The Thanksgiving weather of just one year ago was about 29 degrees warmer than today as the maximum was 49, and three years ago also about the same with a maximum of 47. Yesterday the official maximum temperature was 44 and last night the mercury for the second time this week went two degrees below the freezing point. The river today is 1.6 above the low water mark and falling.

At the meeting of the Six O'Clock club of the First Methodist church Tuesday evening of this week, Dr. R. N. Avison announced that the club would meet every two weeks during the winter. For that of Dec. 10 the address of the evening will be delivered by E. E. Bergman, who is in charge of the trades metal work of the Salem high school. His talk will be on "Vocational education as outlined by the federal board."

The annual Elks memorial services to be held Sunday afternoon at 2:30 o'clock in the opera house promises to be more impressive than of former years from the fact that during the past year nine members of the lodge have passed away. The address of the day will be delivered by Arthur C. Spencer, a prominent attorney of Portland. Two well known soloists of Portland are also on the program for two solos each, Mrs. Lala Dahl Miller and Paul Petri. Charles V. Galloway will pronounce the eulogy.

The annual election on the school budget for the coming year will be held next Saturday. The voting booth is located at 379 State street and the polls will be open from 2 until 7 o'clock p. m. Only those may vote who are tax payers, or who have property that is subject to be taxed at the coming assessment. Due to the increase in the salary of teachers, the purchase of the Holman property and a loss in the annual census of school children, there is a slight increase in the budget over that of one year ago.

Letters from two soldiers have been received at the postoffice and so far, those to whom they are addressed cannot be located. As an aid in helping with the possibility that some one may know the proper addresses, they are given. One is for Mrs. Pauline Long, 254 North Front street, Salem. The family has moved away and left no forwarding address. The soldier who writes the letter is in the 29th engineers corps. The other letter is addressed to Mrs. H. D. Forest, Salem, Oregon. In the address of the "mike" man, there is no such name, and the letter has not been called for at the general delivery.

The auto hearse of both the Bigdon company and Webb & Clough met with rather peculiar accidents last evening. In going out into the country for a body last evening, the hearse of Webb & Clough ran off the bridge on south 25th street and was overturned. The driver A. M. Clough and assistant were unhurt. They came down town and secured the auto hearse of the Bigdon company. In going out of town the driver of this hearse got on the wrong road and was stuck in the mud for several hours, arriving in the city about 5 o'clock this morning. The hearse of Webb & Clough, although overturned sustained but little damage and it was driven in this morning on its own power.

EVERYONE SHOULD BE THANKFUL SAYS REV. W. C. KANTNER

Mailed Fint Of Kaiser Not Fitted To Strike Down Hand Of God.

At the union thanksgiving service held this morning at the First Methodist church, the Rev. W. C. Kantner pastor of the First Congregational church delivered the sermon. He spoke from the Psalms "Thou Crownest the Year With Thy Goodness."

Dr. Kantner thought that the dawn of peace in the war in which this country was engaged was the great cause for thanksgiving, remembering that one year ago the country was just engaging in the greatest of all wars.

That the principals of peace should forever supplant that of brute force was another cause of great thanksgiving. As for other reasons the Americans should be thankful they have dwelt in peace free from ruin and destruction.

That in the goodness of God, the country had been blessed with abundant crops and that, when other nations were starving, this country was able to ship them food. It is a greater thing to feed nations than to destroy them, Dr. Kantner declared.

He thought that the country should be thankful for its great financial prosperity, thus making it possible to maintain its position.
