A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color. These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 50c per box. All druggists.

CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

If Cross, Feverish, Constipated, Give "California Syrup Of Figs."

Look back at your childhood days. Remember the "dose" invariably insisted on—castor oil, calomel, cathartics. How you hated them; how you fought against taking them. With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well founded. Their tender little "insides" are injured by them. If your child's stomach liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach; and that a teaspoonful given today saves a sick child tomorrow. Ask your pharmacist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages, and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

Woman Badly Injured By Railroad Train

(Capital Journal Special Service.) Stayton, Or., Nov. 27.—Mrs. Sylvia Pritchard, who lives about half a mile south of the Weasel Flat school house, on the Lyons-Jordan road, was struck by a Corvallis & Eastern train Monday morning not far from her home. It is said that the engineer noticed her standing by a water barrel at the end of a trestle and that just before the train reached her she started to run down the center of the track ahead of the engine. It was impossible to stop the train and she was hit. She was taken on the train and brought to Kingston and Dr. Beauchamp of this place was called. He gave her first aid and she was taken to Albany and placed in a hospital. Her right leg was cut off just above the ankle, her skull crushed about her forehead, her face cut and she was otherwise bruised. While her condition is precarious, at last report it was thought she would recover. She was without shoes and stockings and only partly dressed. It is said that she recently lost a sister, and has two boys in the army. Stayton is still without electric light. Manager Taylor went to Seattle last week and secured a dynamo ordered it shipped to Salem by express. Loading the machine it was broken, and could not be repaired in time to get here any time soon. He left for Spokane, where he expected to get another

The Quick Way to Stop a Cough

This home-made syrup does the work in a hurry. Easily prepared, and saves about \$1.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Four 2 1/2 ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup. And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, whooping cough and bronchial asthma. Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes. To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.
