### Home Surgical Dressing Department Complimented

A letter direct from the N. S. naval dispensary at Bordeaux, France, has been received by Willamette chapter, American Red Cross, in which the American navy officer in charge writes some complimentary things about the work done by the surgical dressing department at Salem. The letter is as follows, and is dated Oct. 15, 1918: "You will no doubt be pleased to know that surgical dressings prepared by the Willamette chapter, A. R. C., of which you are a member, are being used in this institution. "We have had the pleasure of opening some of your cases, and the manner in which the dressings were prepared and packed was remarkable and worthy of comment. They speak for themselves and it is evident that every interest must have been taken in their preparation. "You are assured that they are being used for the purpose for which intended, and further, your efforts in your work have not been in vain. "The chapter in general will probably be glad to know their efforts are bearing fruits overseas. I thank you and the Willamette chapter for the portion that has fallen to us for use in our institution."
