TRADING DEAD IN STOCK MARKET

New York, Dec. 6.—The Evening Sun's financial review today says:

Trading virtually went dead in today's session of the stock market. Tobaccoes were strong, as were a few others, including American Linseed. The coppers, like the steels, were subject to considerable pressure, but recovered their losses. Rails were neglected and recorded only small fractional changes.

Germans Expect Allied Troops To Police Berlin

Copenhagen, Dec. 6.—The Deutch Algemeine Zeitung publishes an alleged American wireless dispatch declaring that American and allied troops will occupy Berlin provisionally for the purpose of policing the city.

A dispatch from Heidelberg says the workmen's and soldiers' council there has announced the French probably will occupy Heidelberg and the city of Mannheim because the watchmen at the Mannheim prison killed three French prisoners.

Heidelberg is 33 miles northeast of Karlsruhe. Mannheim is 45 miles south west of Frankfurt.

MT. ANGEL LOCALS

(Capital Journal Special Service)
Mt. Angel, Dec. 6.—Mr. Barr, the jeweler, made a business trip to Portland today, Wednesday.

Thomas Reiling has rented his share in the butcher shop to his brothers-in-law, Albert and Fred Reiling, and with his family has left for California, where Mrs. Reiling hopes to regain her health. The firemen of which Mr. Reiling was chief, gave him a farewell surprise party at the Rex hall Monday evening. Mr. Reiling's leaving necessitated his resigning as councilman.

Recorder P. M. Smith has been unable to be about for two weeks, but is feeling better and has again resumed his official duties.

Councilman Jacob Berchtold, the general proprietor of the Mt. Angel hotel, has just recovered from the toils of the "flu." Jake says that two days of perspiration, accompanied by happy dreams and ready-served meals is not the worst calamity on earth.

Miss Helen Diehl accompanied Rose Travis to Portland last evening. Rose Travis, who is employed by the North-western Home telephone in Portland, spent Monday and Tuesday at home.

Rose Hanning of Dufur spent Thanksgiving week at home.

Since Mr. Parley's death, Mrs. Parley and two little boys have moved to Portland.

Rosalia and Elizabeth Kober of Portland were home for Thanksgiving. Bill Terhaar and Alois May of Camp Lewis spent their four-day furlough at home. They anticipate an early release from military duty, as also does Ed Unger, who returns to Camp next Monday, after a 30-day furlough.

Several new cases of "flu" have been reported.

Wilfred Rasmussen of the S. A. T. C. at U. of O. visited at the college a few days.

Joe Wechter, "Hawshaw" and J. Terhaar visited friends in Woodburn Sunday.

WHY COUGH AND COUGH?

Dr. King's New Discovery removes the danger of neglect

Coughing until the parched throat grows painful should not be permitted. It should be relieved before it gains headway with a dose of Dr. King's New Discovery.

The same with a cold or bronchial attack. Millions have used this well-known remedy for half a century regularly without thought of change. Sold by druggists since 1899. An important adjunct to any family medicine cabinet. 60c and \$1.20.

The Burden of Constipation is lifted, comfortably but positively when you treat your bowels with Dr. King's New Life Pills. The liver gets busy, digestion improves, the sickly, sallow skin is freed from bile. Get a bottle today—start the day right. 25c.

GLASS OF SALTS IF YOUR KIDNEYS HURT

Eat Less Meat If You Feel Backache Or Have Bladder Trouble—Salts Fine For Kidneys

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must take the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's uric waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

SPANISH INFLUENZA IS MORE DEADLY THAN WAR

The appalling ravages of Spanish influenza in this country are perhaps best realized by the statement recently made, that more deaths have resulted in little more than a month from this disease than through out whole eighteen months participation in the battles of the European war.

Our greatest danger now, declare authorities, is the great American tendency to forget easily and to believe the peril is over. Competent authorities claim the coming of cold weather is very apt to bring a return of this disease and there should be no let up throughout the winter months of the following easily observed precautions, remembering that influenza is far easier to prevent than cure.

Influenza is a crowd disease. Avoid crowds as much as possible. Influenza germs spread when ignorant and careless persons sneeze or cough without using a handkerchief. Cover up each cough or sneeze. Do not spit on the floor, sidewalk, in street cars or public places. Avoid the use of common drinking cups and roller towels in public places. Breathe some reliable germicidal and antiseptic air to destroy the germs that do find lodgment in your nose and throat.

Remember, no war precaution against influenza could be employed in this manner than to get from the nearest drug store a complete Hyomei outfit consisting of a bottle of the pure oil of Hyomei and a little vest pocket hard rubber inhaling device, into which a few drops of the oil are poured. You should carry this inhaler about with you during the day and each half hour or so put it in your mouth and draw deep breaths of its pure, healing germ killing air into the passages of your nose, throat and lungs.

By destroying germs before they actually begin work in your blood, you may make yourself practically immune to infection.

All these suggestions about Spanish influenza are equally true in the prevention of colds, catarrh of nose and throat, bronchitis and even pneumonia. Don't become careless. Do your part. Keep the germs away. You may save yourself a serious illness and the loss of several weeks work. Dan T. J. Fry.

BACK TO REFORM SCHOOL

Jerome Sacks and his companion who recently escaped from the state reform school, were captured yesterday near Portland. The boys had stolen an automobile and at once proceeded to the home of the lad that was accompanying Sacks. The father of the boy at once made the young culprits acknowledge from whom the car had been stolen and they were compelled by the former to return the machine to its rightful owner, after which both the escapes were taken to the reform school.—Roseburg Review.
