The Street Department of the city is busy now-a-days hauling off leaves and in many places, saw dust and bark left on the street from wood piles. Attention is called to the fact that it is contrary to the law for any one to leave sawdust or bark in the street and this is as much against the city ordinance as breaking milk bottles and leaving them on the street. One of the main troubles the street department is now having is the clogging up of the catch basins with bark and sawdust.

Since the Pacific ocean has almost been closed to freight traffic on account of the scarcity of vessels, jute and other materials used in the manufacture of grain sacks have become pretty scarce, as the jute is shipped mostly from India. Hence the present price of good oat sacks is from 10 to 15 cents and wheat sacks about 20 cents. With the opening of the Pacific it is thought that prices may change materially within the next three months.

Frank J. Chapman, manager of the Salem Commercial club is in receipt of an invitation to attend the organization of the Oregon Chamber of Commerce Dec. 12, 13 and 14. There is a general feeling among Commercial club managers throughout the state that it would be well to organize a central body to be known as the Oregon Chamber of Commerce to handle the various business problems of the state that are sure to come up within the next few years. This is especially true of the advertising feature for the welfare of the state. Fred W. Stensloff, president of the club and F. J. Chapman manager, will both attend, in addition to other members interested in Commercial club work.

Notwithstanding the general feeling that within a few months labor will not be so scarce, men who can do common labor can earn \$4.00 a day in mill work at Timber, Oregon. Tie makers at the same figure are also wanted at Stayton. All of which indicates that just at present, there is a scarcity of labor.

**GRAY HAIR BECOMES
DARK AND BEAUTIFUL**

Look Years Younger! Try
Grandma's Recipe Of Sage
And Sulphur And Nobody
Will Know.

Almost everyone knows that Sage Tea and Sulphur, properly compounded brings back the natural color and lustre to the hair when faded, graying or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old time recipe improved by the addition of other ingredients for about 50 cents. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this thru your hair, taking one small strand at a time; by morning the gray hair disappears and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

D'Arcy, Rev. P. T. Porter and Rev. James Lisle. Patriotic songs were sung by the audience and a grandson of P. A. Thompson, acting commander, recited "The Landing of the Pilgrim Fathers." F. A. Mrs. F. A. Elliott, chairman of the surgical dressing classes of the Red Cross announces that the day classes will begin work on sewing refugee garments as soon as materials are received. The night classes, called to meet Friday evening at 7:15 o'clock will

work on the monthly allotment of 15,000 surgical sponges. An invitation has been given to all auxiliaries to do their sewing at the surgical dressing rooms in the postoffice building. As there are not quite enough machines, it is asked that several be loaned for the winter's work. With a few more machines, there will be accommodations for auxiliary workers during the winter.

At the Thursday evening meeting of the local Elks lodge, beside an initiation and the "Victory feed," it is understood that a lieutenant in the aviation corps will be in the city and will be prevailed on by the Elks to tell of his experiences in France.
