### MONMOUTH NEWS

(Capital Journal Special Service)  
Monmouth, Or., Dec. 5.—Mrs. Ruth Emery and two children of Hood River are visiting at the home of Mrs. Emery's parents, Mr. and Mrs. Wood.

Mr. and Mrs. Lawrence received word a few days ago that their son, Jennings, who is in training camp at Philadelphia, is very ill with pneumonia, following a case of Spanish influenza.

On complaint of a certain patron of Monmouth Co-operative grocery that he was not getting correct weights for

**DANDRUFF SURELY DESTROYS THE HAIR**

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff for it will ruin your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

his crown, Manager P. O. Powell ended the state scale, here to inspect the country scales. This official arrived Monday morning, made the test and pronounced the scales thoroughly correct, so now, Mr. Patron must have his scales tested as their accuracy is in doubt.

A very happy reunion of the Riddell family took place on Thanksgiving day at the home of the father, William Riddell Sr., two miles west of Monmouth; with the exception of Job, who was absent on business in Southern Oregon, Leslie, who lives in Texas, and a daughter, who lives near the coast, the family circle was complete. Mr. and Mrs. Hull, Mrs. Allen Johnson and children, Mr. and Mrs. D. M. Calbreath, Mr. L. Phillip and Miss Alice Tomkins were also guests at this hospitable home and shared the excellent Thanksgiving dinner. Altogether there were 35 at the tables.

Mrs. George Bethers, who is teaching school at Vancouver came home on Friday to assist in packing their household effects preparatory to moving the family nearer his work. Mrs. Bethers and Eldon will visit for a time with her daughter, in Portland after which they will probably locate near Vancouver. Most of the furniture will be stored here for the present.

Among the young folks from Monmouth who attended the dance given at the opera house in Independence on Thursday night were Robert Henderson from, Joe Heffley, Doris Lee and Bruce Rodgers.

Mr. R. W. Taveaner of the selective service, doing clerical work at Grants Pass, came home Wednesday to visit relatives and friends. Mr. Taveaner was principal of Monmouth high school but was called to the colors on a few days before school began. Thursday morning he visited school and renewed old friendships and on Friday evening the young folks gave a party

in the high school gymnasium in his honor. This was a most informal affair, old fashioned games and jolly conversation being the order of the evening.

George Sullivan, proprietor of the City meat market, left Monday for Mc Minnville where he expects to engage in the same business. Mrs. Sullivan and Bessie will remain here for the present as Bessie is still unable to get about after a severe influenza. Mr. Morrison will attend the market here.

Mrs. William Riddell Jr. received a long distance telephone call Thursday from Sweet Home stating that her brother, Mr. Phillip, who lives there had had a stroke of paralysis. Mr. and Mrs. Riddell and L. Phillip, the father, left Thursday afternoon just after dinner to see the brother whom they found in a bad condition. They returned home Friday.

Mr. and Mrs. T. J. Edwards and sons, Neal and Dorsey, took Thanksgiving dinner in Salem with Mr. Edward's mother.

C. E. Stewart is doing some plowing for Mr. Meeker, using a "Waterloo Boy" to furnish the motive power.

Most of the farmers in this vicinity are through with the fall seeding and are now busy with the spring plowing. Much more grain has been sown than is usual for this time of year.

John Palmer is hauling tile which he will use to drain a low field on his ranch in the Luckiamute country.

**Organized Labor Wants Public Ownership**  
Washington, Dec. 5.—Organized labor today was moving its forces on congress as leaders in the battle to have

the government retain the railroads.

Members of the house interstate commerce committee are daily receiving government ownership petitions from unions throughout the country.

Representatives Keating, Colorado; Lunn, New York, and others, who are generally found on the side of labor, have come out for government ownership, with the statement, "you can't unscramble the eggs."

The house as a whole today favored some plan for government control.

#### CITY ATTORNEYSHIP DISCUSSED

Salem, Ore., December 4, 1918

To the Editor—I observe by the Morning Statesman of the 3d instant that the city council has employed John H. McNary and W. H. Trindle as attorneys to assist in the foreclosure of liens for street improvements and that the city has agreed to pay said attorneys \$750, fees for such services. As a citizen and taxpayer I certainly protest against such action.

The first question that presents itself to every thinking taxpayer is why the city council does not employ a city attorney who is competent to do this work. I have been informed by able attorneys that after the preparation of the first complaint that the work is almost entirely of a clerical nature and requires little legal knowledge. If this is true there is certainly no necessity for piling up expense against the city for employing outside attorneys.

The time is now ripe for the appointment of a city attorney for the ensuing term. I am not interested whether a new attorney should take the place of the present one except in so far as it affects the people who are paying the bills. If this matter were coming up in the middle of the year when it had been discovered that the city attorney was not competent to foreclose these liens there might be some excuse for employing outside counsel; but just at the end of the term if the present attorney is not competent, the council can appoint one who is competent and there is no excuse for squandering \$750

Another question is, what is the \$750 to be paid for? No one can tell in advance how many liens will have to be foreclosed. The legal talent in each will be only a repetition of the first suit. Is this \$750 just for the use of the attorneys' names? If not, how can anyone know whether the work will be worth \$750 or \$100. Certainly no man who claims the honor of being a member of the Oregon state bar would need any legal assistance to foreclose these liens. If he does he is not entitled to draw the salary of city attorney.

I believe a good business man would not pay \$1200 a year as a retainer for an incompetent attorney for whom he would be required to employ assistance each time any work was to be done. It is time the city of Salem was being run upon a proper business basis, and with the same care as private affairs are conducted.
