

Here's a Real War Saving

On washday, use **Fels-Naptha Soap** in the Fels-Naptha way.

Because it makes boiling water unnecessary, it saves the extra coal or gas you need for boiling water.

It is economical to buy Fels-Naptha when in fuel alone you save 15 to 25c on washday.

SOCIETY
By CAROL S. DIBBLE

Salem friends will be interested to hear that Miss Ada B. Kuntz, a well known Salem girl, sailed from San Francisco Saturday for the Philippines. She took passage on the steamer, Venezuela, which takes her first to Yokohama, arriving December 13. She will leave Yokohama for the Philippines December 19, reaching Manila December 28.

Miss Kuntz will be met at the Islands by her fiancé, Hadwin H. Williams. The marriage of Miss Kuntz and Mr. Williams will take place shortly after her arrival. Mr. Williams holds a position in the school service of the Islands, corresponding to that of state superintendent in the United States. His headquarters are in the city of Nago, where Miss Kuntz will also teach in the schools this winter.

Miss Kuntz is the daughter of Mr. and Mrs. J. P. Kuntz of 2360 South Commercial street. Mr. Williams is formerly from the east, having met Miss Kuntz at Brainerd, Minnesota, where she held a school position. Mr. Williams has been in the Philippines the past six years.

Miss Kuntz left Salem for San Francisco over a week ago, expecting to sail immediately but the ship in which she had secured passage was suddenly taken over by the government for other purposes and she was forced to wait until Saturday. She has been domiciled at the Hotel Stewart meanwhile. This fall Miss Kuntz taught in the high school at Vancouver, Washington.

Professor Della Crowder Miller of Willamette university entertained informally at dinner Friday evening at her residence, 666 Ferry street. The table, centered with a handsome deep bowl of yellow chrysanthemums, was circled by Dr. and Mrs. George H. Alden, the hostess and her son, Orville Crowder Miller.

Sunday Mrs. Miller was also a dinner hostess in honor of two S. A. T. C. students, Ralph Thomas and Frederick Scott. Professor Miller's son, who formerly taught in the public speaking department in Elon university, North Carolina, is taking work in Willamette this year.

Mr. and Mrs. George Cooper returned to Portland Saturday after a two week's visit in Salem as the guests of Mrs. Cooper's parents, Mr. and Mrs. J. W. A. Moyer, at their home on the Wallace road.

The members of the Tillicum club will hold their first dance of the season tomorrow evening at the Masonic Temple. Though a holiday atmosphere will prevail, the affair will be of a strictly informal nature. The club membership role comprises 64 names.

A Mother's Happiness Made Perfect

Of Utmost Importance That She Have Every Care.

The expectant mother's physical comfort should be her first thought, and all should see to it that her preparation for baby's coming be complete.

There is a most scientific remedy to prepare women for the greatest time in their lives, known as **Mother's Friend**. It is applied to the muscles of the abdomen, gently rubbed in, and at once penetrates to relieve strain on nervous cords and ligaments. It makes the muscles so pliant that they expand easily when baby arrives; the hours at the time are fewer, and pain and danger are naturally avoided.

Mother's Friend enables the mother to preserve her health and strength, and she remains a pretty mother by having avoided discomfort and suffering which would otherwise accompany such an occasion when nature is unaided. Every nerve, muscle and tendon is thoroughly relaxed. Discomfort during the period is counteracted, and the pain, after the crisis, is left smooth and natural.

Write to the Bradfield Regulator Company, Dept. B, Lamar Building, Atlanta, Ga. A Mother's Friend is sold in every town. Obtain a bottle of Mother's Friend from the drug store today without fail.

BERLIN WORKMEN

(Continued from page one)

on them.

Socialists Plan Army.

Socialists in Berlin are reported to be planning formation of an army. Every soldier is to wear the same kind of uniform, only the shoulder straps to designate difference in rank.

Spirit of bolshevism is greatly feared and the authorities are taking every precaution, manning troops and machine guns in buildings overlooking the principal streets.

Karl Liebknecht is urged by his supporters to take the same precautions. Chancellor Ebert declared in an interview with the Socialist groups are united in their desire for peace and that "only a handful of idiots" want to continue the war.

It was officially announced that the Socialists and workers and soldiers have united and that the workmen's and soldiers' council in Berlin will cooperate with the government, until a government representative, workmen and soldiers can be organized.

FIRST MOVE IN

(Continued from page one)

If the constituent assembly is indefinitely postponed the soviet system of government may become fixed through having nothing to replace it.

But whether Germany has a counter revolution or not; and whether the soviets or a central government exercise sovereign powers, there can be no safe trust in German ambitions. What ever the method of government now to be adopted, Germany's spirit must prove itself before it can be accepted in confidence by the world which the Germans have so savagely wronged.

School Has Three Pupils

And Everything Is Lovely

With only three scholars in the school all from the same family and the teacher drawing \$65.00 a month salary, Cedar Camp school in Marion county beyond Hull, away up Silver creek, stands in a class all by itself.

In the district was formerly a logging camp and to accommodate the large attendance a modern school house was erected and the school property put in first class shape. But with the closing down of the camp the attendance dropped off gradually until now there is but the one family in the district with the three children of school age.

Of the three pupils, one is in the first grade, and the other two in the second grade, but on account of the personal attention received by each, the pupils are making rapid advances in the studies not exactly contemplated in the regular grade work.

Miss Alice Larson is teacher and she boards with the parents of her three pupils, Mr. and Mrs. J. E. Thomas. But as a little extra exercise on Saturdays, Miss Larson walks six miles to Hull to get the mail.

To organize a new school district,

Patriotic Poem Written
By I. C. S. Representative

Benjamin R. Perkins, who has decided to make his home in Salem, will represent the International Correspondence School in this vicinity. He will move to the city with his family from Portland.

However, when not working with his regular business, Mr. Perkins cultivates the muse and occasionally breaks out into poetry. His latest effort in this line is a poem entitled "Our Home." It may be sung to the music of "Columbia Gem of the Ocean." The poem is as follows:

We will stand by the homes of our nation,
The homes that were built by the brave.
We will save Homes from their desolation,
And dig for the tyrant a grave.
We will sweep from the folds of "Old Glory,"
The clouds which are dark'ning its stars,
And we'll blot from the world-honored story
The words which its pages now mar.

Chorus:
We will stand by the red, white and blue,
Our star-spangled banner so true,
And we'll sweep from the folds of "Old Glory"
The clouds which now hang o'er its blue.

We are coming, the scions of heroes,
To prove that they died not in vain;
And we challenge the sin-hardened Negroes
Who play o'er the graves of the slain.

Away with the law, of protection
Which shelters their infamous trade;
We are coming to show by our action
The strength of the vows we have made.

When Itching Stops

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin.

Ask any druggist for a 35c or \$1 bottle of zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear.

A little zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions and makes the skin soft, smooth and healthy.

The E. W. Ross Co., Cleveland, O.

Chorus: (Same as above)
We're the homeward that never surrenders,
The legions of honor and truth;
We're Columbia's Loyal Defenders,
Who have pledged her our unspotted youth.

For God who marching before us,
For home, whose protectors we are;
And the glorious country, that bore us,
We've enlisted our life in this war.

Chorus:
We'll unfurl the red, white and blue,
Our star-spangled banner so true;
And we'll sweep from the folds of "Old Glory"
The clouds which now hang o'er its blue.

WAR DRIVE WORK.

The United War Work drive for the different districts with Gervais as the central point, did not all raise their quotas; the committees having the work in charge report that many seem to lack interest and are indifferent, whether it is because peace is in sight or from other reasons it is hard to say.

The amounts donated by the different districts, so far reported are as follows: District No. 59, St. Louis, \$24; Dist. No. 26, Fairfield, \$102.50; Dist. No. 13, Manning, \$123.50; Dist. 82, Parkersville, \$150.50; Dist. No. 76, Gervais \$275.35.—Star.

Watch Your Blood Supply,
Don't Let Impurities Creep In

Pure Blood Means Perfect Health.

The average druggist has handled hundreds of medicines in his day, some of which have long since been forgotten.

But there is one that has been sold by the druggists throughout this country, for more than fifty years, and that is S. S. S., the reliable blood medicine, that is purely vegetable.

Many druggists have seen wonderful results accomplished among their customers by this great old medicine, and they know that S. S. S. is one of the most reliable blood purifiers ever made. Keep your blood free of impurities by the use of this honest old medicine, and if you want medical advice, you can obtain same without cost by writing to Medical Director, Swift Specific Co., 28 Swift Laboratory, Atlanta, Ga.

Shields skin against wind and weather. Prevents tan and sunburn. Keeps skin soft and velvety. Eliminates cause of most complexion defects. Absolutely essential to proper care of facial beauty. Try it.

MRS. IRVINE SCOTT
125 N. High St.

touchdown—the only score of the game—California winning 6 to 0.

"Shy" Huntington may well feel proud of his eleven men who battled the Californians to a fare-the-well. Outweighed fifty eight pounds to the man and with the ground soggy as a result of torrential rains, Oregon's footballists gave the Bears everything they had stored in their systems that was possible, and in the fourth quarter had the ball on California's three-yard line; but the Bears' almost impregnable line presented a stone-wall defense and the Eugene warriors lost the ball on the fourth down.

Jacobberger Oregon Star.

Californians had the edge on the Oregonians in every quarter except the first. The Bears ran up a total of 250 yards, gained by rushing, to Oregon's 198. Sport, Watson and Hooper, California's trio of line plungers, worked overtime, and made first down 17 times during the battle to Oregon's nine, but Oregon was out there fighting every inch of the way, with Francis Jacobberger standing out as the bright star of the big game.

of government control. Comparative prices of foreign and domestic wools and the possible competition of English manufacturers of woollen fabric in the markets of the United States are causing much anxiety in manufacturing circles. They are said to be at the bottom of the disappointing way in which the civilian demand for government-owned wools has developed.

If importations of men's wear-fabrics are to be made with the freedom that now seems probable, of goods made from cheaper wool than is available in this country, the incentive for manufacturers to operate will be lacking.

NERVOUS ENERGY

life's momentum, depends upon a well-nourished body. When strength is depleted and the body lacking in essential nourishment, the nerves are the first to suffer.

SCOTT'S EMULSION

simon-pure in substance, rich in tonic qualities, nourishes the whole body and strengthens and steadies the nerves. Wherever the sun shines, Scott's is the recognized standard tonic-food, and conservator of strength.

Scott & Bowne, Bloomfield, N.J. 14-17

the proposed district and later to maintain the school there is supposed to be six who are of the school age between four and 20 years. But after a district is established it may continue indefinitely even if the attendance does fall off. Hence, the three classes of Mr. and Mrs. J. E. Thomas are assured of school facilities, even if they are the whole school.

Berkeley, Cal., Nov. 24.—Seven minutes after Francis Jacobberger kicked off for Oregon in Saturday's interstate gridiron battle, Halfback Sport of the Bears went over the goal line for a

Washington Beats O. A. C.

Seattle, Wash., Nov. 24.—Plunging through left tackle for the only touchdown of the game, Ray Eckman, diminutive quarterback of the University of Washington eleven, won the opening game of the 1918 gridiron season yesterday from the rugged O. A. C. huskies, 6 to 0. Surprising the purple and gold's most ardent admirers, the victory was unexpected.

Wool Market Badly Disorganized Now

Boston, Mass., Nov. 25.—The signing of the armistice came so suddenly that few interests in the men's wear trade had an opportunity to prepare for it, even in a small way, and as a result reconstruction will probably be slow.

Lots of wool still is being valued by the different units as fast as they can be graded and made ready by the various houses.

All the problems of the wool situation are not bound up in the question
