### MEMORIAL TREES.

The unexpectedly large casualty list of the American army may lend additional interest to a national movement already of large dimension--the movement for planting shade trees as memorials for fallen soldiers. It now appears there are more than 50,000 eligible to this honor. There will be others before the war is really over and all the boys are home again.

These heroes come from every section of the United States--from every city and from almost every village and hamlet. There is hardly a community in America, large or small, to which the idea does not come, therefore, with practical appeal. Possibly here on the Pacific coast, where natural shade trees are so plentiful, we may be inclined to some other form of memorial for those who died to make humanity free, but in many other sections of the nation it appeals with striking force.

The American Forestry Association is having much success in interesting the various states and cities. It proposes to give a new significance to the next Arbor Day. On that occasion every community will be urged to plant a tree in memory of each man it has lost in the war.

Some cities have already arranged to do this, though they have not in every case gone so far as to merge the tree-planting with the celebration of Arbor Day. A special avenue is expected to be designated in the national capital for this purpose. It may be called the "Avenue of the Allies." Chicago is said to be planning a "Pershing Boulevard." Cleveland has decided to consecrate an avenue in one of its parks to this purpose, and plant a tree for every Clevelander killed, each tree bearing a bronze memorial tablet.

Many mayors and also many governors of states have written to the American Forestry Association in warm commendation of the plan. There seems no good reason why anyone should really object to it, and many reasons why it should be adopted.

Holland says: "The Netherlands government does not believe that foreign governments whose subjects have so often had the benefit of Dutch refuge will refuse to respect the national tradition or to remember instances when they themselves gave refuge to dethroned monarchs". That sounds very well, but what Holland forgets, or never understood, is the kind of monarch she is sheltering.

Salem will have more canneries next year which means that the demand for fruit will be larger and better than ever before.

COMING SIDESHOWS.

The future sideshows will be great, I venture to predict; 'twill make an artist strain his pate, their wonders to depict. The marvels of the olden days will on the dump have gone; the bearded dame and kindred jays, the living skeleton. There'll be an end to tattooed Greeks, Circassian beauties, too; and all the boneless rubber freaks will vanish from our view. I see the barker at the door lift up his mighty voice: "We've wonders here from every shore! Come, see them and rejoice! We have in here a royal Turk, the straight and honest thing! A lot of monarchs out of work, two kaisers and a king! Such marvels as are here, I wist, you'll ne'er again behold! Come in and see the mailed fist that made all feet feel cold. We have a pair of submarines, the kind the Prussians build; and you may look upon the beans the German kaiser spilled. We have about a million maps that show what Wilhelm planned, and hymns of hate and paper scraps, and swords to beat the band. Come in, come in, and spend your time with profit, while you may! It only costs ten cents--a dime--the show pulls out today!"

### HUNGARY'S NEW AMBASSADOR.

In the appointment of Mme Rosika Schwimmer as Hungarian ambassador to Switzerland, the cause of woman suffrage has been done great harm. No one woman has done more to bring the whole movement of feminine advancement into disrepute than this clever, brilliant, forceful woman.

Dark, handsome according to her fiery type, with a gift for the oratory that sways multitudes, Mme. Schwimmer rather took by storm those who heard her in this country before the war. It was she who instigated the Ford peace ship idea. Nor was Henry Ford, competent mechanic and executive, innocent as a child of great economic problems and world affairs, the only big person to fall into acceptance of her. Women as able as Carrie Chapman Catt, deceived by her radical feminist doctrine, believed her one of the fold.

But the sinister suspicion that she was one of Von Bernstorff's accomplices has not been downed. Nor have the woman's activities since the war began served in any respect to give the lie to it.

The well-meaning folk who sailed upon the peace ship have been much laughed at. But they were not blind. And it was after Mme Rosika Schwimmer began, cautiously, to show her hand, that the expedition broke up into factions and came to nothing. They were peace-loving folk, but they were Americans, and they were square.

The mere fact that a woman has been appointed to a high post is not necessarily cause for rejoicing. Women in high posts should be chosen as men are chosen, for their fitness to fulfil the duties of such station.

The president's message contained many good suggestions covering the reconstruction period but these subjects were treated only in a general way. Congress is left free to propose and pass measures carrying out the suggestions and, of course, will now proceed to play politics, wrangle and jaw and do nothing. Some of the members criticize the president for not telling them specifically what to do, and they would have called him a dictator had he done so.

There is some talk of sending a delegation of United States senators to Europe to hang around the corridors outside the peace convention and keep their colleagues at home informed about what is going on inside. These "wandering Willie" politicians would cut a sorry figure, even where everything that is branded American is warmly welcomed. Our upper house of congress is becoming more of a joke every day.

The war being over the senate has declared war on the president and is attempting to discredit him with our allied nations.

## THE WIFE

By Jane Phelps.

### RUTH'S SALARY IS RAISED AGAIN SHE TELLS BEAN

For some time things moved very quietly with Brian and Ruth. The horror of the Lusitania sinking had kept them occupied for days to the exclusion of nearly everything else in their conversation. Brian talked war, the necessity for preparation, until Ruth told him: "Anyone would think you were anxious to be shot at, to hear you talk." "There are worse things than being used as a target." "Really, Brian, would you go if there were war, and you weren't drafted?" "Drafted! Do you think I would wait for that if you weren't all alone--" "What do you mean, Brian? If I wasn't alone?" "I'd go over and enlist with the Canadians. I wouldn't wait." "Oh, Brian!" "I want, so don't worry. I said if you were not all alone. I know your aunt does not like me and it would give her another handle against me. But I am tempted to do it every time I talk with that bunch of Canucks. They are great fellows, Ruth." They were leaving New York in a few days, Brian had said, and somehow Ruth felt she would be glad when they had gone. Ruth would not think of objecting did her own country claim Brian. She was intensely loyal, thoroughly patriotic. But she did object to his joining some other army--to his fighting under any other flag than the stars and stripes. She would be second if Uncle Sam needed him; but until that time--which she prayed fervently never would come--she felt that her claim was first.

## OLD FASHION TEA FOR CONSTIPATION

BREW IT YOURSELF AT HOME

Probably the best remedy you can take for clogged up bowels and sluggish liver is one that costs very little and accomplishes much. For many years Dr. Carter's K and B Tea has been used by tens of thousands to keep the bowels regular and the whole system in fine condition. Why not get a small package of this gentle, yet sure acting bowel regulator and system tonic, and brew a cupful for yourself every night for a week or two. You'll surely be gratefully surprised at the benefit you get and will praise Dr. Carter's K and B Tea to your friends. It's fine for the little folks and they like it. All druggists sell it.

## Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe on the outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

### THE DAWN OF PEACE.

Across God's earth the message came, Peace on earth, the victory was won. And those that sleep in Flanders fields Replied, "We have not died in vain."

Oh, glad, bright day that thrilled the world's sad heart, Like a burst of golden sunshine after hours of weary dark. God bless the dear, sweet mother, who wears the golden star. May the bells of peace soothe her sad heart, Like a voice that calls afar. And those who wait for loved ones, returning home again.

The Dawn of Peace-- What must it mean to them.

We welcome you, great day of peace, With words we cannot tell. Content ourselves by giving thanks to Him Who doeth all things well.

BLANCHE HOLMES

was so unselfish with her money, and so willing to use it for anything needed; that the idea that it might stand in the light of Brian's advancement in his profession would have seemed unbelievable. She had much to learn concerning the effect a woman, a wife, who was economically independent, had upon many men. Men who, with the spur of necessity pushing them on, accomplish much; but, that gone, they drop slowly backward, and become unambitious, almost slovenly as far as their work is concerned. Brian Hackett was in a fair way to become one of this sort. Ruth's salary, added to what came easily to him, made them very comfortable. Ruth was determined to work; nothing he could say against it had any effect, so what was the use of worrying any longer. (Tomorrow--Ruth Has an Unpleasant Experience).

## Standers, Walkers, "Gets-It" For Corns

World Has Never Known Its Equal "What will get rid of my corn?" The answer has been made by millions--there's only one corn remover that you can bank on, that's absolutely certain, that makes any corn

Corn-Pain Is Eased--the Corn Is Doomed!

on earth peel right off like a banana skin--and that's magic "Gets-It." Tight shoes and dancing even when you have a corn need not disturb you if you apply a few drops of "Gets-It" on the corn or callus. You want a corn peeler, not a corn fooler. You don't have to fool with corns--you peel them right off with your fingers by using "Gets-It." Cutting makes corns grow and bleed. Why use irritating salves or make a bundle of your toe with tape or bandages? Why putter and still have the corn? Use "Gets-It"--your corn pain is over, the guaranteed, money-back corn remover; the only sure way, costs but a trifle at any drug store. Mfd by E. Lawrence & Co., Chicago, Ill. Sold in Salem and recommended as the world's best corn remedy by J. C. Perry, D. J. Fry.

### "SNOWFLAKE" CRACKERS TO BE MADE FAMOUS

Pacific Coast Biscuit Company Will Standardize Name and Package--Extensive Advertising Campaign Planned to Cover Period of Three Years.

The coming of peace is directly responsible for the launching of an immense advertising campaign on the "Snow Flake" cracker by the Pacific Coast Biscuit Company plants, located in Seattle, Portland and Spokane.

Salon conventions have been held during the past week at the plants in the different cities and all the details of the sales and advertising work gone over and approved.

This action was decided upon long before the war was ended as in the opinion of the officers of this company the next few years will offer many opportunities in the northwest for them that are well worth going after and securing.

The Pacific Coast Biscuit Company is the largest cracker and candy institution on the Pacific coast and enjoys a very large annual business on these products, which are too well known to need description here.

The "Snow Flake" cracker, which is to be especially featured in this campaign, is a delightful, crisp, slightly salted cracker which is believed by the company to be the finest piece of goods of the sort made in America today.

Newspaper, advertising of large size, "De Luxe" billboards, and window displays will all be utilized strongly in this campaign, which is planned to cover a three year period.

Broadsides are now being mailed to the trade throughout the Northwest announcing these features in detail and it is the belief of the company that within ninety days practically every store in this section will have a good stock of "Snow Flakes" on their shelves awaiting the demand from the consumer, which is sure to follow their dominant advertising.

## DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, neuralgia, neuritis, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50

## Beaverton School Teacher Has Certificate Revoked

Clarence Phillips, formerly a Marion county teacher and recently discharged from the schools at Beaverton, is today without a teacher's certificate, as Saturday afternoon J. A. Churchill, superintendent of public instruction, revoked his certificate as the result of a hearing held by Mr. Churchill 10 days ago. The hearing was held on charges preferred against Phillips by N. A. Frost, county superintendent for Washington county. In his order revoking the certificate Superintendent Churchill says he "finds that during the months of July and September, 1918, Clarence Phillips conducted himself in a manner inconsistent with rectitude and good morals."

### MOTHERS NOT GIVING DANCE

Editor Capital Journal: The invitation extended to the students of the S. A. T. C. to attend a dance to be given at Masonic Temple December 7th is not given under the auspices of the National American War Mothers; neither is it given by the mothers of the Salem unit, but by a committee of ladies desirous of doing something for the pleasure and entertainment of the students.

This explanation seems necessary because of the action taken at the first meeting of the Salem unit of the Oregon Chapter of the American War Mothers.

### YANKS IN GERMANY

Washington, Dec. 2--The third American army crossed the German frontier Sunday and reached the general line Alfersteg, Winterchoel, Mas-torn, Murbach, Cordel, Treves, Kong, Saarburg. General Pershing reported today.

### MORE CREDIT TO BELGIUM

Washington, Dec. 3--The treasury today established a credit of \$12,000,000 to Belgium. This makes the total credits to Belgium \$210,120,000 and the credits to all the allies \$5,196,876,600.
