

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

Guaranteed to Put on Firm, Healthy
Flesh and to Increase Strength,
Vigor and Nerve Force

Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Food your nerves and all these symptoms due to nerve starvation will disappear.

Eminent specialists state that the best nerve food is an organic phosphate known among druggists as Bitro-Phosphate, a five grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit forming drug. Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer,

and the results following its use are often simply astonishing.

Weak, tired people regain strength and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleeper; confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health. Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so that many people report marked gains of weight in a few weeks.

CAUTION—Although bitro phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh growing properties, be used by anyone who does not desire to put on flesh.

PEACE PROBLEM

(Continued from page one)

tone of confidence in the monetary situation that did not before exist. Prices responded with more freedom to general conditions, which at best are very unsettled, and there is reason to anticipate irregular and more active movements in security markets at least until preparation for the next war loan in the latter part of April, or nearly six months hence. During the interval there will be offerings of treasury certificates every two weeks on a plan more in accordance with good finance and one that will tend to materially prevent any sudden strain.

Demobilization continues to be an important factor in stock market values, the war industrial being most conspicuous in this respect. Dividend and interest disbursements of the leading corporations in December are figured at

about \$17,000,000, or ten millions less than a year ago. Practically all of this decrease was among the industrialists whose dividend paying abilities are considerably impaired by heavy taxes and increased expenses. The railroads are working under a settled conditions, and the advance in rates is turning deficits into surplus, but the outcome of government operation is still being watched with keen interest, especially in view of the rising discussion upon government ownership which promises to be an active issue in forthcoming political campaigns.

More attention must now be given to foreign trade, since ending the war will promote a big expansion on the part of the United States and Great Britain.

For some time to come Germany will be a minor factor, at least until she has a surplus to export, but Great Britain is already putting plans into execution made months ago and the United States also is making ready. It

SOCIETY

By CAROL S. DIEBLE

Mrs. W. W. Moore entertained the members of the P. E. O. Sisterhood yesterday afternoon at her home, 635 North Church street. An interesting paper on the history of the city of Jerusalem was read by Mrs. G. W. Laflar. A short business session was also held preceding the social hour. Later simple refreshments were served the nine members who were present. Mrs. G. W. Laflar will be the next hostess.

Mrs. Frank Jenkins and children of Eugene arrived in Salem the fore part of the week for a month's visit as the guests of Mrs. Jenkins' mother, Mrs. J. W. Woodruff at the Woodruff country home north of town. Mrs. Jenkins will be joined over the Christmas holidays by Mr. Jenkins, who is editor of the Morning Register at Eugene.

A small company of friends were bidden by Mrs. E. F. Carleton and Mrs. W. I. Staley for an informal evening of dancing last night at the Illihee club.

Mrs. B. L. Steeves returned last night from Portland, where she enjoyed a few days visit with Mr. and Mrs. Laban Steeves and friends.

Miss Amelia Babcock went to Portland today to visit friends over the week end.

Mrs. Carrie Hahn was hostess for the members of the Sweet Briar club Wednesday afternoon at her home on Marion street. Eight members enjoyed the social afternoon, Mrs. John Darby being bidden as an additional guest. The next meeting, which will be in the nature of a Christmas gathering will be held at the residence of Mrs. C. W. Beckett on the Wallace road.

Mr. and Mrs. C. E. Farmer entertained Louis Jesse of Portland as their guest yesterday.

Mrs. A. N. Moores and Mrs. S. M. Endicott were joint hostesses to the members of the Missionary society of the Congregational church which held its regular meeting at the church parlors this afternoon. The afternoon was devoted to Red Cross work.

Mr. and Mrs. David B. Taylor of Salem are visiting in Portland.

Mr. and Mrs. W. B. Clark are Portland visitors.

Mrs. G. F. Holt is spending the day in Portland, where she is attending a meeting of the board of directors of the Columbia River District of the Woman's Missionary society of the Baptist church.

Mr. and Mrs. J. H. Walker enjoyably entertained a number of friends Wednesday evening at their home on North Thirteenth street. The hosts were merrily whiled away with music and dancing. A holiday decorative scheme of red was carried out in the dining room where refreshments were afterwards served.

Quinine That Does Not Affect Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone with out causing nervousness or ringing in the head. There is only one "Bromo Quinine." E. W. GROVE'S signature on the box. 30c.

the coming week the largest and most important foreign trade convention in our history will be held at Atlantic City to discuss the problems of foreign trade. In all probability it will lead to the formulation of steps that will mark a new era in such relations. In truth events are marching with tremendous rapidity; let us hope into a fresh period of peace, prosperity and justice.

OBITUARY NOTICE

Jessie Reno Yung was born in Jefferson county, Ill., March 23, 1901.

Bled in Portland, Oregon, Dec. 1, 1918, aged 17 years, 8 months, 8 days. When but a child his parents moved to Arkansas where they resided for about three years. From there they moved to South Dakota. The family resided at this place seven years. They then moved to Oregon, settling near Lafayette where they lived about three years. In which time Reno was converted. At the age of 14 he united with the Baptist church. He held his membership in the Baptist church of Lafayette until his death. The family moved from Lafayette to a farm east of Salem where they now reside.

He leaves a father, mother, seven brothers, one sister, and a host of friends to mourn his loss.

Guy, the eldest brother, is now in France in the service of his country, serving in Company M, Salem, Oregon. The rest of the children are at home. The funeral was held December 3 at the Rigdon parlors and was preached by his Sunday school teacher, J. A. Surgeon of Lafayette. The text was John 11:25: "Thy brother shall rise again."

BELLANS FOR INDIGESTION

NO ROSE FESTIVAL

Portland, Or., Dec. 6.—The annual Rose Festival will not be held here next summer and probably never again. This fact developed today following the refusal of the Multnomah county budget committee to provide a special tax with which to meet the expenses of the show.

By eliminating a \$10,000 item from the budget—for the insurance of Rose Festival property, the committee probably sounded the festival's death knell. The committee favors selling or destroying the show's paraphernalia. In stead of the festival, a great celebration is being planned in honor of the returning soldiers.

EDMONDS GAINS TWENTY POUNDS

After Taking Tanlac Thirty 30 Days He Says He's In "Pink Of Condition."

"I have picked up at least twenty pounds in the past thirty days by taking Tanlac, and now I'm just in the pink of condition all around." This statement was made by William M. Edmonds, a well known employee of the Seattle Street Car company, living at 760 North 74th street, Seattle, recently.

"My stomach," he continued, "has been giving me all kinds of trouble for years. What I ate seemed to do me harm instead of good, as it would sour on my stomach and cause me so much misery. I could hardly get my breath at times on account of the gas, which would press on my heart and cause it to palpitate fearfully. I was badly constipated, my kidneys were in bad shape and I was never free from pain in the small of my back. I couldn't sleep at all well and would lay awake for hours every night before getting a wink of sleep. I also had rheumatism in my arms and legs, and my knees would get so stiff at times that I could hardly bend over."

"All my efforts to find relief failed until I began taking Tanlac, but this medicine has certainly put me in great shape. My appetite was never better, everything I tasted good and my stomach is in such a good condition that I can eat anything. And since the gas has stopped forming, I'm never bothered with palpitation, shortness of breath or any other signs of indigestion. My kidneys don't bother me any more, all the pain has disappeared, and I sleep fine every night."

"My wife has been taking Tanlac for headache and a run down condition and her first bottle has helped her so much that she told me to bring her another today. It certainly is great to do what it has for me and is the one medicine I don't hesitate to recommend."

Tanlac is sold in Stubbard by Hubbard Drug Co., in Mt. Angel by Ben Goech, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lynna H. Shorey, in Salem by Dr. S. C. Stone, in Silverton by C. A. Steelhammer, in Gates by Mrs. J. P. McCurdy and in Stayton by C. A. Beauchamp, in Aurora by Aurora Drug Store.

Bloomington; Professor E. C. Richardson, Princeton; Professor A. B. Faust, Cornell; Morris Jastrow, Jr., University of Wisconsin; W. M. Mitchell, Richmond, Va; Arthur Von Briesen, 25 Broad street, New York; Charles Nagel, St. Louis; C. J. Hesiander, Philadelphia; Max A. Hein, New York and Ferdinand Schevill, Chicago.

This list, Bielski testified, was sent to the German government styled as "the most important men in the United States from the pro-German point of view."

Under the direction of Dr. Fuesler, 3,906 articles on different topics were prepared and 1430 distributed throughout the country. These, he said, covered a wide range. Bornstorff, Von Papen and Boyed all helped with the work, he said.

Working in conjunction with the

Time Brings Happiness With The Dawn

The Coming of Baby Marks the Advent of a Glorious Future.

Scientists say great stress should be laid upon the reasonable influence which the mother's happy prenatal disposition has upon the health and future of the generation to come.

There is a splendid preparation woman for over half a century has spelled before the world's arrival, known as Mother's Friend. This is a most grateful, penetrating remedy that at once softens and soothes the muscles of the body, relieves the strain under the skin of the abdomen. By its regular use during the period the nervous tension and cords are relaxed and there is an absence of nausea, bearing-down pains, strain and general discomfort when nature is unaided.

By the use of Mother's Friend night and morning the muscles relax with ease when baby comes, the time at the crisis is shortened and pain and danger is naturally avoided.

Write the President Register Company, Dept. E. Leman Building, Atlantic City, for their Mother's Friend, and obtain a bottle of Mother's Friend from the druggist, by all means, and get into condition to meet the crisis.

year 1918, Ray Baker, director of the mint, announced in his annual report today. Coinage of denominations under \$1 for the year totalled 714,000,000 pieces. This nearly doubled the coinage of 1917 and approximately five times the production of the mint in 1916. The unprecedented demand for fractional coins, Baker said, could be traced directly to war activities. The coinage of pennies reached \$4,456,282. No gold was coined.
