## CHERRY ACERAGE NOT INCREASING

### Almost All Orchards Are Old Ones.—Only 25 Acres Planted in 4 Years.

Salem was formerly advertised as the Cherry City and although there has been no continuous advertising; the fact, yet it is true that Salem still remains the cherry city of the northwest due to the fact that it is the center of the great cherry producing district of the Willamette valley.

As the center of the district, Salem profits by the acreage of Polk county but in the report of acreage made by S. H. Van Trump, county fruit inspector, Marion county only is included, as this official duties are for Marion county only.

The cherry acreage of the county is 412 and the number of trees, according to the census of Mr. Van Trump is 35, 880, an average of 86 to the acre.

Although Salem is the center of the finest cherry growing center in the United States, no very large tracts are to be found in the county. The largest recorded by Mr. Van Trump is one of 25 acres owned by I. H. Roberts, rural route 7, Salem, on which is planted 2,500 trees.

The second tract in size is one of 20 acres and 1258 trees owned by Randall Bros. on rural route 5, Salem. The third in size is owned by H. E. White on rural route 9, Salem. This orchard contains 17 acres and has 850 trees. Eight of the acres was planted three years ago. Close in size to the White orchard is one of 16 acres owned by McNary & Stols on rural route 8, Salem.

## GRIP, INFLUENZA

Hamlin's Wizard Oil a Reliable, Antiseptic Preventive

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and sniff the mixture up the nose. This treatment sets up an antiseptic wall of defense against "flu" germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza.

Get it from druggists for 30c. If not satisfied, return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30c at druggists. Guaranteed.

Carpenter Bros. of rural route 3, Salem, have a 14 acre orchard on which are planted 900 trees. The Waldo Hills Orchard at Macleay contains 12 acres planted to 756 trees and of equal size is the one owned by J. C. Morris of Turner, planted to 900 trees.

Other large orchards in the county are as follows: D. J. Reynolds, route 9, Salem, 10 acres, planted to 950 trees; O. E. Brooks, route 3, Salem, 10 acres with 900 trees; C. J. Carlton with 11 acres on route 3, Salem, with 1200 trees; H. H. Ridgeway of route 3, Salem, with 9 acres planted to 300 trees; Fred A. Legg, route 4, Salem, with 10 acres and 1000 trees and H. H. Hill of route 4, Salem, 1000 trees on ten acres.

There seems to be but little interest in recent years in the planting of cherry orchards. Mr. Van Trump found Joe La Follette of Brooks with one orchard on Pollette of Brooks with one orchard on Brooks he found H. Brookins of Salem, route 8, with a 1 1/2 acre tract and Chas. Radcliff on route three, Salem, with a three acre tract. Only 11 1/2 acres in the county are three years old and eight acres four years old.

All of which seems to indicate that while this may be the finest district in the northwest for cherry growing, the fruit men of Marion county have not been disposed to take chances on cherries—at least not for the past few years.

## Court House News

In the case of Z. T. Bogard against T. N. and J. B. Kennedy before Judge George G. Bingham the court found that the suit was the same claim sued upon in a former action and its adjudication in the former suit operates as a bar against the prosecution of the present suit. The court further, found that the defendants were entitled to a decree that the plaintiff is not entitled to the relief prayed for in his complaint. Mr. Bogard had sued for \$4777.76 as evidenced by a promissory note and a mortgage on real estate in Tillamook county.

P. C. Bromley has entered suit against L. H. McMahon claiming \$132.75 due for work on a caterpillar engine. It seems that Bromley worked several days trying to get the engine in shape and then went to Portland and hired a lawyer to bring suit.

In the matter of the estate of Edith F. Reynolds, the court decided that the inheritance tax is \$13.15. The estate is valued at \$610.65 and as L. T. Reynolds, the only heir is entitled to \$5000 exemptions, the state will receive one per cent on the balance, \$1310.65.

## Nephew Of Salem Man Narrowly Escapes Death

Lieut. Merrill B. Moore, son of Mr. and Mrs. Charles B. Moore of Portland, and nephew of A. N. Moore of this city, had a most thrilling experience and a miraculous escape from death following a fall of 1500 feet in an airplane.

He describes his experience in a letter to his parents partly as follows: "We were experimenting with several types of parachutes when one was dropped opened up too soon and caught in the tail control of the airplane in which we were riding."

"We lost full control of the plane and on hearing the ground saw we were going to hit a fence. In trying to shoot over it, we lost all flying control and dropped off on our own. The machine collapsed turning completely over, leaving the pilot and myself pinned underneath."

"At first I thought my jaw bone and cheek bone were broken, but X-ray photographs showed that only my left cheek bone was crushed."

## SYRUP OF FIGS FOR CROSS, SICK FEVERISH CHILD

### If Little Stomach Is Sour, Liver Horpid Or Bowels Clogged.

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged up waste sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can not cause injury. No difference what all your little one—if full of cold, or sore throat, diarrhoea, stomachache, bad breath, cucumber, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.
