

A New Year and Its Possibilities

The war has taught us to commercialize labor saving devices. Thus placing the automobiles, trucks and tractors in the foreground.

SIMPLICITY IN OPERATION AND CONSERVATION: WORKS WHEN YOU FEED IT; NO COST WHEN NOT IN USE.

Automobiles

WE HAVE CARS TO SUIT EVERY NEED AND PURPOSE: LOW-PRICE, MEDIUM OR HIGH CLASS CARS. We are distributors for

Hudson Cars

Essex Cars

Overland Cars

Ford Cars

Ford cars are arriving and those wishing this sturdy little car can now be supplied. Place your order now as deliveries will be made in rotation as orders are taken.

Vick Bros.

260 N. HIGH ST.

The Fordson Tractor

The Fordson Tractor is the result of extensive trials and experiments conducted by Henry Ford. Before placing this tractor on the market, every detail had been tried out under actual farming conditions in various parts of the country. THE RESULT IS THAT THE FORDSON TRACTOR wherever placed has filled the bill and the demand far exceeds the output at the present time.

Farm Machinery

We Carry the Oliver No. 7 plow for the Fordson Tractor. This plow works to the best advantage with the Fordson. We also have the disc and other ground-working devices.

Trucks

As the Truck is proving itself to be an important factor in the development of larger industries it becomes unnecessary for us to go into detail, and in buying trucks it is very important for us to get the truck best suited to each individual case. We are distributors for

The G. M. C. Trucks

G. M. C. on a motor truck is an assurance of its comprehensive dependability. Its broad utility and proved ability to meet every haulage problem or emergency have caused the wide recognition of the GMC as a truck that can be safely relied upon under all conditions.

Its simplicity of construction does away with time-taking tinkering that not only worries the driver but increases the running expense. Its smooth uniform daily performance facilitates transportation and permits a saving of time and money.

Every business requirement, from light city deliveries to the heaviest and longest hauls on the roughest roads, is adequately met with one of the six practical sizes in which GMC trucks are made.

The recognition of GMC trucks as a business necessity is becoming more and more apparent, as the ever-increasing demand for them shows.

We are also distributors for the Federal Truck.

The One-ton Ford Trucks

The One-Ton Ford truck, worm drive, all purpose truck, is filling a long-felt want with the small farmer and fruit grower.

Mr. Farmer

When you begin your spring activities and the question of power, tractor work, and delivery comes up, let us help you decide the "Save Money Way."
