REGULAR PLANE TRIPS, LONDON TO PARIS, SOON

Two Concerns Are Rushing Preparations For Honor of First Passenger Service.

London, Dec. 17.—(By mail)—Londoners expect to see airplane carryalls making regular passenger runs to Paris and London before spring.

Two concerns are rushing preparations in competition for the honor of inaugurating passenger air service to France. They are the Hadley-Page Co. and the Aircraft Travel and Transport Co., Ltd.

Within a few days after the signing of the armistice announcements came from both companies of plans for cross channel trips.

Both companies plan to use gigantic bombing type planes capable, they promise, of transporting passengers in electrically heated cabins.

The Hadley-Page Co. recently sent a bomber to Paris with 20 passengers. Lunch was served before the return.

The inauguration of regular London-Paris service is dependent on relaxation of the British and French passport regulations. Civilian travel between the two countries still is practically prohibited.

Commercialization of the airplane is expected to come rapidly in England and on the continent. Thousands of army aviators are available as pilots and teachers.

Predictions are many that the family plane of well to do persons will soon be in use.

WANTS TO KNOW WHY INCREASED WAGES ARE NOT ALLOWED

Commissioner Corey Wants Sumpter Valley Railroad To Explain.

In view of the 25 per cent increase in passenger rates, which the Sumpter Valley railroad company has filed with the public service commission to become effective January 11, Commissioner H. H. Corey wants to know why the managers of that road do not allow the wage increases being demanded by their employes and resume operations. He presented this question to Charles T. Early, general manager of the road, in a letter mailed today. The road has been tied up for four days by a strike of the employes who are demanding higher wages.

Commissioner Corey says that a statement compiled by Messrs. Bonham, Chambers, Early, Tenzel and Schauer last October, when the commission issued an emergency order granting a 25 per cent increase in freight rates on the Sumpter Valley, shows that the anticipated deficit for the fiscal year of 1919 is \$7,585.30, which will be more than covered by the increase in passenger fares.

This deficit was figured after making allowances for all wage increases demanded to date and operating expenses and fixed charges, including bond interest.

Commissioner Corey says that a statement compiled by Messrs. Bonham, Chambers, Early, Tenzel and Schauer last October, when the commission issued an emergency order granting a 25 per cent increase in freight rates on the Sumpter Valley, shows that the anticipated deficit for the fiscal year of 1919 is \$7,585.30, which will be more than covered by the increase in passenger fares.

Commissioner Corey says that a statement compiled by Messrs. Bonham, Chambers, Early, Tenzel and Schauer last October, when the commission issued an emergency order granting a 25 per cent increase in freight rates on the Sumpter Valley, shows that the anticipated deficit for the fiscal year of 1919 is \$7,585.30, which will be more than covered by the increase in passenger fares.

INFLUENZA SITUATION REMAINS UNCHANGED

Old And New City Councils Opposed To Removing Ban Against Public Meetings

There are no new developments in the influenza situation in the city. While there are a number of new cases reported today, it is felt that all are receiving proper medical attention. As the situation now stands, the present city administration and the incoming one are not in favor of removing the ban.

It is well known that mayor-elect C. E. Albin and Dr. Ray Pemberton, recently elected city physician, are not in favor of an early opening.

Mayor Walter E. Keyes conferred with all the physicians in the city yesterday and found that all were opposed to lifting the ban against public meetings. Backed by their opinions, Mayor Keyes will refuse to lift the ban, especially as his administration closes on Monday evening. More than 200 homes are now under modified quarantine.

An emergency hospital, capable of accommodating about 13 has been established in the building near the Salem hospital, erected by the city and county for a contagious disease hospital. It will be in charge of Miss Hollenbeck, Miss Taylor and Miss Casper and will be under the supervision of Willamette chapter, American Red Cross.

This emergency hospital, owned by the city and county, has not been used to any extent for contagious diseases, but mostly for special cases and the accommodation of nurses. The building and equipment is in first class condition, and it is felt will be of material assistance to the most dangerous cases of influenza.

It was only through the efforts of Henry W. Meyers, chairman of Willamette chapter, A. A. Lee, chairman of the Salem board and Chas. A. Park, secretary of the hospital board that finally arrangements were made for the use of the emergency hospital for influenza cases.

PORTLAND PROBABLY IN COAST LEAGUE IS PRESENT INDICATION

San Francisco, Jan. 4.—Portland and Seattle probably will be in the coast league next season.

Coast league magnates in session here passed a resolution which petitions the P. C. I. L. to allow transfer of the Portland and Seattle territory to this league.

Since the P. C. I. L. is not in condition to object seriously, it is believed the resolution will bring results.

Such a step would mean a strenuous effort to revive coast baseball with an eight club league.

McCredies Uncommunicative. Portland, Jan. 4.—For the first time in the baseball lives of the McCredies local magnates, are uncommunicative.

That spells something significant to fans here, who believe the admission of Portland and Seattle to the Pacific Coast League was all "cut and dried" some time ago.

Two Weeks Less Baseball. San Francisco, Jan. 4.—The Pacific Coast league will open the season on Tuesday, April 23, and close on Sunday, Oct. 26, according to a tentative schedule adopted today at the annual meeting of the directors here.

WERE MUCH TOO BUSY TO "PAY RESPECTS"

Assistant State Treasurer Elect Didn't Receive Very Warm Welcome.

Tacoma, Wash., Jan. 4.—Angered because there were not enough cars on the municipal line to carry them from work, Todd Shipyard workers last evening stoned two car crews, broke glass from the windows and blocked traffic for more than 20 minutes.

When cars failed to arrive to carry them home from the plant, 700 men set out to walk across the tide flats to the city. Some of the men are said to have placed ties and other obstructions on the track, halting a string of cars that had been sent out to pick them up.

Washington, Jan. 4.—Berlin will request Hindenburg to lead a volunteer German force against the Poles in Posen and revolutionary elements in Silesia, according to diplomatic advices today.

Germany objects to the Silesian maneuvers on the ground that they are directed by the Czechoslovaks and the Poles and to the proposed Polish elections in Posen as in violation of the armistice, it was held.

Cables indicated that Berlin has lodged protests in both matters with the United States and has warned the senate that she will be compelled to protect herself unless Paris, London or Washington intervene.

San Francisco, Jan. 4.—The preliminary of what will be the "first flight around the world" began today when Miss Ruth Law, aviatrix, sailed for Japan on the Tenyo.

Miss Law will circle the earth, making all but the longest ocean voyages by airplane.

UNDER TONE OF TODAY'S MARKET SEEMED FIRM

New York, Jan. 4.—The New York Evening Sun financial review today says:

Although there were intervals of heaviness in the rather dull trading of today's short session of stock market, the undertone appeared firm. There was long or the short side, while offerings little demand for shares on either the were light on the other hand. The result was a desultory rise and fall.

Portland, Or., Jan. 4.—Two hundred forty nine new cases of influenza were reported to the health bureau yesterday. The deaths numbered seven.

Senator Lewis Explains Why Cables Were Taken. Washington, Jan. 4.—The real reason for the government's taking over the cable system was to expedite the transmission of the casualty lists from France, Senator Lewis, Illinois, declared today.

Lewis said an official statement to this effect would shortly be submitted to both the house and the senate.

Portland Keymen Dissatisfied. Portland, Or., Jan. 4.—Portland Commercial Telegraphers were instructed today to attend a meeting next Sunday, due to dissatisfaction over the adjudication of wages and hours made by Postmaster General Berleson.

The call says the session is to consider the "proposed rejection of Burleson's meager wage increase and failure to provide for back pay."
