

General Arthur Smokers - It can't be made too plain!

M. A. Gunst Branch

Gentlemen:

In withdrawing General Arthur from the Pacific Coast territory, we really make it possible to serve the friends of this cigar more efficiently than ever before.

The following facts show why that is the case:

- (1) The Rob't Burns Cigar, on which we now concentrate, is actually the same cigar as General Arthur. (2) By putting all of our effort on the one brand instead of the two, we will be able to keep you better supplied with constant stocks of Rob't Burns than we could when efforts were divided between the two brands. (3) Rob't Burns is a nationally sold cigar. It will be sold in every state, from coast to coast. It has the widest distribution of any cigar of its class sold in the United States.

In other words, it cannot be made too plain that this change of policy will be of distinct benefit to the smoker.

Cordially yours,

GENERAL CIGAR CO., INC.

APPLE BUSINESS IS GOOD SAYS PAULUS

Late Shippers May Not Get Top Prices On Account Of Anthracnose.

The apple grower, member of the Sa-

lem Fruit union, who was somewhat laggard in delivering his apples this fall may find that his delays have caused him considerable loss. Although growers were asked to hurry in their apples, several did not respond to the invitation, and have been shipping the past week or so.

Today Robert Paulus, manager of the union, received a wire from the San Francisco agent stating that on account of black spots or specks on the apples the last car load was not bringing the price of those sold a short time ago. To be candid about it, late shipped

apples all showed signs of anthracnose and apples, with this disease, first indicated by the black spots will not bring top prices on the market, for the simple reason that when attacked by anthracnose they soon develop rotten spots that eventually take the whole apple.

This season, in order to do justice to all shippers, Mr. Paulus is selling each car load on its merits as it is not his policy to make those who complied with orders and brought their fruit in early to share any of the losses of those who held back and brought their apples

TRY THIS FOR LIVER AND BOWELS

Brew it at home yourself, save money and feel better right away

If you want a splendid, economical remedy for constipation, sick headache, dizziness and torpid liver, get a small package of Dr. Carter's K. and B. Tea today and drink a cup of your own brewing whenever you need it. This old reliable vegetable remedy has stood the test of time and is now more popular than ever.

Keep a package in the house all the time and brew a cupful when you feel out of sorts, feverish or bilious. It always helps promptly—and being mild and gentle, is just as good for children as for grownups.

in only after they had developed anthracnose.

Speaking of the apple business, Mr. Paulus said that while in the past there has been considerable trouble in marketing, these troubles are now about over, as the 13 carloads sold this fall were marketed f. o. b. Salem, something not done before. The apple business is now established on a regular market, he says, and hereafter there will be no difficulty in disposing of the crop.

It is felt, both by Mr. Paulus and S. H. Van Trump, county fruit inspector, that farmers are not giving enough attention to spraying, especially in the older orchards that all have anthracnose. A Bordeaux mixture 6-6-50 is recommended for spraying and once a year it is thought will keep the average orchard in condition.

It has been suggested from time to time that the spraying be done before the apples are picked by which the anthracnose spores are killed. But many do not do this on account of the additional labor of cleaning the apples.

Next year growers will be urged to not only spray, but to bring in their fruit between Sept. 25 and Nov. 1, as it is at that time that the apple market is the highest and in general the best time for shipping. With the early

ALSATIANS DELIGHTED BY FRENCH OCCUPATION

People Are French At Heart Notwithstanding German Control For 50 Years.

By Frank J. Taylor Strasbourg, Nov. 25.—(Night.)—French infantry divisions are taking over Alsatian towns controlled by German soldiers. The army handling the situation in a most creditable manner, restoring order, providing food for the people and caring for refugees.

The Alsatians are delighted with the French ideas of constructive operation. Dances, concerts, fetes and the intermingling of soldiers and civilians are accomplishing more in the way of maintaining order than the German "verboten" signs ever did.

The formal entry of French military officials into Strasbourg today, following the actual occupation of French troops yesterday, was enthusiastically hailed by the population.

Marshal Petain was accompanied by General Santolnan and General Bouraud. The poilus, African colonials, Chasseurs and Annamites paraded between two long lines of brightly costumed Alsatian girls, who were drawn up in the famous Ninth Century cathedral.

shipping there is also the opportunity of disposing of the apples before any of the black spots develop, should there be any anthracnose.

The Salem Fruit union has already shipped 13 cars f. o. b. Salem and three cars are now en route to San Francisco. There is just the possibility that anthracnose may develop in this last three cars and the growers not receive as high a price as those who shipped earlier in the season.

French and allied colors. All joined in the celebrations. French veterans of 1870 who swung in behind the troops and marched along with tottering steps were given a wonderful ovation.

A week spent with the victorious French army of occupation in Alsace-Lorraine has provided me with convincing evidence that the people, almost unanimously, are French at heart. This despite the fact that for nearly fifty years they have been under German control and for the last four years have been forbidden to use a single French word. The few remaining Germans are rapidly leaving Alsace. They are entirely out of Lorraine.

The Best Cough Syrup Is Home-made

Here's an easy way to save \$2. and get the best cough remedy you ever used.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? When you do, you will understand why thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home. Into a pint bottle, pour 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy, ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy cures a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Specially good for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments. Avoid disappointment by asking your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. output of American tonnage, plus other ships available, will meet American needs as soon as the British reductions come.

STILL ANOTHER PROTEST

London, Nov. 26.—Another German protest against armistice terms has been sent broadcast by the Nauen wireless. General Von Winterfeldt issued this latest complaint. He objects to the German army being rendered powerless, saying:

"It can only be assumed that it is the intention of the high command of the allies is to completely dissolve and destroy an army which during 50 months has gloriously made a stand against superior numbers, and whose front at the cessation of hostilities had not been broken through."
