A Message To Every Car Owner

Every Republic tire in use carries a message to the owner of economy--Oregon roads are fierce on tires, and the major expense incurred in the up-keep of a car is tire expense.--When you need a new tire we want you to thoroughly investigate the Republic.--We have them cut in sections so you can see the construction. Remember every Republic Tire carries a 5000 mile guarantee. Sharp rocks do not cut the rubber for it is the Prodiun Process, known and used only by the Republic Company in their tire construction.
