COMMISSION MAKES REPORT CONCERNING ITS INVESTIGATION

Discloses Fact That Competent Operators Are Available But Not Employed.

That the service being given by the Pacific Telephone & Telegraph company is "very poor" and "inadequate" and "deplorable" is the finding of the public service commission in an order issued today directing the company to improve its service by employing competent and experienced switchboard operators and taking such other steps as may be necessary to improve its service.

The commission finds that the company's operators are inadequately paid and should be given a wage increase, but that is not considered to be the only cause for poor service. "From testimony produced at the hearing, which testimony stands unchallenged," says the commission's order, "it appears that numbers of competent and experienced switchboard operators, formerly in the employ of this company, fully trained in the operation of the particular equipment used by it, and who happen to be members of Telephone Operators Union have recently applied for positions, and have been advised that they would be called in case they were needed.

Have not Been Called.

"The trained operators have not been called nor employed even during the past months of public clamor for better service, although the company was continuously and extensively advertising for operators, requesting the public to limit its use of the service to essential conversation, using many inexperienced girls on responsible positions on the boards, and at the same time contributing further to the de-

moralization of service by allowing positions to remain vacant. "Our investigation does not disclose the reasons for this apparent failure to secure the services of these competent assistants; justification, if there be any, is known only to the operating officials of the company who have not seen fit to offer any explanation. There appears to be no assurance that the services so offered by these skilled operators would be utilized any more readily after an increase in revenue of an advance in the wage scale, than under the conditions heretofore prevailing."

The commission gives the company five days in which to notify it of its acceptance of the order and the fact that it will comply with its provisions.

Wounded Dallas Soldier May Be Home Soon

(Capital Journal Special Service.) Dallas, Or., Nov. 27.—Since the announcement by the war department that the first soldiers to be returned to this country would be the sick and wounded who were able to travel hopes are entertained that several of the Dallas boys who have been injured in battle would arrive here in time for the holiday festivities. Among the local boys who were wounded and who were last known to be in hospitals in France are Linn Woods, Paul Prans, Irving Baldaree and Robert Muscott. The last words received from these boys were to the effect that while they were still confined to the hospital they were well on the road to recovery and were able to be about.

Dallas Pastor Leaves for France.

Rev. W. S. Plowman of this city, who for the past few years has been minister at the United Evangelical church, left Monday for New York city where he will take special training in Y. M. C. A. work for several weeks after which he will be sent to France. Rev. Plowman is the fourth minister from Dallas to enter war service work since the war began and is the sixth Dallas citizen to enter that service. A farewell was given the pastor by the Dallas people before his leaving for the

One of the Blessings of Peace!

THE WORLD IS AGAIN AT PEACE--

While the United States as well as every nation in Europe faces peace problems as serious as were the problems of war, we of this country are particularly fortunate in that any food crisis which may have threatened us is—like the war—a thing of the past.

True we must husband our food resources, for we still have a great humanitarian service to render all of Europe—We must help to supply her peoples with food.

One of the blessings which has come to us with the declaration of Peace is the permission granted our people by the U. S. Food Administration to return to an all-wheat flour basis in their baking and cooking--

It is no longer necessary to use wheat substitutes. Some will doubtless continue to do so because they learned to like them; the great majority of American people however greet the return of all-wheat bread, cake and pastry to the daily table with as much joy as they would the return of a friend long absent--

No other food can take the place in the American home of bread made from flour, produced by the scientific grinding of choicest wheat berries. When the Fisher Flouring Mills Company began the manufacture in "America's Finest Flouring Mills" six years ago of Fisher's Blend Flour it

announced Fisher's Blend a product superior to other flours. Housewives so found it, hence its extreme popularity on the Pacific Coast. This superiority has always been maintained, even during the trying war period.

It has always been made of choicest Eastern Hard Wheat and choicest Washington and Oregon Bluestem. In pre-war times housewives found that it was real economy to pay more for Fisher's Blend Flour than for flours made of Washington and Oregon wheats. It is greater economy today than ever before to buy Fisher's Blend because the government having advanced the price of Washington and Oregon wheats, manufacturers of Washington and Oregon Wheat flours increased their prices until there is little if any difference between the price of Washington and Oregon wheat flours and Fisher's Blend.

Mr. Hoover Says We Must Continue To Economize Using Fisher's Blend Flour Is Real Economy

President Jordan Says Wilson Great Leader

Palo Alto, Cal., Nov. 27.—"Nothing which President Wilson has said could have been said better. No man in authority in the world today has had such clear vision of the existing situation." In those words David Starr Jordan, president emeritus of Leland Stanford University, was on record today squarely behind the president in his war record and peace program. Addressing the students of Stanford, Jordan spoke on "How Nationalism will fit into the Future."

IF WOMEN ONLY KNEW

What a Heap of Happiness It Would Bring to Salem Homes

Hard to do housework with an aching back. Brings you hours of misery at leisure or at work. If women only knew the cause—that Backache pains often come from weak kidneys, Doan's Kidney Pills are for weak kidneys.

Stomach Dead Man Still Lives

People who suffer from sour stomach, fermentation of food, distress after eating and indigestion, and seek relief in large chunks of artificial digestors, are killing their stomachs by inaction just as surely as the victim of morphine is deadening and injuring beyond repair every nerve in his body.

What the stomach of every sufferer from indigestion needs is a good prescription that will build up his stomach, put strength, energy and elasticity into it, and make it sturdy enough to digest a hearty meal without artificial aid.

The best prescription for indigestion ever written is sold by druggists every where and by Dan J. Fey and is rigidly guaranteed to build up the stomach and cure indigestion or money back.

This prescription is named Mi-o-na, and is sold in small tablet form in large boxes, for only a few cents. Remember the name, Mi-o-na stomach tablets. They never fail.

"The Sign Invisible" At Liberty Theatre

Manager Bligh of the Liberty theatre promises his patrons a feature of unusual excellence when "The Sign Invisible" opens at his house tomorrow. He says it is a picture with a punch and a moral but that the latter doesn't strike one until the play is over, so dominant is the power of the plot. The story tells what happened to an embittered young surgeon who visits a far Canadian trading post to forget his troubles and perhaps avoid a drunkard's grave. His former religious faith has been shattered by the Almighty's failure to spare the lives of several of his surgical patients and especially by the death of his mother.

By the time he reaches the trading station presided over by Lou Baribeau he is ready for any sort of devilment. There he is first sheltered by the clergyman's daughter, but later cast out of her father's home because of his athletic utterances. Finding himself

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat Less Meat If You Feel Backache Or Have Bladder Trouble—Take Glass Of Salts.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys, or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of stinging, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

EXTRA FARE ABOLISHED.

Washington, Nov. 27.—The extra half cent a mile charged for passage in sleeping cars today was abolished by the railroad administration. The order is effective December 1.

This restores the flat three cent rate for standard and tourist coach travel. This reduction will cut off \$57,000,000 annually from railroad revenues.

The estate of John C. Miller has been closed and the administrator discharged and relieved of further duty. The only heirs are the father and mother.
