For most children a mild laxative, administered occasionally, is all that is necessary to assure normal regularity and consequent good health. Dr. Caldwell's Syrup Pepsin is a pleasant-tasting combination of simple laxative herbs with pepsin that acts gently, yet effectively; children like it and take it readily.

MOONEY NOW

(Continued from page one)

Secretary Wilson on Wednesday night telegraphed Stephens stating that he had instructed Denmore to place himself at the governor's disposal. Denmore, who is in Seattle, would not have had time to reach Sacramento before the governor acted.

The unofficial and partial text of Denmore's report, published "prematurely," as Secretary Wilson explained, was in the governor's hands. It consisted of an impassioned plea by Denmore for a new trial for Mooney and a declaration, supported by detailed dictaphone evidence, that District Attorney Fickert of San Francisco, who prosecuted Mooney, had "framed" the Mooney case and many others. Denmore asserted Fickert acted for "sinister interests" opposed to labor. He declared Fickert was a figurehead backed up by better legal talent, and

the report singled out one of the alleged advisers of Fickert as a judge who, according to the dictaphone evidence, accepted a bribe of 410,000 for his vote in another case while on the state supreme bench.

All Choked Up With Catarrh? Why Continue Makeshift Treatment?

Sprays and douches will never cure you.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing painful and difficult breathing and other discomforts. But the real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface.

To be rid of Catarrh, you must drive the disease germs out of your blood. Splendid results have been reported from the use of S. S. S., which completely routs from your blood the Catarrh germs, for which it is a perfect antidote.

S. S. S. is sold by all druggists. If you wish medical advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. B, Atlanta, Ga.

Happy Mothers Prepare in Advance

A Wonderful Influence For Expectant Mothers.

Mothers for over half a century have used with the utmost regularity the time-honored preparation, Mother's Friend, before the arrival of baby. Here is a truly wonderful strengthening application for the abdomen and breasts. It softens and makes elastic the muscles, rendering them pliant to readily yield to nature's demand for expansion. By its use the various months of pregnancy are made comfortable. The usual wrenching strains, bearing-down and stretching pains are counteracted. The system is prepared for the coming event, and the use of Mother's Friend brings restful nights and happy anticipation for the new arrival.

By its regular application the muscles expand easily when baby arrives; the time is less at the crisis and naturally the pain and danger is less.

Mother's Friend is on sale at every drug store. It is for external use only, is absolutely safe and wonderfully effective. Write the Bradfield Regulator Company, Dept. C, Lamar Building, Atlanta, Georgia, for their interesting Motherhood Book, free to users of Mother's Friend, and obtain a bottle of Mother's Friend from the drug store and begin this grateful treatment.

Tardieu Proposed Toast To President At Luncheon

Paris, Nov. 28.—Andre Tardieu, commissioner of Franco-American affairs, in proposing a toast to President Wilson during the Thanksgiving luncheon at the American club today said:

"Only those who have been most closely associated with him, as I have been, know how much he contributed toward the victory through his delicacy of feeling, his adjustment at times of divergent views held by the allies, his sense of justice and his serenity. A great reception is awaiting him here."

SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush The Kidneys At Once When Back Hurts Or Bladder Bothers—Meat Forms Uric Acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nausea, all rheumatism, headache, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

land. By A. G. Gardiner (editor of the Daily News):

Freedom of the seas is universal and unqualified in peace times. In case of dispute between nations, if one nation rejects arbitration and the decision of the league of nations, and declares war, it will be denied use of the seas while its opponent will have such use of safeguard.

By Colonel J. C. Wedgwood, M. P.: Freedom of the seas means abolition of the right of capture or destruction of private property at sea in war time, and no discriminations in peace time. Submarines alter the old situation out always as a liberal, I support President Wilson.

By Ralph D. Blumfield (editor Daily Express):

Until you abolish war, there can be no such thing as freedom of the seas.

By John St. Lee Strachey (editor of the Spectator):

Freedom of the seas means a sea freed, by vigilant policing, from thieves and murderers just as freedom of transport means a road free from similar pests. An example is the action by the United States in the civil war, and by Great Britain plus America now. The German version of freedom of the seas means sinking without trace.

By General F. B. Maurice (former British director of operations):

The difficulty in freedom of the seas lies in its application to war. There is no restriction of navigation in peace. It has been suggested that it will be impossible to legislate satisfactorily for war, in which the unexpected is the rule. The methods of warfare change rapidly with mechanical developments. Therefore, no government is willing to bind its country indefinitely.
