

"I wish it was possible for everyone who suffers from constipation to know about Dr. Caldwell's Syrup Pepsin. It is pleasant to the taste, does not gripe, and the result is sure." (From a letter to Dr. Caldwell written by Mr. R. A. Laney, Alexandria, La.)

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin, pleasant to the taste, gentle in action and positive in its effect. It relieves constipation quickly, without griping or strain, and is a standard family remedy.

BERLIN EXPERIENCES

Continued from page one

Richorn Surrenders
Hague, Jan. 10.—Three thousand members of Police President Richorn's republican guards have placed themselves at the disposal of the Ebert-Scheidemann government, according to the Frankfurt Gazette.
(Richorn has been aiding the Spartacists and his surrender was one of the terms of the truce proposed by the government.)
The Berlin garrison, which hitherto has been neutral, is now for the government, the newspaper said. Government aviators are flying low over the Vorwarts building, where Spartacists are still entrenched.
A dispatch filed in Berlin Wednesday stated that the Spartacists have seized the principal wireless stations in the capital.

Still Spreading
The Hague, Jan. 10.—The Spartacan movement is spreading through the industrial region in Rhinish Westphalia, a dispatch from Dusseldorf reports today.

Liabknecht Nearly Lynched
Copenhagen, Jan. 10.—Karl Liabknecht, leader of the Spartacists, narrowly escaped lynching Wednesday evening, a dispatch to the Berlingske Tidende reported today.
A mob dragged Liabknecht from a

taxi cab in Unter Den Linden, according to a dispatch, but he was rescued by Spartacists before he had suffered any serious injury.
Addressing a crowd later, Liabknecht said:
"Government supporters have just attempted to lynch me but we routed them. We have formed a revolutionary committee, therefore we will arm and remain in the streets."

Government supporters have just attempted to lynch me but we routed them. We have formed a revolutionary committee, therefore we will arm and remain in the streets."

WORLD'S CITY TO BE

pension roll and the maintenance of the army and navy in peace.
When the pest evil has been established and has destroyed or proved its capacity to destroy millions of dollars worth of grain and fruits, the country in question passes legislation forbidding the importation of infected substances and products. This only goes to prove the lack of success which attends any attempt to improve the situation by confining attention to one country alone.
The diet during and after influenza. Horlick's Malted Milk, nourishing, digestible.

Labor Federation Endorses Sinn Fein Irish Republic

Portland, Or., Jan. 9.—The Oregon State Federation of Labor is on record here today as endorsing the new republic.

SOCIETY

By CAROL S. DIBBLE

Salem society is evincing much interest over the news of the arrival of a son at the home of Dr. and Mrs. Howard Markel at San Francisco. Dr. and Mrs. Markel will be well remembered by a host of Salem friends, having made their home in Salem several years ago. Mrs. Markel was formerly Mrs. Letta Keenan and was prominently identified in musical circles of the Capital city at the time of her residence here. Dr. Markel is one of the leading physicians of San Francisco, and both he and Mrs. Markel take a foremost part in the various social and artistic activities of San Francisco. Dr. Markel was also a student at Willamette university.

There is no occasion for panic—influenza or grip has a very low percentage of fatalities—not over one death out of every four hundred cases, according to the N. C. Board of Health. The chief danger lies in complications arising, attacking principally patients in a run down condition—those who don't get to bed soon enough, or those who get up too early.
THE TREATMENT
Go to bed at the first symptoms, not only for your own sake but to avoid spreading the disease to others—take a purgative, eat plenty of nourishing food, remain perfectly quiet and don't worry. Nature herself is the only "cure" for influenza and will throw off the attack if only you conserve your strength. A little Quinine, Aspirin or Dover's Powders may be given by the physician's directions to allay the shivering. Always call a physician, since the chief danger of grip is in its weakening effect on the system, which allows complications to develop. These are chiefly pneumonia and bronchitis, sometimes inflammation of the middle ear, or heart affections. For these reasons it is very important that the patient remain in bed until his strength returns—stay in bed at least two days or more after the fever has left you.

Mrs. I. D. Bennett has received a telegram from her son, Harry C. Bennett of the U. S. naval service, stating that he was leaving for Oregon immediately, bringing receipt of his discharge. Mr. Bennett has been stationed at the Brooklyn navy yard post office since last June.

John Claire Montiehl, well known concert baritone, is recovering from an attack of influenza at his home in Portland.

Mrs. Theo. M. Barr has returned from an enjoyable trip to Spokane, where she visited her daughter over the holidays.

Mrs. A. M. Brown, Miss Marcella R. Esmond and Miss R. M. Bockley, who have been among the out of town nurses assisting in the influenza epidemic, will return to their homes at Seattle tonight.

Mrs. Warren Frances Powers has returned to her home in Seattle after passing the holidays in Salem with her parents, Dr. and Mrs. J. N. Smith.

Miss Marie Churchill, daughter of Superintendent J. A. Churchill, is the guest of her sister, Miss Doris Churchill, who is attending the University of Oregon at Eugene.

Memorial services for Mrs. Lucia Faxon Addition, well known Oregon club woman, whose death occurred early this week, were held today by the Portland Woman's club. The tribute is especially fitting, inasmuch as the program of the Portland club for today's meeting was to have been given under Mrs. Addition's chairmanship. Mrs. Addition was one of the most active members of the club. Among the musicians on the program was Mrs. Lulu Dahl Miller, well known to Salem people. Members of the Woman's Christian Temperance Union and the State Woman's Press club joined the Woman's club in the memorial services.

Quinine That Does Not Affect Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. There is only one "Bromo Quinine." E. W. GROVE'S signature on the box. 30c.
Ireland as proclaimed by the Sinn Feiners.
A resolution was adopted by the convention last night requests the Oregon congressional delegation to support the resolution now before congress providing for recognition by the United States of the form of government contemplated by the Sinn Feiners.

SPANISH INFLUENZA—THE WAY TO TREAT IT AND TO AVOID IT

Empty the Old Fashioned Grip Maskerading Under a New Name

Spanish influenza, which appeared in Spain in May, has all the appearance of grip or the gripple, which has swept over the world in numerous epidemics as far back as history runs. Hippocrates refers to an epidemic in 412 B. C., which is regarded by many to have been influenza. Every century has had its attacks. Beginning with 1831, this country has had five epidemics, the last in 1889-90.

There is no occasion for panic—influenza or grip has a very low percentage of fatalities—not over one death out of every four hundred cases, according to the N. C. Board of Health. The chief danger lies in complications arising, attacking principally patients in a run down condition—those who don't get to bed soon enough, or those who get up too early.

THE TREATMENT
Go to bed at the first symptoms, not only for your own sake but to avoid spreading the disease to others—take a purgative, eat plenty of nourishing food, remain perfectly quiet and don't worry. Nature herself is the only "cure" for influenza and will throw off the attack if only you conserve your strength. A little Quinine, Aspirin or Dover's Powders may be given by the physician's directions to allay the shivering. Always call a physician, since the chief danger of grip is in its weakening effect on the system, which allows complications to develop. These are chiefly pneumonia and bronchitis, sometimes inflammation of the middle ear, or heart affections. For these reasons it is very important that the patient remain in bed until his strength returns—stay in bed at least two days or more after the fever has left you.

or if you are over 50 or not strong, stay in bed four days or more, according to the severity of the attack.

HOW TO AVOID THE DISEASE

Evidence seems to prove that this is a germ disease, spread principally by human contact, chiefly through coughing, sneezing or spitting. So avoid persons having colds—which means avoiding crowds—common drinking cups, roller towels, etc. Keep up your bodily strength by plenty of exercise in the open air, and good food.

KEEP FREE FROM COLDS

Above all, avoid colds, as colds irritate the lining of the air passages and render them much better breeding places for the germs. Use Vick's Vapo-Rub at the very first sign of a cold. For a head cold, melt a little Vapo-Rub in a spoon and inhale the vapors, or better still, use Vapo-Rub in a benzoin steam kettle. If this is not available, use an ordinary tea kettle. Fill half full of boiling water put in half a teaspoon of Vapo-Rub from time to time—keep the kettle just slowly boiling and inhale the steam arising.

NOTE—Vick's Vapo-Rub is the discovery of a North Carolina druggist, who found how to combine, in salve form, Menthol and Camphor with such volatile oils as Eucalyptus, Thyme, Cubeb, etc., so that when the salve is applied to the body heat, these ingredients are liberated in the form of vapors. Vapo-Rub can be had in three sizes at all druggists. While comparatively new in certain parts of the north it is the standard home remedy in the south and west for all forms of cold troubles—over six million jars were sold last year. Vapo-Rub is particularly recommended for children's croup or colds, as it is externally applied and, therefore, be used freely and often—without the slightest harmful effect.

supply the very best nature requires. They rectify morbid skin conditions—then from the source of skin health, springs loveliness of natural beauty. Don't confuse Marinello Preparation with ordinary cosmetics. They're different. They correct faults and foster natural "Rose Red" beauty.

Court House Notes

In the matter of the estate of Clark Rickett, the heirs were declared by the county court to be the widow, Mary Rickett, age 77, of Salem; Jennie Hobson, 49, of Valentine, Neb.; Frank Rickett, 47, of Salem; and Fannie Miller, 40, of Cornish, Neb.
Fannie Wolf, widow of Adolph Wolf has petitioned the court for her dower right of an undivided one-third interest in lands left by her husband. She indicated to the court that she would prefer her dower right rather than what was left by will, and petitioned the court to make her assignment.

The estate of Fred Unger Sr., deceased, is appraised at \$23,059.30. The appraisers were Joseph Keber, J. W. Ebner and Peter Degan.

The estate of Christ D. Widmer was appraised at \$1000. The appraisers were Frank P. Penner, Jacob Gerig and D. J. Steiner.

H. H. Boster, administrator of the estate of Barbara Frey, reported \$74.63 cash on hand.

In the case of A. R. Siegmund against G. A. Johnson, the court ordered that the plaintiff receive the sum of \$1348.45 together with \$109.40 attorney's fee and a foreclosure of the mortgage given to secure the note.

J. L. Quirk has brought suit against F. Pinekey and others for the foreclosure of a mortgage given to secure the payment of a note for \$1500 dated July 1, 1911. After the mortgage was given, Mr. Pinekey transferred the land to Elizabeth R. Heise and she later sold it to B. J. Calbeck and she sold to B. R. Ryan, who is now in possession. These parties are named in the petition for foreclosure proceedings.

The estate of D. E. Swank was appraised at \$8297.68. The appraisers were Russell Catlin, T. K. Ford and H. A. Johnson.

In the matter of the estate of Amphibol Cavanaugh, the executor reports that he has paid J. H. Cavanaugh \$600 and George W. Cavanaugh \$800 and that each had given \$100 to the estate.

The estate of William Goodrich was appraised at \$9745.40 by Claire C. Simmer, Cal Patton and George Deaty. Included in the appraisal was 80 acres of land in section 36, township 6 and 7 south range 3 west, valued at \$9000.

A marriage license was issued Jan. 8

FAMILY MURDERED.

(Continued from page one)

were found in the ruins. The heads of each body had been cleanly removed.

The family may have been burned to death, but Magruder and others say the condition of the bodies indicates murder.

The coroner's jury returned an open verdict directing the officials to conduct an immediate investigation.

All Had Been Ill.

All members of the family were ill with influenza or pneumonia, but all had recovered enough to have been able to leave their beds if the fire had been discovered by them. The blaze was discovered by neighbors shortly after 4 o'clock yesterday afternoon when the building was nearly totally destroyed.

According to Magruder, no weapon was found in the ruins.

The Blizek home is in a valley and neighbors, seeing smoke pour from the valley, thought nothing of it. The continued evidence of fire, however brought them to the scene.

A peculiar feature is that while the head of every body was removed, no skulls were found.

A physician who had been attending the family called several hours before the fire was discovered.

Officers conducting the investigation this afternoon said further evidence tended to strengthen the murder theory. It is believed tramps, taking Blizek to be a man of means, killed the family, took a box of money Blizek was said to have and then fired the home.

"Drys" Confident That "Wet" Attempts Will Fail

Washington, Jan. 9.—"Drys" in congress today were confident that "wet" attempts to have the courts declare the prohibition amendment to the federal constitution invalid, would fail.

They also declared that they were assured that the ratification of 36 states necessary to make the amendment operative, would be accomplished by the last of next week.

"We would have the necessary votes of state legislatures by the end of this week, if all of them could meet in time," said Representative Randall, California "dry."

Supreme court knocked out the principle was contention last Tuesday when it decided that the law was not unconstitutional because it passed over the president's veto by a vote of two thirds of the members present instead of two thirds of the whole congress.

Frisco Doctor Says Kaimi Isn't Cannibal

San Francisco, Jan. 10.—For the very reason that Solomon Kaimi, South Sea Islander, cats 'em alive, he is not a cannibal.

This was the opinion today of Dr. Otto Freyermuth, sent by the police to investigate Kaimi and his appetite. Kaimi attracted attention when he began eating his wife.

"Kaimi has not reverted to his old cannibalistic habits," said Dr. Freyermuth. "He has merely reverted to savagery. Cannibals do not eat their own kind and they cook their victims." Dr. Freyermuth pronounced Kaimi as "just an animal," who could not become insane because he lacks the brains.

Mrs. Kaimi, an intelligent woman, also of the South Seas, who married Kaimi that their race might not become extinct, is slowly recovering from loss of blood. She is considering availing herself of California's divorce laws.

The police, meanwhile, have not decided what to do with Kaimi.

MARY PICKFORD IMPROVING

Los Angeles, Cal., Jan. 9.—Mary Pickford was reported as improving today, although still confined to her home by the influenza. Her brother Jack Pickford, actor, was operated on yesterday for an abscess.

Expectant Mothers View Event Calmly

Time Brings Knowledge That by Use of Penetrating Remedy Suffering is Avoided.

Thousands of women have found by the application of Mother's Friend, the penetrating external remedy, prepared especially for expectant mothers, that pain and suffering during the crisis is avoided and that in addition the months preceding the crisis are free from nervousness, nausea, stretching and bearing-down pains and general discomfort.

Mother's Friend makes it possible for the expectant mother to herself actually aid nature in the glorious work to be performed, and no woman should neglect to give nature a helping hand. It will be infinitely less pain and the hours of the crisis will be less. The period is one of calm repose and restful nights.

By the use of Mother's Friend the skin is kept soft and natural, and experienced mothers say that it is much better to keep your health and good looks during the period of expectancy than to try to regain them afterward.

Write the Bradford Regulator Company, Dept. G, Lamar Building, Atlanta, Georgia, for their interesting Motherhood Book, and obtain a bottle of Mother's Friend and begin its use at once.

soldiers, believe that the existing organizations are not capable of solving the problems of taking care of the returning soldiers, they decided to perfect their own organization.

Speakers at the meeting last night denounced the espionage act and intimated that the United States declared war on Germany for commercial reasons.

The recall of allied troops from Russia and a general amnesty for all political offenders during the war were demanded in resolutions which were unanimously adopted.

Red Cross canteen service is to be maintained until every American soldier is at home, according to George F. Scott, general manager of the American Red Cross.

STRENGTH FOR YOUNG MOTHERS

How Lydia E. Pinkham's Vegetable Compound Restores Health and Strength.

Lansing, Mich.—"After the birth of my child I was not able to stand on my feet. I was so weak I could not get up. I suffered such pains in my back I could not work or hardly take care of my baby. One of my neighbors recommended Lydia E. Pinkham's Vegetable Compound. I took it and used Lydia E. Pinkham's Sanative Wash, and I got better right away and was soon a new woman and could work hard, and I can recommend these remedies to other young mothers who are weak and ailing as I was."—Mrs. ORA O. BOWERS, 621 S. Hooper Street, Lansing, Mich.

Women who are in Mrs. Bowers' condition should not continue to suffer from weakness and pain—but profit from her experience and give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

For suggestions in regard to your condition write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years' experience is at your service.

Because these people, including some

Stomach Distress Stops Instantly!

The moment you eat a tablet or two, all the indigestion, gases, pain, acidity and stomach distress ends—Instantly!

Costs little—All drug stores. Buy a box!

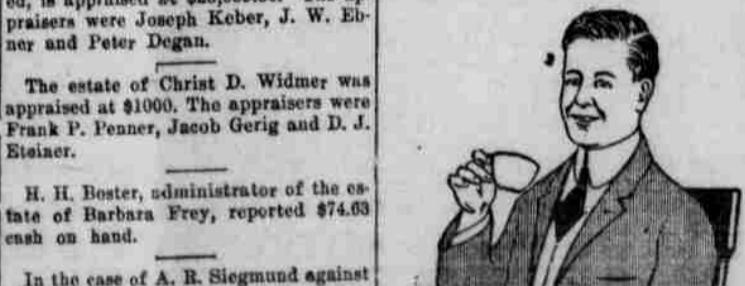

UPSET? Pape's Diapepsin WILL PUT YOU ON YOUR FEET

Shop Mornings

This pre-holiday suggestion is no less timely. Stores are seldom crowded during forenoons, affording safer and more convenient and pleasant shopping. Crowding is the thing the authorities object to. By heeding the suggestion to come mornings, if possible, the people of Salem and vicinity may be spared the inconvenience of closed stores.

There are real, Worth-while bargains, almost without limit all through the store. Entire lines, as well as odds and ends, are being cleaned up before inventory. These we cannot enumerate now. However, it is all dependable merchandise which you can profitably and safely take advantage of by coming to the store mornings. Do this if you can.

The Truth

is sometimes painful. For instance when the doctor says one must give up the dearly loved cup of coffee.

Happiness follows however, when one finds out how delicious and health making is the pure cereal drink

INSTANT POSTUM,
