A. worker. Miss Nola Cook, Miss Vera Burns, Miss Alice Grant and Miss Ruth Nunn teachers in the Portland schools left Sunday for the metropolis.
