

"When a Child Droops"

Hurry, mother! Relieve the little stomach, liver and bowels of souring food, bile and poisons. Look at the tongue! Children love to take harmless "Cascarets" because Cascarets taste like candy—only 10 cents too!

Children droop and wither like tender flowers if you permit bile, sour fermentations and constipation poison to be absorbed into the system. When a child's tongue is white, breath feverish, stomach sour, you can always depend upon good, safe "Cascarets" to gently but thoroughly clean the clogged-up places. Children love to take Cascarets, the candy cathartic which never gripes, never injures, never disappoints. Each 10 cent box contains directions and dose for children aged one year old and upward.

LOWERS and messages of felicitation are finding their way to Mr. and Mrs. Gordon McGilchrist upon the arrival of a son born last evening at the McGilchrist home, 2245 State street. Mr. and Mrs. McGilchrist are welcoming the new arrival as their first child. The baby claims as grandparents on his father's side, Mr. and Mrs. William McGilchrist, Sr.

Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup at home. It is simple and cheap to make, but is really has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2 1/2 ounces of Pinex from any drugist, pour it into a pint bottle, and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, whooping cough or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes.

Avoid disappointment by asking your drugist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

The Elk temple tonight. This will be the first social affair given by the Elks this winter and is being anticipated with the customary pleasure attendant upon any function sponsored by the Elks.

The nuptials of Miss Althea Lee, a former Willamette university girl, and John Ivan Kimberth were solemnized Friday noon in Portland at the Centenary church. Rev. John D. Rollins officiated and the wedding music was played by Roscoe Lee, brother of the bride, of Richmond, Or. Mrs. Charles McAllister sang "At Dawning."

A military atmosphere was given the affair by the group of soldiers of the spruce production division, from Vancouver barracks, who were the ushers, all of whom wore the o. d. uniform, as well as the bridegroom, who also is in the service. The bride was prettily attired in a gown of white georgette crepe, embellished with pearl trimmings. Her tulle veil was wreathed with orange blossoms and she carried a shower bouquet of bride roses and orchids.

The bride is a popular young woman, a daughter of J. D. Lee of Portland, and for some time she has been active in the Y. W. C. A. secretarial work.

Mr. Kimberth is in the spruce division, and prior to entering the service he was an instructor in manual training in high schools of Ohio. Mr. and Mrs. Kimberth left for a trip to Victoria, B. C., and upon their return they will make their home in Portland, until the bridegroom is released from the army.

The St. Paul's Guild will hold its regular meeting Wednesday afternoon at two thirty at the home of Mrs. G. A. Wood, 745 North Church street. This is the first meeting of the Guild since the lifting of the influenza ban and a large attendance is expected.

see of special representatives of the administration.

The first indication of the government's plan to expand its diplomatic and commercial staffs abroad is given in the state department's estimate. An increase from \$618,000 to \$1,200,000 annually is sought in clerical hire at United States consulates. Secretary Lansing also seeks more pay and pay for a greater number of consuls, consuls general, vice consuls, and other representatives. It seems wise, a statement says, "that professional consuls be established instead of consular agencies now existing."

Rivers and harbors appropriations sought for the next fiscal year aggregate \$19,870,500. Of this sum \$4,000,000 will be expended in flood control work in the Mississippi valley.

WILL ATTEMPT TO PUT CHIEF BLAME OF WAR ON PRUSSIAN STATE

Other German States Trying To Make Northern Empire Bear War Burdens.

By J. W. T. Mason.

(Written for the United Press)

New York, Dec. 3.—An effort to compel Prussia to bear the chief burden while the allied peace conditions will force upon Germany has been begun by other German states under the leadership of Bavaria. The movement within Germany to investigate the causes of the war and apportion the blame among German officials, is part of this scheme. The war leaders of Germany were nearly all Prussians and it will not be difficult to prove that since Prussia possessed the dominant influence in the imperial government of Germany, it was Prussia's statesmen, as well as her generals, who brought about the conflict.

Bavaria Entirely Selfish.

Bavarian leadership in this matter is entirely selfish, because if Prussia can be pulled down from her high seat Bavaria will dominate the new Germany. The fact that South German ambitions are thus made to clash with the rivalry of northern Germany is a scheme in which the allies may decide to encourage development or anti-Prussian spirit among the rest of the German population.

The world must face the fact that Germany cannot be exterminated. It is impossible to start a drive from the south and brush all Germans into the Baltic. The new Germany that will be created by the peace conference will still have vitality and power. If Prussia retains the same sinister authority in the new Germany as she possessed in the old, the democratic nations will not rest in security. The Prussian spirit is today broken. If it so remains

maintenance, the secretary of war estimated, would require \$5,000,000.

The rivers and harbors estimates include:

Lis Angeles harbor, maintenance, \$100,000.

San Francisco harbor and kindred projects, maintenance, \$124,000.

Sacramento and other California rivers, maintenance, \$65,800.

Oregon rivers, maintenance, \$74,000.

Columbia and Willamette rivers, maintenance, \$598,100.

Northwest harbor, maintenance and improvement, \$27,000.

Hawaii harbors, improvements and maintenance, \$104,300.

the future will be filled with conspiracies for the recovery of Prussia's fallen prestige.

South States Not so Savage.

The savagery of Prussia is not common to the less materialistic South Germans. If Bavaria were to become the leader of a new Germany the Teutonic danger to the world would be reduced to its lowest mark. It may well be expected, therefore, that the allies will take serious note of Bavaria's activity in trying to make Prussia pay for the crime Germany has committed against the world. If that be done, Prussia will be made abhorrent to the rest of Germany and will become largely impotent for further evil. A new Germany may then have some hope of being received back into the ranks of civilization.
