**CONGRESS TO HALT
MUCH IMMIGRATION
TO UNITED STATES**

**Chairman Burnett Proposes
Bill To Stop Influx Of For-
eigners For Four Years.**

Washington, Jan. 9.—An effort to tighten immigration restrictions will be made at this session of congress despite the shortness of time before final adjournment.

Chairman Burnett of the house immigration committee today called his committee together to try to get an agreement on some measures that will call a halt on the rush to American shores expected as soon as there is shipping space.

There are two measures before Burnett's committee.

One by Burnett himself would halt for four years from the date of passage.

The other by Representative Larkin would stop immigration for two years.

The exception made in the two bills are government officials, skilled laborers, refugees from religious persecution and returning soldiers who are aliens. All these would be allowed admission on proof of status.

There is a demand for some check on immigration and it is coming from quarters which have favored the very light restrictions, Burnett said today.

Can't Allow Untrained Workers.

"One thing is sure, we cannot allow an influx of a million untrained workers a year during our adjustment period. We should allow the people we have now to get settled back into normal life before taking in more."

"The shortness of man power abroad may affect the situation some but not greatly. Foreign governments may make things very attractive for the people they want to keep and let us have the drugs. If congress will recognize the true situation, a bill can be passed before the end of this session."

Burnett also pointed out that immigration laws passed now would not interfere with any provisions that might be made in the peace treaty, because the treaty would override previous legislation.

Two powerful forces are working for immigration legislation. Labor wants it to safeguard wages during the period of high prices. The second force is one that wants to take preventative steps against and remote chance of a spread of bolshevism here.

The immigration bureau has already appealed to congress for more funds for the coming year, declaring that thousands of prepaid tickets have been purchased in this country for relatives in Europe.

**Ralph Southwick Felt Rich
With His Seven Months' Pay**

With seven months' pay due, private Ralph W. Southwick, son of Mr. and Mrs. P. B. Southwick writes that he will feel like J. P. Morgan when he draws it all. In a letter dated Dec. 18, 1918, addressed to his mother he writes as follows:

"We still hear many rumors as to our going straight home. However, I doubt very much reaching the U. S. before the beginning of spring at the earliest. We are fairly comfortably billeted here and have no kick coming on our treatment.

"I drew the first money from the

**SYRUP OF FIGS
FOR CROSS, SICK
FEVERISH CHILD**

**If Little Stomach Is Sour, Liver
Horned Or Bowels
Clogged.**

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged up waste sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can not cause injury. No difference what ails your little one—if full of cold, or sore throat, diarrhoea, stomachache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

**Portland Organizes Forces
To Fight Against Influenza**

Portland, Or., Jan. 10.—County, city and school district officials are organizing their forces today for a joint fight against the alarming spread of the influenza.

Compared to Wednesday's 327 new cases, a decrease was noted yesterday, when 218 sufferers were reported, but the deaths jumped from 11 to 17. The total of deaths since October 13 is 918.

Representatives of the city, county and school board held a conference last night and selected Dr. E. A. Somer, school director, to act as director general of the fight which will be waged against the epidemic.

The city will be divided into districts with school principals as deputy health officers.

Members of the city and county medical associations will meet in joint session this afternoon to consider means of combating the disease.

An appeal was sent today to the United States surgeon general for fifty nurses.

There are 200 cases of influenza at Vancouver barracks.
