

WHAT ABOUT FATHER?

Obsessed with the big idea of protecting those at home, father often omits the essential protection of his most vital asset—strength.

SCOTT'S EMULSION

is as beneficial to the hard-working man of business as it is to the growing child. Scott's imparts the quality to the blood that enables the body to grip strength fast. Scott's helps solve the problem that faces every business-man—that of keeping up with the wear and tear on the body.

SHIPMENT BOARD TO GIVE REPORT OF PLANS

Harding, Ohio, Proposed Resolution Concerning Shipbuilding—Adopted.

Washington, Nov. 21.—The senate today adopted a resolution proposed by Senator Harding of Ohio calling for a complete report of all plans and activities of the shipping board and Emergency Fleet corporation.

"The resolution is inspired by the statement of the heads of the shipping board and fleet corporation, that there are now places for 200,000 workers in the shipyards," said Harding. "I think it is conceivable that these organizations contemplate continuation of shipbuilding on a war scale, especially as that would involve an annual additional outlay of \$600,000,000 for labor alone."

Senator King introduced a resolution inquiring into the expenditure of money appropriated for housing and another relative to purchasing for the

war department and connection between purchasing agents and firms selling to the government.

Senator Borah asked whether Harding's resolution will disclose why wooden ships constructed in some yards have sunk as soon as launched.

Harding intimated the hope the resolution will show the reason.

Senator Calder, another member of the commerce committee which had investigated the shipping program, declared the resolution will show that the whole shipping program has been a failure. "It will show," said Calder, "that contracts for 140 wooden ships ought to be canceled. It will show that the first two of these ships built sank when launched and before any cargo had been placed aboard."

Congress is to be asked for a preliminary survey for a bridge over the Golden Gate at San Francisco.

German Bread Ration Raised To Five Pounds

Amsterdam, Nov. 22.—The Berlin Tageblatt says next week will be the last meatless week and that the bread ration will be raised to five pounds a week.

The above dispatch indicates that the Germans will have to exercise unusual ingenuity to starve themselves to death.
