INFLUENZA SITUATION AT UNIVERSITY GOOD

University of Oregon, Eugene, Dec. 20.—The influenza situation on the university campus, according to Dr. John F. Bovard, chairman of the student health committee, remains good and is decidedly better than in nearly all other places. At present there are three cases among university students and they are very light.

The disease is on the increase in Eugene though conditions there are not serious, and while a like increase has not occurred on the campus the University authorities have co-operated with city authorities in the matter and a strict quarantine of all suspected cases will be the rule. Following the ruling made by Mayor C. O. Peterson that all dances either public or private are forbidden, the dances on the campus for the week end were cancelled.

NEWS OF NORTHWEST

Portland, Or., Dec. 20.—Edwin Rawden, superintendent of the Oregon Anti-Saloon League, is authority for the statement today that the bone dry national amendment will have been ratified by the necessary number of states by the first of next February.

Rawden points out that four states were added to the dry list at the last election, making a total of 33 boneless commonwealths. The amendment has already been ratified by fifteen states.

Winnipeg, Man., Dec. 20.—A war episode:

1914—"Jack" Maitland, penniless in Winnipeg, went overseas in an artillery battery.

1918—Earl of Sandhurst, wears a coronet and is master of one of the most stately homes in England.

As the sixth son of the Earl of Sandhurst, Maitland acquired the title when the war killed his father and five brothers.

Portland, Or., Dec. 20.—The entire state of Oregon is being organized today in the movement which has been instituted for the purpose of securing jobs for returning soldiers.

The "welcome and welfare" state-wide committee which was appointed by Governor Wilby met here yesterday and started the ball rolling.

Headquarters for returning soldiers will be established at the city auditorium, where the boys will find their relatives, and the commission which will look after their prospective employment and general welfare.

Portland, Or., Dec. 20.—The William Iron and Steel Works and Stephen E. Westover, plant superintendent, are defendants in court here today because Thomas Gekas, a Greek, alleges Westover falsely accused him of being a German spy.

Gekas asks \$50,000 damages for injury done his reputation. He claims the allegation was made by Westover in the presence of many employees of the iron works.

Spokane, Wash., Dec. 20.—Congressman C. C. Dill's questionnaire was received from Washington, D. C., yesterday via Olympia selective service headquarters by the local draft board. Dill's name was accordingly removed from the list of draft delinquents and he was placed in class 5-A as a federal legislative officer.

Portland, Or., Dec. 20.—Seventy three new influenza cases were reported in Portland Thursday.

Health authorities alleged today that one reason for the decrease in reported cases is that doctors are failing to report the names of all influenza victims because the patients object to being quarantined.

Twelve deaths were reported Wednesday and a like number Thursday.

chief German government censor was convincing evidence that the reports were propaganda, intended to paralyze the prosecution of the war, in Mr. Becker's opinion. He said these reports had been sent out of Germany by George T. O'Dell, correspondent of the New York Evening Mail, after the United States entered the war, and were circulated widely by the McClure newspaper syndicate, described as a subsidiary of the Mail.

Hearst's Hand Hidden
The witness told of an unsuccessful effort by Bolo in conference with E. G. Grace, of the Bethlehem Steel Corporation, to get the company to purchase the Journal, but added that he believed that this move was "entirely camouflage," intended to cover up the real purpose of his visit to the United States.

Former German Ambassador von Bernstorff asserted on readily to Bolo's proposal that the German government advanced the money to purchase the Journal, the witness said, that the New York investigators proceeded on the theory that Mr. Hearst might have arranged the purchase before Bolo came to the United States. On this point, however, Mr. Becker said:

"I do not say today that I consider this theory in any way established."

The witness said that there was no evidence of a news connection between the Journal and the Hearst newspapers.

SPANISH INFLUENZA IS MORE DEADLY THAN WAR

The appalling ravages of Spanish influenza in this country are perhaps best realized by the statement recently made, that more deaths have resulted in little more than a month from this disease than through out whole eighteen months participation in the battles of the European war.

Our greatest danger now, declare authorities, is the great American tendency to forget easily and to believe the peril is over. Competent authorities claim the coming of cold weather is very apt to bring a return of this disease and there should be no let up throughout the winter months of the following easily observed precautions, remembering that influenza is far easier to prevent than cure.

Influenza is a crowd disease. Avoid crowds as much as possible. Influenza germs spread when ignorant and careless persons sneeze or cough without using a handkerchief. Cover up each cough or sneeze. Do not spit on the floor, sidewalk, in street cars or public places. Avoid the use of common drinking cups and roller towels in public places. Breathe some reliable germicidal and antiseptic air to destroy the germs that do find lodgement in your nose and throat.

Remember, no safer precaution against influenza could be employed in this manner than to get from the nearest drug store a complete Hyomei outfit consisting of a bottle of the pure oil of Hyomei and a little vest pocket hard rubber inhaler device, into which a few drops of the oil are poured. You should carry this inhaler about with you during the day and each half hour or so put it in your mouth and draw deep breaths of its pure, healing germ killing air into the passages of your nose, throat and lungs.

By destroying germs before they actually begin work in your blood, you may make yourself practically immune to infection.

All these suggestions about Spanish influenza are equally true in the prevention of colds, catarrh of nose and throat, bronchitis and even pneumonia. Don't become careless. Do your part. Keep the germs away. You may save yourself a serious illness and the loss of several weeks work. Dan T. J. Fry.

leged to have occurred in 1914 between Count von Bernstorff and William M. DeLoach, formerly chairman of the Democratic national committee, and the unidentified person, was offered by Mr. Becker, Senator Reed objected on the ground that it mentioned persons not present during the conversation and therefore was not competent evidence.

Before Mr. Becker was stopped by the objection he told the committee that the affidavit was made in connection with the Bolo Pasha incident and was made about a year ago by a person who asked that his name be withheld from publication. The conversation took place at a camp in the Adirondacks in the winter of 1914 and in a discussion of newspapers it was stated by the unidentified person, Mr. Becker said, that the Hearst publications in New York and the New York Evening Mail were the only papers that could be bought.

R. O. T. C. ESTABLISHED

Oregon Agricultural College, Corvallis, Dec. 20.—Re-establishment of the R. O. T. C. at the college has been authorized by a war department telegram. It is expected that Colonel Alfred C. Sharpe will be retained as commandant. The R. O. T. C. was first established at the college at the beginning of 1917, but was replaced the first of October by the S. A. T. C. News of the re-establishment of the corps was received with enthusiasm by the members of the S. A. T. C. who expect to return next term. This organization was popular from its beginning.

CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

"California Syrup Of Figs" Can't Harm Tender Stomach Or Bowels.

A laxative today saves a sick child tomorrow. Children simply will not take time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour. Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown up plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

Donald Masonic Lodge Elected Officers Saturday

Donald, O., Dec. 20.—Masonic lodge held a very interesting meeting Saturday evening with a good attendance. The following officers were elected to serve the coming year: J. C. Moore, W. M.; M. E. DeBart, S. W.; O. O. Freeman, J. W.; C. J. Espey, S. S.; E. J. Hughes, J. D.; C. P. Christensen, treasurer; C. S. Hoskins, Sec.; J. N. Smith, S. S.; A. E. Feller, J. S.; M. W. Johnson, Mass.; E. T. Cone, organist; J. H. Miller, tiler. Lunch was served at 11 o'clock and officers installed afterwards.

Mrs. J. P. Freeman of Champoux was a Donald shopper on Tuesday, bringing in some fine walnuts he had raised this year.

The young ladies of the "Sunshine" class of the Donald Sunday school are selling off their pretty and useful articles which they prepared for a bazaar to be held the 14th but because of the flu ban had to postpone it. They have two tables in the center of the M. W. Johnson & Co. store where they are disposing of them, and being liberally patronized. The proceeds will be divided between the Red Cross and Sunday school.

It seems to be confirmed that Albert Lamb was among the killed at the battle of Argonne as his name has just come out in the casualty lists. Albert Lamb was born Feb. 15, 1896 at Bandon, Oregon. Joined Co. I of the Oregon national guards Feb. 5, 1915. Served in the Mexican border. He was called again in the spring of 1917 and landed in England Dec. 25, 1917, was sent at once to France, where he was stationed training recruits for the front until he was sent to an officers' training camp. He was made a second lieutenant on the 28th day of Sept., 1918,

MRS LARSEN HAS GAINED 14 POUNDS

Says The Way Tanlac Helped Her Is Nothing Short Of Wonderful.

According to the testimony of multiplied thousands who have tried it there is nothing so well adapted to the needs of a run down system as Tanlac, and in every case where a fair test of its powers is made another enthusiastic witness is the inevitable result. Recently in telling of the remarkable benefits she has derived from the medicine Mrs. Agnes Larsen, residing at 1948 South G street, Tacoma, Washington, said:

"The way Tanlac has relieved me of my suffering and built me up is nothing short of wonderful. Why, I don't only feel like a new woman, but I have actually gained fourteen pounds in weight besides. I was in an awful weak, run down condition for two years and so nervous that the least little thing out of the ordinary would upset me. I suffered all the time with a pain across my stomach, which was so bad at times my back felt like it would break. I was very restless at night, up and down at all hours, unable to sleep. I also suffered a great deal with dizziness and faint feelings, and was so weak that I could not get through with my housework without stopping several times to rest."

"One day I was telling a friend of mine how I felt, and she advised me to try Tanlac. So I got a bottle, and that was one of the best things I ever did. My husband, who was suffering a great deal with indigestion and gas on his stomach, commenced taking it the same time I did, and between us we took eight bottles, and are in splendid condition. His stomach is in such a good condition that he eats just anything and it all agrees with him fine. And as for me, it has built me up until I feel altogether different. My nerves are so much stronger and better that I can sleep all night long, and my appetite is just fine. I no longer have those weak, dizzy spells, and the pain has left my back entirely. Both myself and husband think Tanlac is great, and if I ever feel my system getting run down again I shall take more Tanlac because I know so well what it will do."

Tanlac is sold in standard by Hubbard Drug Co., in Mt. Angel by Ben Goeh, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lynn H. Shorey, in Salem by Dr. S. C. Stone, in Silverton by Geo. A. Steelhammer, in Gates by Mrs. J. P. McCurdy and in Stayton by U. A. Beauchamp, in Aurora by Aurora Drug Store.

Another "mother in Israel" gone, Lucinda Daves, born Nov. 25, 1837, in Madison county, Kentucky. Came to Oregon about 30 years ago, residing in Mill City several years, then made her home in Silverton for 15 years. Died at the home of her son, J. F. Daves, of Portland, Nov. 20, after an illness of one week. She leaves to mourn her loss four sons, W. J. Daves of Donald, A. W. Daves, J. T. Daves, R. I. Daves of Portland, besides a number of grandchildren, among the number Mrs. Ernest Hodges with whom she made her home many years. She has several grandsons in the service. She was laid to rest in the Mill City cemetery beside her husband who preceded her in 1889.
