

SOCIETY

By CAROL S. DIBBLE

Mr. and Mrs. J. B. Littler were hosts at a delightful New Year's dinner party yesterday at their residence, 543 Cedar street. A brilliant red color motif prevailed in the table decorations, artistic place cards and small favors revealing touches of the vivid scarlet note. A novel centerpiece of the beautiful Scotch heather, bearing blooms of a deep maroon hue shading into dark crimson further adorned the table.

Covers were placed for Mr. and Mrs. A. A. Underhill, Dr. and Mrs. George H. Alden, Mrs. W. D. Littler, Mrs. E. H. Upmeyer, Mrs. L. B. Clegg of Marion, Indiana, Harold Drake, Lawrence Austin of O. A. C. and the hosts.

A large circle of Salem friends is regretting the departure of Colonel and Mrs. George S. Young, who left for their home in Portland this morning. They were accompanied by their daughter, Mrs. Polly Reed, of Tacoma, who has been the guest of her parents during the holiday season.

Colonel Young has been commandant of the S. A. T. C. at Willamette university the past few months. He expects to enter upon his duties as inspector-instructor of the Oregon national guard in the near future. During their residence in Salem Colonel and Mrs. Young have been domiciled at the Marion hotel. Mrs. Young is the possessor of a charming personality,

and has won the esteem of a large number of friends during her short stay in the city.

Word has been received by Fritz John J. Roberts that her brother, Fritz Sade, is enroute to Salem from Camp Hancock, Virginia, where he has been stationed for some time. He is expected to arrive home the first of next week. Mr. Sade enlisted in the service a year ago, following a short training course in the ordnance school at the University of Oregon at Eugene.

Mrs. Sarah A. Evans of Portland has been reappointed state chairman of the woman's committee for the fifth liberty loan drive, which will take place sometime in April. Although Mr. McAdoo's resignation and the appointment of a new secretary of the treasury occasioned many changes, no change was made in the national woman's committee. This Oregon organization perfected for the last drive will remain intact.

Mrs. Evans is just in receipt of an invitation from San Francisco to be the guest of the federal reserve bank of that city to meet Mr. Franklin, who will be in San Francisco the latter part of January to confer with the heads of the liberty loan committee.

Dr. and Mrs. O. L. Scott and small son, Russell, passed New Years in Oregon City with relatives.

The W. R. C. and the G. A. R. will not hold their joint installation of officers Friday afternoon at the armory as originally scheduled owing to the recent order issued by the board of health.

Mr. and Mrs. Marion Putnam of 1945 North Church street are enjoying a visit from their son, Sergeant Chauncey D. Putnam, who arrived in Salem Tuesday night from Fort Benjamin Harrison, Indiana, having been released from the service. Sergeant Putnam left Salem in August, having been stationed at Camp Lewis during the early fall and afterwards transferred to the eastern cantonment.

Miss Gertrude Robison of Dallas was a Salem visitor yesterday, having spent the afternoon in the city as a guest at the W. C. Dibble home on North Liberty street.

Mr. and Mrs. Harold R. Anderson left yesterday for their home in Seattle, after spending the holidays with Mr. Anderson's parents, Mr. and Mrs. F. A. Anderson, and his sisters, Mrs. Alfred Ackley of 844 Mill street, and

Mrs. E. L. Kapphan, Mr. Anderson belongs to the navy and is now attending Q. M. S. in Seattle. He expects to finish in February. Mr. and Mrs. P. A. Anderson have two other sons, also in the navy. The elder, Ray, is stationed at the present time in the Philadelphia navy yard and has made twelve trips across the Atlantic. The younger son, is gunner's mate on the Oregon. He spent a furlough of fifteen days with relatives in Salem this fall.

Mrs. R. Eakin and daughter, Miss Gertrude Eakin, returned this morning from La Grande, Oregon, where they have been enjoying a holiday sojourn with Mrs. Eakin's son and wife, Mr. and Mrs. Robert Eakin.

Mr. and Mrs. J. B. Littler received word yesterday evening of the death of Mr. Littler's niece, Miss Florence Littler, who succumbed to an attack of influenza while passing the Christmas holidays in Portland. She has been teaching in Vancouver, Wash., the past semester. Miss Littler was well known in Salem, being a graduate of the Oregon Agricultural college and having claimed a number of friends among her sorority sisters residing here.

Adler-i-ka Helps Her!

"After using Adler-i-ka my wife is able to do her own housework and did all housecleaning. The soreness and pain in her side disappeared." (Signed) W. H. Brubaker, Salina, Pa.

Adler-i-ka expels ALL gas and sourness, stopping stomach distress INSTANTLY. Empties BOTH upper and lower bowel, flushing ENTIRE alimentary canal. Removes ALL food matter which poisons system. Often CURES constipation. Prevents appendicitis. We have sold Adler-i-ka many years. It is a mixture of buckthorn, cascara, glycerine and nine other simple drugs. J. C. Perry, druggist.

Lieutenant Taw To Return Home This Week

(Capital Journal Special Service.)
Silverton, Or., Jan. 2.—Lieutenant William C. Taw of Camp Meade, Md., has received his discharge from the army and is expected to arrive in Silverton with his wife some time this week. Mrs. Taw, who is a teacher in the Silverton schools, went to Portland Sunday evening to meet her husband.

Mrs. Theodore Opsand and little daughter of Portland spent the holiday with Silverton relatives, returning to Portland Saturday.

Mrs. A. E. Wrightman and son, Edgar, have been visiting with Mrs. Wrightman's brother, Lewis Johnson, at Portland.

Miss Hilda Nevison of Portland returned to Silverton Sunday evening to resume her duties as fourth grade teacher.

Mrs. Lola King has fully recovered from the flu and returned home from Portland Sunday evening.

Mrs. and Mrs. Chris Alm are visiting at the metropolis this week.

Miss Loretta Storsell is reported ill with the flu. Little Francis Keene, daughter of Dr. and Mrs. Keene, is also suffering from the epidemic.

The flu seems to be making another run on Silverton. Apparently there are more cases at present than ever before and the town remains open. Among the new cases are Fred Gullister, Tom Shockley and Mr. and Mrs. Hillingsworth. There are a number of others under the doctor's care that have not been pronounced flu cases as yet.

Miss Vivian Browne was in Salem on business Tuesday.

Miss Minnie Hubbs is home from Salem; the schools at the place being all closed.

Mr. Rydell is among our first overseas men to arrive home in Silverton. Mark Paulson met him in Portland last Saturday night. Mr. Paulson and Mr. Rydell reached Silverton the following day.

Mrs. Faye Starr was quite badly hurt last Sunday night while returning home on the Silverton stage. The slippery roads caused the wheels of the stage to skid, and in so doing the machine ran against a telephone pole. Several of the occupants received a severe jolting but evidently Mrs. Starr was the most unfortunate of all. It was found necessary to do considerable repairing on the stage so Mr. Parker is running a smaller car this week.

Cold, Cough Grip and Influenza LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVES signature on the box. 30c.

BOYS WILL BOOST

A boy was bragging to a playmate that his grandfather fought in the Civil war.

"What of it?" asked the other.

"He has a hickory leg," rejoined the first.

"That ain't nothing," said the other. "My sister has a cedar chest."

Pittsburg Chronicle-Telegraph.

Only Two Influenza Cases in Normal School

(Capital Journal Special Service.)
Monmouth, Or., Jan. 2.—On Monday morning there were still two cases of influenza at the dormitory. The other four girls, who were ill a week ago have recovered sufficiently to enable them to go to their homes for New Years. The two will remain throughout the vacation. There are no other cases in the city.

High school was resumed Monday morning after the brief three day vacation.

The normal and training schools will open again next Monday, January 6, and it is to be hoped the remainder of the school year will be uninterrupted by vacations of any sort.

President and Mrs. Ackerman spent Christmas day with their daughter and family in Salem.

Miss Gladys M. Boise of the normal faculty and John C. Stombaugh were very quietly married on the evening of December 21 at the home of Mrs. Minnie Ericson of northwest Monmouth. The ceremony was performed by Rev. E. C. Pace of the local Baptist church, after which light refreshments were served. The bride was simply gowned in white satin with iridescent sequin trimming. The groom wore the olive drab uniform of the United States army. After a brief furlough Mr. Stombaugh will return to Camp Lewis and the bride will continue her duties as instructor at the Oregon normal school.

In a recent letter from Stanley Evans dated Nov. 24 from Chaumont, France written to his father are some very interesting bits of experience covering the time since his enlistment in company L at the beginning of the war up to Nov. 24. This letter is the first of Stanley's to come through unscathed. The trip over on the Tuscania lasted 14 days when she landed them at Liverpool on Christmas day one year ago. After a short rest in England they were sent to France, landing at Havre on Jan. 2, 1918. From here the company tramped through a foot of snow to Nevers, where they did police duty; Stanley, however, being chosen by the battalion major to work in his office as military police executive which he did for five months. At the big training center of St. Aignan, Nevers and at Contres where the 162 was split up to fill vacancies, Stanley experienced one of his deepest sorrows that of parting from his comrades of Co. L, as they were needed at the front. As Stanley was a non-commissioned officer he was retained here to train the new men from the states. This training was very intensive and many could not stand the severe test and fell by the wayside. Stanley said he learned to adjust his gas mask in five seconds and in rifle practice with the mask on he hit 14 bulls' eyes straight in a 350 yard range. Then he learned all about machine guns, hand grenades and bayonet fighting, after which his work was to instruct the new men in these lines. On several occasions he acted as part of a convoy to guide fresh troops to the front. This was terrible hard work he says but he was happy in doing it and came through O. K., weighing only 20 pounds less than usual. Although it was Stanley's highest ambition to get into action at the front he was denied this. However, he and only one other from the 3rd battalion were chosen to help make up a body of 250 picked men from the 41st division who were sent to guard American general headquarters. This is considered one of the greatest honors that can come to a company of soldiers in France. A few days ago he said they had been escorted when General Pershing was decorated by General Bliss. One has to be every inch a soldier, he says, to be a member of headquarters guard as the eyes of the greatest military men of the world are upon them. Stanley states that we shall soon see this company in moving pictures.

PROPER CARE OF PASSENGER CARS

Motorists Acquiesce to Suggestions of Defense Council to Learn Their Autos. WILL KEEP THEM EFFICIENT

Owners Realize Help They Can Render Government by Lightening Load on Garage and Repair Shops—Work Not Difficult.

That passenger car owners have adopted the suggestions recently made by the war economy board of the national council of defense to familiarize themselves with the proper care of their cars, so that they can not only render "first aid" to their cars without depending on mechanics or service men, but keep them 100 per cent mechanically efficient, is the opinion of H. P. Branstetter of a large automobile concern, who adds: "No doubt the increased use to which owners are putting their cars, coupled with a realization of the help they can render the government by lightening the load on garage and repair shops, and desire to economize as much as possible, are the reasons.

"Once owners know the first principles of automobile construction and the proper care of the important mechanical units and parts, they will find that it is not hard nor difficult, and, what is more, they usually develop a pride in being able to keep their cars in first-class condition.

Learn Lubrication.

"One of the first things the owner should learn is how to keep his car properly lubricated. Through the adoption of oil lubrication in place of the grease-cup system, keeping the car properly oiled is no longer the time-consuming bugaboo it used to be.

"How to apply the brakes without skidding or burning the tires or brake bands is another very important point to learn. Proper inflation of tires and quick attention to breaks in the tire tread should be watched for and remedied immediately.

"The adjustment of the carburetor is another item. If the owner will take a ten-minute lesson at any carburetor service station he will find that it not only makes it easier to do this work himself instead of stopping at a garage, but it will keep his motor running smoother and more silently, and at the same time reduce carbon deposits and increase gasoline mileage.

Save Strain on Mechanism.

"Owners should make a point of learning how to drive and handle their cars on all kinds of roads without excessive wear on the transmission and springs and unnecessary strain on the frame and axles. These first principles may sound a little difficult, but they really are simple and practical and become second nature in a very short time.

The average overhauling or the repair job which consumes the repair man's time and the driver's money, is directly traceable to an owner's neglect to take the proper care of his car from the first day he owns it. Squawks should be stopped in the beginning before they have developed, necessitating constant watchfulness and tightening up, which was formerly done once a month, but is now recognized by the alert owner of today as part of his daily duties while driving his car."

Crescent Baking Powder

The very best baking powder is the double acting one. It raises first when moisture is added in the mixing bowl, and then again when heat is applied. Crescent Baking Powder has this double raise and it is what is needed to thoroughly permeate the dough mass and make delicious, light and easily digested breads, cakes and biscuits.

Try Crescent. You'll be delighted with the results. Your grocer probably has it—if not write us sending his name and address and yours, and we will send you the Crescent Cook Book free on request.

Crescent Mfg. Co., Seattle, Wash.

DRIVE AWAY HEADACHE

Rub Musteroil on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musteroil is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite feet, colds of the chest (if often prevents pneumonia).

- Financial Secretary—Emma Hohl.
- Parent Teachers Association
- President—Mrs. Maud Bones.
- Vice President—Mrs. Ora A. Bear.
- Secretary—Mrs. Mabel Martin.
- Treasurer—Mrs. Nellie Riches.

Budapest Is In State Of Siege And Disorders

Prague, Jan. 1.—Budapest is in state of siege following disorders, thought to be the outgrowth of communist New Year demonstrations. Several were killed and wounded. Street fighting took place between demonstrators, government guards, using machine guns freely. Mobs are apparently getting the upper hand, having besieged main force of guards in barracks, and government buildings. Disorders are continuing, and wholesale plundering is underway.

work for all of them and a temporary on the part of the war department to hold them as long as possible, summer put in his application for a discharge a month ago.

Mr. and Mrs. C. P. Hembree are boxing up their household goods preparatory to moving to Fillows, California, where Mr. Hembree has acquired interests in rice farming. They expect to start Friday or Saturday of this week. Floyd Mason and family will occupy the Hembree ranch south of town for an indefinite period.

Miss Daphne Ostrom came up from Portland to spend Christmas with her parents. Daphne is employed as stenographer for the dispensing clerk of the American Railway Express Co.

Miss Vera Lee of Aiche arrived Monday evening for a few days visit with her sister, Doris, who is attending high school here.

Mrs. George Sullivan and daughter, Bessie, left Monday for McMinnville where they will make their home. Mr. Sullivan preceded them by several weeks and is now running a meat market there. The Sullivans have lived in this vicinity for the last ten years and have many friends here who regret to see them leave, but wish them success in their new home.

Captain Chaplain W. A. Elkins arrived home Christmas eve from Ft. Columbia on a two day furlough, spending Christmas day with his family here returning Thursday. Rev. Elkins expects to receive his discharge at an early date, and will probably resume his duties as pastor of the local Christian church.

The T. J. Edwards family spent Christmas day with the John Palmers. Mrs. Neal of Turner, mother of Mrs. Edwards and Mrs. Palmer, was over to enjoy the day with them. In the evening Mr. and Mrs. Edwards and Mrs. Neal motored to Turner and attended the joint installation of the Eastern Star and the Blue Lodge. Mr. Edwards is a member of the Masonic lodge.

Monmouth is suffering from a scarcity of water, partly due to some needed repairs being made. Luckily there are still a number of good wells in and around town, so at this season of the year it is not probable that any one will die from thirst.

Mr. and Mrs. Chance Mulkey and daughter, Naomi, arrived in Monmouth Christmas eve from the logging camp at Brighton. They will remain here for a month or so until work in the industry is again resumed. Mr. Mulkey who left the bakery here to take up this work in the open in the hope of benefitting his health, is much improved, having gained 40 pounds in weight and is feeling fine again. He and Mrs. Mulkey have been cooking for the legions.

Floyd D. Moore of Dallas who is convalescing from an attack of pneumonia following influenza, was able to spend Christmas with his parents, Mr. and Mrs. Alonzo Moore.

Mrs. Nelson Rodgers is spending the holidays with her parents, Mr. and Mrs. J. G. Thomas, just south of town. Mrs. Rodgers is teaching school this year at Philomath and her husband is in the service stationed at Camp Lewis.

May Purchase Lower California From Mexico

Washington, Jan. 2.—President Wilson has requested that the United States begin negotiations for the purchase of the peninsula of Lower California from Mexico, according to a resolution introduced today by Senator Ashurst.

After two years as manager of the Bend Commercial club, H. J. Overturn has announced his resignation.

Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home-made remedy has no equal. Easily and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It takes but a moment to prepare, and really there is nothing better for coughs.

Into a pint bottle, put 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Either way, the full pint saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and then disappear altogether. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, whooping cough, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, known as the most reliable remedy for throat and chest ailments.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Mr. Business Man

As a matter of economy you should consult the Journal's Job Department before placing your printing—we are satisfying Salem's leading firms—put us on your calling list. Phone 81

PUT CREAM IN NOSE AND STOP CATARRH
Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffing, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

MONMOUTH NEWS

(United Press staff correspondent)
Monmouth, Jan. 2.—Engineer S. W. Ostrom who has been on duty at Ft. Canby for over sixteen months, received orders last week to report to Ft. Columbia to relieve the master electrician there. This puts him in charge of all the engineering and signal corps property, all the power plants and telephone systems. The transfer is an agreeable one, as Ft. Columbia is a newer fort and is more conveniently located. Summer states that practically all of the men at Ft. Canby were discharged last week, only ten remaining to do the necessary fatigue and guard duty. None of the non-commissioned staff had as yet been released, there seeming to
