## INCREASED RATES FOR ELECTRIC COMPANY

**Portland Railway Light And Power Company Authorized To Charge More.**

Increases in commercial power rates are granted to the Portland Railway Light & Power company and the North western Electric company in orders issued yesterday afternoon. The increases affect the medium and large consumers and apparently do not affect the small consumers. The new rates became effective yesterday.

The increases will apply to the business of the Portland Railway, Light & Power company in all the cities and towns it serves up and down the Willamette valley and elsewhere in Oregon. The Northwestern Electric company is only located in Portland. The same increases are given both companies.

But slight change is made in what is known as the primary rate, but a substantial increase in revenue to the companies will be obtained by a change in the number of hours of use of electric power, each month that the primary rate will apply. The commission's orders provide that the primary rate, which is higher than the secondary rate, shall apply to the first 100 hours use per month of consumers demand, while the old rate provided that the primary rate should apply to only 73 hours use.

The primary rate is as follows: First 500 kwh, 5 cents per kwh; next 500 kwh, 4 cents per kwh; next 400 kwh, 3 cents per kwh; next 10,000 kwh 2 cents per kwh; excess 1 1/2 cents per kwh.

A complete change is made by the commission in the secondary rate, but as the same segregations are not used it is difficult to make a comparison. The secondary rate, which applies only after the primary rate is exhausted, allows the first 4000 kwh at 1 1/2 cents per kwh; next 100,000 kwh at 1 cent per kwh; excess at .8 cent per kwh.

**Spruce Division Boys Give Dance In Salem**

A dance will be given at the Salem armory Saturday night, Dec. 14, for the purpose of raising funds to assist in paying for the soldiers' club house at the Toledo, Oregon, sawmill. This building was recently finished, the early conclusion of peace not having been expected, and a debt of \$1600 was incurred. The boys of the spruce division must pay this off before they are mustered out of service, and are making an effort to do so.

Music for the dance here will be furnished by the Fourth division orchestra, which will come here in charge of Lieutenant John M. Robson.

The dance will be a popular priced affair.
