Former Dallas Boy Killed In Battle

Dallas, Or., Nov. 23.—Cecil Getchell, a former Dallas boy was killed in the fighting in France on the second of October according to word received in this city this week. The dead hero was about 28 years of age and was a son of Mrs. Florence Getchell, the postmistress at Hebo, he was called in the draft early last spring and after several weeks of intensive training was sent from Camp Lewis to Camp Kearney, California, from which place he was sent across to France in June. The engagement in which the young man was killed was the first fighting in which he had participated and was the first day's fighting of a battle that ended disastrously for the Germans. The deceased is survived by his mother and one brother.

Memorial For Dallas Soldiers.
A meeting of Company L auxiliary and other interested persons of Dallas and vicinity will be held in the Red Cross room on Mill street Saturday afternoon for the purpose of discussing the proposition of erecting a suitable monument to the soldier boys of this city who have participated in the big world war. A large attendance is desired by the members of the Auxiliary at the meeting as they feel that some honor should be shown the boys who offered up their lives for their country. Several of the Polk county boys have been killed in battle and others have died from disease and it is possible that still other names will appear on the casualty lists before peace is declared and nothing would be more appropriate than a memorial shaft erected on the court house lawn bearing a testimonial of the high regard in which the boys were held by the

citizens of the county.

Marion School Is "Over The Top"

The apportionment for the Marion school in the United War Work campaign was ten dollars, but the Victory Girls and Victory Boys did not stop when their quota was raised, but went "over the top" four times as they gave forty dollars. Alice Winn was campaign manager for the girls, and James Bennett acted in that capacity for the boys. The money given was earned by the children giving it, and all was gladly handed in, as each and every pupil in the school is well posted on the war activities and are patriots.
Pupils of this school were the first in the county to organize a Junior Red Cross last year, and the first to take work to the headquarters. Both boys and girls worked intently with sewing, needles, and knitting needles, and sent many finished articles to the Red Cross headquarters. They also gathered one hundred and ninety-six garments for the Armenians.
In their vestibule they had a box labeled "Every Bit helps a bit," and gathered their share of pita. As part of their English work they have written bright, happy letters to lonely soldiers, and from the answers they have received it can be safely said they have helped to keep up the morale of our army.
