PLENTY of money to loan on good farms; low interest rates; five years time; privilege to pay \$100 or multiple on any interest date. Call or write H. M. Hawkins, 314 Masonic bldg. Salem. 1-18

## EDWARD RENO HAS GAINED 25 POUNDS

### Takes Tanlac Following Attack Of Influenza And Results Are Wonderful.

"For anyone suffering from the after effects of influenza and needing something to build them up," said Edward W. Reno, a well known employe of the American Railway Express company, living at 1721 Broadway, Kansas City, Missouri, "Tanlac is the finest thing in the world, and I'll tell you why.

"During the recent epidemic I was taken down with the 'flu' myself and for two weeks was just about as sick as one gets to be. I finally managed to pull through, but my I was as weak as a baby afterwards. I lost twenty-five pounds in weight or more, and every ounce of my strength seemed to be gone. Of course, I wasn't able to do a bit of work and it was just about all I could do to walk around and my legs would just completely give out sometimes. I had no appetite, either, and never cared for a thing to eat.

"I knew I wouldn't be able to go back to work at all feeling like I was, and as I had heard so much about Tanlac I decided to test it out. Well, it seemed to help me right from the first few doses and has put me in shape to where I have actually gained twenty-five pounds in thirty days time. I have just finished my third bottle, and it is nothing short of astonishing the way it has increased my strength and built me up in every respect. I have not only gotten back my old strength, but I really believe I feel better than I did even before I had the 'flu.' My appetite is never better, all that tired feeling is gone and I am putting in ten hours of good, hard work every day, and it really doesn't bother me one bit. To say I'm strong for Tanlac is making it very mild. I am constantly telling some friend about it, and I think everybody who is in a rundown condition would do well to give it a trial."

As has been stated, there is not a single portion of the body that is not benefited by the helpful action of Tanlac. Tanlac contains certain medicinal properties which enrich the blood and promote a healthy appetite for nourishing food, thus helping to build up health and strength in the natural way. And, as in the case of Mr. Reno, Tanlac will prove invaluable to all persons suffering from the after effects of influenza, grippe, typhoid, and pneumonia, bronchial troubles, etc. Tanlac is a powerful reconstructive tonic and always produces most gratifying results.

Tanlac is sold in Hubbard by Hubbard Drug Co., in Mt. Angel by Ben Goehel, in Gervais by John Kelly, in Turner by Lyman H. Shorey, in Salem by Dr. S. C. Stone, in Silverton by Geo. A. Stoelhammer, in Gates by Mrs. J. P. McCurdy, in Stayton by C. A. Beauchamp, in Aurora by Aurora Drug Store. (Adv.)

## Political Prospect Is Quite Dry In Iowa

Des Moines, Jan. 13.—Iowa legislators went to work today with the convening of 38th general assembly. As usual the republicans have an overwhelming majority in both branches of the Hawkeye legislature. The big fight on organization will be on the speakership, for which 5 candidates are before the legislators.

One thing is certain regarding election of the presiding officer. He'll be a dry. The wets may make a fight, but the prohibs have enough votes to put in or defeat any man they choose. Ratification of the federal prohibition amendment is expected early in the session, as are several war relief measures, and a fight for a public utility commission to take the place of several departments.

200,000 ARE REACHED BY EXTENSION DIVISION University of Oregon, Eugene, Jan. 13.—More than 200,000 persons in the state of Oregon were reached by the various activities of the extension division of the University last year, according to the annual report of John C. property sold under sheriff's sale in March, 1918, the amount involved being \$12,600.

Semi-annual account filed by L. S. Lambert, administrator in the estate of Nicholas Lambert, deceased, showing balance on hand of \$978.

## Visiting Nurse Provided By Red Cross—No Charge

A visiting nurse has been provided by the Red Cross. Should there be symptoms of influenza in any member of the household, it is the wish of the Red Cross that Mrs. A. M. Brown, at the Marion hotel be telephoned at once.

Mrs. Brown, who is one of the three nurses sent to Salem by the Red Cross from Seattle has assumed the duties of visiting nurse. These visits are made free of charge. Mrs. Brown makes the personal visit to the patient and noting definitely whether the patient really has an attack of the influenza.

It is also the work of Mrs. Brown to make suggestions necessary for the first stages of the disease and arrange for permanent help. Through the work of Mrs. Brown a number of practical nurses have been placed.

From past experiences it is now well known that those who care for themselves when first attacked by influenza are in but little danger. Those who do not receive right attention and wait a few days to find out what they really have are the cases that have suffered the most.

Hence the Red Cross asks every household in the city where there is thought to be a new case of influenza to communicate at once with Mrs. Brown. Just telephone the Marion hotel, and if she happens to be out on duty, leave name and street address with the hotel.

## LAND FRAUD CASES REPORTED ON TODAY

### Attorney General Brown Says School Fund Is Smaller Than It Should Be.

Attorney General Brown today submitted to the state land board a report covering the status of the land fraud cases which he has been prosecuting, these being the Hyde-Benson cases and the Pacific Livestock company case.

In this connection he takes occasion to review the policy of the state as written in the statutes relative to protecting and conserving the state's lands, but says that it is common knowledge that thousands of acres have been taken from the state by means of fraud. This is true particularly in reference to the state school fund of \$6,000,000, which is a mere shadow compared to what it should have been," he says.

He points out that in the last two years, through the suits he has prosecuted, there have been returned to the state lands that had been procured by fraud, that are of many times the value of the amount appropriated by the last legislature to conduct his office.

For continuing the suits which are now pending he is asking the legislature for an appropriation of \$5000, which he says will barely meet the actual demands of the pending proceedings.

He has already recovered 14,000 acres of the land Hyde obtained by fraud, and expects to recover 12,000 acres more, while in the Pacific Livestock company case there are 17,000 acres involved. These lands consist of school lands, school indemnity lands and swamp lands.

## Eight Persons Identified In New York Central Wreck

Rochester, N. Y., Jan. 13.—Authorities today made new efforts to identify bodies of the New York Central wreck which took place yesterday morning at 4 o'clock near Byron, 25 miles west of this city.

The Southwestern Limited, one of the fastest night trains on the New York Central, speeding westward at a rate estimated at between 60 and 65 miles an hour, crashed into the rear of the Chicago flyer, while the latter stood motionless in the darkness at a point only a hundred feet east of the South Byre station.

The identified dead are: Thomas B. Cummings, New York; George Bigby, New York City; Patrick Dougherty, New York City; Mrs. Jennie Levene, New York; Frank E. Leonard, Jr., Grand Rapids, Mich.; Ballard Jones, colored porter, New York; F. D. Harvey, sergeant, 32nd Michigan infantry, Dougherty, Flint, Mich.

Almest, acting director. Extension lectures given throughout the state were attended by more than 100,000. Fourteen hundred students are enrolled in correspondence courses and extension classes. For the coming year so many requests for lectures have been received that it has not been possible to arrange for them all.

The busiest lecturer in the division was Lieutenant Colonel John Leader, commandant of the Oregon State Officers' training camp, who gave two hundred lectures during the year. The division has three different sets of lantern slide programs which were shown 598 times in 83 communities. The most popular courses offered, as indicated by the enrollment, are education, English composition and English literature.

## DIED

CLARK—Mrs. Anna G. Clark, mother of Mrs. Chas. Moore and Mrs. Gladys Mellinger, died Sunday, Jan. 12, 1919, of pneumonia at the home of her son-in-law, Chas. Moore, 987 South High street.

Anna C. Wakefield was born at Mapleton, Mo., March 12, 1848. She was married at Topeka, Kan., to Henry L. Clarke in 1872. The family removed to Oregon in 1887, arriving at McMinnville on May 10th of that year. This state has been her place of residence continuously since that date. Her husband died at Newberg, Ore., Nov. 11, 1914. The two daughters above named and two grandchildren, Henry Moore of Portland and Miss Marjorie Mellinger of this city, survive her. She was a lifelong member of the Christian church, a devoted Christian mother and wife, and her fine character is testified to by the loving sympathies of all who knew her. Private funeral services will be held Tuesday at the Rigdon chapel by Rev. Leland W. Porter, and interment will be at Ashland, Oregon, beside the body of her husband.

EMERSON—Mrs. Cora Embree, wife of J. W. Embree, of Portland, died in Salem, Saturday, January 11. Funeral services at the Webb & C. church chapel this afternoon at 1:30. Rev. Leland W. Porter conducting. The burial will be in the L. O. O. F. cemetery.

LIMBROCK—At his home near Pratum Sunday morning, January 12, Geo. Limbeck, aged 17 years. Funeral services announced later.

MULLER—In this city, Sunday evening at 7:30, Miss Ida Muller, aged 18 years. The funeral services will be held Wednesday afternoon at the home near Pratum.

Miss Muller had been serving as a nurse at the Deaconess hospital for some weeks, taking the influenza from one of her patients and dying after a severe illness. She leaves a father and mother, five brothers and seven sisters. One brother, Edward Muller, and one sister, Mrs. Ella Moore, are residing in this city.

PLANTS—At his home in this city, Sunday morning at 1:30 o'clock, Paul Plants, aged 21 years. Deceased had been a resident of Salem for about 13 years, graduating from the High school in the year 1915. He was married in this city to Miss Grace Dodd in 1916, and is survived by his wife, one child, his father and mother and one brother, residing in California. The funeral was held this afternoon at two o'clock at the Bigdon parlors.

WHITE—At her home in this city Sunday, January 12, Miss Cordene Isabel White, aged 19 years. She was the daughter of Mr. and Mrs. Thos. C. White, residing at 1646 Mission street. The funeral services will be announced later.

CLARK—At her home at 987 South High street, in Salem, January 12, Mrs. Annie C. Clark, at an advanced age. She had been a resident of Salem for a number of years, her husband having passed away several years ago. The funeral will be held at the Rigdon parlors tomorrow afternoon and the body will be sent to Ashland for interment.

PICKENS—At the home at 1963 North 4th street, Saturday, January 11, the infant son of Mr. and Mrs. Chas. Pickens, aged 8 months. Funeral services were held at the Rigdon parlors today.

WHITE—At the home of her parents, Mr. and Mrs. Thomas C. White, 1616 Mission street, Salem, Oregon, Sunday, January 12, 1919, at 12:30 p. m. Claudine Isabelle White, at the age of 19 years, 24 days, of pneumonia. Besides a host of friends and relatives she is survived by her parents, one sister and two brothers. Mrs. V. H. Beckman, Harold T. and Loren R., all of this city. The funeral will be held from the Rigdon chapel at p. m. Tuesday, January 14, 1919.

CARD OF THANKS To those who so kindly and lovingly rendered assistance and sympathy during the last illness of our beloved wife, daughter and sister, we desire to express our deepest gratitude. J. S. PINNELL, MRS. JOSEPHINE BROSS, MR. and MRS. H.W. BROSS.

## Roachman Is Due In New York, January 20

Washington, Jan. 13.—The transport Roachman, Bordeaux for New York is due January 20 with the following troops:

30 men and seven officers of the 347th field artillery; (88th division) 533 men and 19 officers of the 339th field artillery (88th division); twenty casual officers.

The transport Lapland, Brest for New York, is due with 114th trench mortar battery (39th division) to be demobilized at Camp Beauregard; about 150 sick and wounded and about 50 casuals in addition to the following casual companies demobilization given in parentheses:

211, 212, 213, all negroes (Camp Dix); 214 (Camp Upton); 215, 216, and another, the number of which is missing (Camp Meade); 417 (Camp Gordon).

Transport Crete, Brest for New York due January 29, with the 42d regiment coast artillery, group of casuals and about 215 sick and wounded.

## SPANISH INFLUENZA—A NEW NAME FOR AN OLD FAMILIAR DISEASE

### Simply the Same Old Grip That Has Swept Over the World Time and Time Again. The Last Epidemic in the United States Was in 1889-90.

**ORIGIN OF THE DISEASE** Spanish influenza, which appeared in Spain in May, has swept over the world in numerous epidemics as far back as history runs. Hippocrates refers to an epidemic in 412 B. C. which is regarded by many to have been influenza. Every century has had its attacks. Beginning with 1831, this country has had five epidemics, the last in 1889-90.

**THE SYMPTOMS** Grip, or influenza as it is now called usually begins with a chill followed by aching, feverishness and sometimes nausea and dizziness, and a general feeling of weakness and depression. The temperature is from 100 to 104, and the fever usually lasts from three to five days. The germs attack the mucous membrane, or lining of the air passages—nose, throat and bronchial tubes—there is usually a hard cough, especially bad at night, often times a sore throat or tonsillitis, and frequently all the appearance of a severe head cold.

**THE TREATMENT** Go to bed at the first symptoms—take a purgative, and plenty of nourishing food, remain perfectly quiet and don't worry. Nature herself is the only "cure" for influenza and will throw off the attack if only you conserve your strength. A little Quinine, Aspirin or Dover's Powder may be given by the physician's directions to allay the aching. Always call a doctor, since the chief danger of grip is in its weakening effect on the system, which allows complications to develop. These are chiefly pneumonia and bronchitis, sometimes inflammation of the middle ear, or heart affections. For these reasons, it is very important that the patient remain in bed until his strength returns—stay in bed at least two days or more after the fever has left you, or if you are over 50 or not strong, stay in bed four days or more, according to the severity of the attack.

**EXTERNAL APPLICATIONS** In order to stimulate the lining of the air passages to throw off the grip germs, to aid in loosening the phlegm and keeping the air passages open, thus making the breathing easier, Vick's VapoRub will be found effective. Hot, wet towels should be applied over the throat, chest and back between the shoulder blades to open the pores. Then VapoRub should be rubbed in over the parts until the skin is red, spread on thickly and covered with two thicknesses of hot flannel cloths. Leave the cloths loose around the neck as the heat of the body liberates the ingredients in the form of vapors. These vapors, inhaled with each breath carry the medication directly to the parts affected. At the same time, VapoRub is absorbed through and stimulates the skin, attracting the blood to the surface, and thus aids in relieving the congestion within.

**NO OCCASION FOR PANIC** There is no occasion for panic—influenza or grip has a very low percentage of fatalities—over one death out of every four hundred cases, according to the N. C. Board of Health. The chief danger lies in complications arising, attacking principally patients in a run down condition—those who don't get to bed soon enough, or those who get up too early.

**HOW TO AVOID THE DISEASE** Evidence seems to prove that this is a germ disease, spread principally by human contact, chiefly through coughing, sneezing or spitting. So avoid persons having colds—which means avoid crowds—common drinking cups, roller towels, etc. Keep your bodily strength by plenty of exercise in the open air, and good food.

**KEEP FREE FROM COLDS** Above all, avoid colds, as colds irritate the lining of the air passages and render them much better breeding places for the germs. Use Vick's VapoRub at the very first sign of a cold. For a head cold, melt a little VapoRub in a spoon and inhale the vapors, or better still, use VapoRub in a benzoin steam kettle. If this is not available, use an ordinary tea-kettle. Fill half full of boiling water, put in half a teaspoon of VapoRub from time to time—keep the kettle just slowly boiling and inhale the steam arising.

**NOTE**—Vick's VapoRub is the discovery of a North Carolina druggist, who found how to combine, in salve form, Menthol and Camphor with such volatile oils as Eucalyptus, Thyme, Cubeb, etc., so that when the salve is applied to the body heat, these ingredients are liberated in the form of vapors. VapoRub can be had in three sizes at all druggists. While comparatively new in certain parts of the north, it is the standard home remedy in the south and west for all forms of cold troubles—over six million jars were sold last year. VapoRub is particularly recommended for children's croup or colds, as it is externally applied and, therefore, is used freely and often without the slightest harmful effects.

## California Legislature May Recess Because Of Flu

Sacramento, Cal. Jan. 13.—The California legislature may recess for two months on account of the influenza. This move is now being considered today. Under the law, the session is divided in two parts, the first for the introduction of bills, and limited to not more than 30 days; the second for the consideration of proposed measures, to follow the first after a recess of at least 30 days. The first session may be concluded Saturday this week. At the latest it will be over January 24.

## Two Flyers Were Killed At Caruthers Field Today

Fort Worth, Texas, Jan. 13.—Two flyers were killed, one fatally hurt and a fourth slightly injured in two accidents at Caruthers field here today. Lieutenant John E. Garbutt, Sheridan Wyo., and Mechanic R. L. Quinn, Pittsburg, Pa., fell five thousand feet in a tail spin, and were killed. Two minutes later Cadet Francis H. Bostick, Amity, Ia., and Mechanic Ralph Mellwin, Oakville, Ill., also crashed in a tail spin. Mellwin was probably fatally injured, but Bostick only slightly hurt.

## War Labor Board Continues Investigation Of N. Y. Strike

New York, Jan. 13.—In an effort to settle the controversy between boat owners and 16,000 marine workers that caused a three day tie-up of the Port of New York, the national war labor board resumed hearings on the case here today. Despite assertion of the boat owners that they would object to the presence of Basil M. Manly, joint chairman of the war labor board, and other labor representatives at the hearing, those officials were to be present. The board has been instructed by President Wilson to render a decision and enforce it.

Someone got a "bum hunch" today in starting the rumor that there was a strike on at the Spanning lumber mill with consequent interruption of work. Superintendent Myers stated that at the hour of starting there were many more men on hand than could be used.

The following members of the Oregon legislature are registered at the Bligh hotel: Robert Pahl, Medford; W. R. Jones, Eugene; O. W. Horsford, Coquille; W. M. Burns, Portland; C. A. Sidler, Grants Pass.

**Bowels Acting Properly?** They ought to, for constipation makes the body retain waste matters and impurities that undermine the health and play havoc with the entire system. Dr. King's New Life Pills are reliable and mild in action. All druggists. 25c.

## Austro-Germans Would Embrace Peace Conferees

Washington, Jan. 13.—Austro-German designs to precipitate Balkan trouble to embarrass the peace conferees were disclosed here today from two distinct diplomatic sources. Recent Rumanian disturbances have been laid to Hungarian conspirators by an official board of inquiry, it was learned. Italy blames Vienna plotters for the Jugo-Slav threats to create discord at Paris, unless the Rome delegation relinquishes irredentist claims.

## COUGHS AND COLDS QUICKLY RELIEVED

## Dr. King's New Discovery used since Grant was President Get a bottle today

It did it for your grandpa, for your father. For fifty years this well-known cough and cold remedy has kept an evergrowing army of friends, young and old.

For half a century druggists everywhere have sold it. Put a bottle in your medicine cabinet. You may need it in a hurry. Sold by druggists everywhere. 60c and \$1.20.

## Court House

A writ of execution was issued in the case of J. A. Webber vs. F. J. Keller to satisfy a judgment in the amount of \$235.27.

A complaint was filed in the case of Mary Flynn vs. W. W. Flynn, suit in equity for the dissolution of marriage relation. The couple were married in the year 1892 and have but one child. There are no property interests involved. The complainant alleges violent temper on the part of the defendant, cruel and inhuman treatment, which includes defamation of character. It is stated that on one occasion the husband indulged in smashing up the furniture. Plaintiff asks for the custody of the child.

An instrument was filed by Arthur Bushner, Chas. Bushner and O. A. Bushner, showing the redemption of real stores.

## EAT A TABLET! DYSPEPSIA GONE

### Pape's Diapepsin Instantly Relieves Sour, Gassy Or Acid Stomach.

When meals hit back and your stomach is sour, acid, gassy, or you feel full and bloated. When you have heavy lumps of pain or headache from indigestion, here is instant relief!

Just as soon as you eat a tablet as two of Pape's Diapepsin all the distress ends. These pleasant, harmless tablets of Pape's Diapepsin never fail to make upset stomachs feel fine at once, and they cost very little at drug stores.
