HOUSE BUSINESS IS NOW PROGRESSING AT SATISFACTORY PACE

In Fact, Nearly All Bills Are Hands Of Committees And Work Is Scarce.

The house is moving along so rapidly in its business that unless the members present more bills or get into some lengthy debates, there will be nothing to do but mark time until the committee can make their several reports or to adjourn for a few days.

According to the usual custom of the house, when all comes up for second reading, unless there is some amendment offered, it is assigned to a committee. And until the committee to which it is assigned makes a report, there the bill stays.

One of the lights looming up on the horizon is that of consolidating the state commissions. The committee in charge of the resolution which provided that the house appoint a committee of three to act with a senate committee of three, reported favorably.

P. J. Gallagher representing Harney and Malheur counties wanted a commission of the house to do its own investigating separate from that of the senate. Hare of Hillsboro said that he believed in both the house and senate working together. He thought that the consolidation of the various state commissions was one of the big problems and urged that the house co-operate with the senate.

Should Work Together. Richardson of Portland who has been taking an active interest in the bill and who hopes probably to be one of the three appointed from the house was emphatic in his statement that something should be done by the house and senate working together. He felt action should be taken regardless of those who might be separated from their state home jobs. Also that the proposed committee should get busy regardless of politics.

After the oratory, the house voted 43 in favor of accepting the committee's recommendation of co-operating with the senate with nine opposed and three absent. By this vote the house signified its willingness to appoint a committee of three to act with a senate committee of three to do deeply into the proposition of cutting down the number of state commissions and state jobs, and to subpoena witnesses.

Bills Introduced. This morning the following bills were introduced:

No. 24. By Lewis of Multnomah county. To create a tax supervising and conservation commission to promote efficiency and economy in expenditure of public funds. The bill favors a commission of three from each county.

No. 25. By Scheubel of Oregon City. To amend the law relative to special road tax.

No. 26. By Scheubel of Oregon City. To amend the law relative to the construction of roads and highways.

No. 27. By Scheubel of Oregon City.

Funeral Services For Late John D. Sutherland

Evidences of sincere sorrow marked the funeral services of the late John D. Sutherland in this city yesterday. Friends of many years gathered at the family home, 635 Chemeketa street, at 11 a. m., where Rev. Dr. R. N. Avisson conducted services. In his brief address he dwelt upon the hope of immortality and reunion promised in the Holy Word, and paid a tribute to the worth of Mr. Sutherland as a citizen in the community where he had lived for many years. Mrs. Carlton Smith sang beautifully concluding the service. The casket was banked with a profusion of floral tributes from friends.

Interment took place in the Odd Fellows cemetery, the active pall bearers being Rollin K. Page, Milton L. Meyers, Dr. L. F. Griffith, Charles H. Fisher, Scott Page and G. G. Brown. Honorary pallbearers were: Ben W. Oleott, Thomas H. Kay, Justice George H. Burnett, Dr. R. E. Lee Steiner, Dr. Richard Cartwright, and W. H. Eldridge.

A number of people motored up from Portland to attend the services, among them being Mrs. Phil Mettschman, Mrs. Kenneth Neill, Mrs. Willis Dunaway, Mrs. F. E. Smith, Mrs. William Ball and Mr. J. W. Morrow.

SPANISH INFLUENZA—JUST GRIP CAMOUFLAGED UNDER NEW NAME

Most Authorities Now Agree That This Disease Is Simply The Old-Fashioned Grip. The Same That Has Swept Over The World Times Without Number. Since 1831 The United States Has Had Five Epidemics.

The Last Epidemic in 1889-90 Came From Russia by Way of France and Was Given a French Name, La Grippe. This Time It Comes by Way of Spain.

ORIGIN OF THE DISEASE Spanish influenza, which appeared in Spain in May, has swept over the world in numerous epidemics as far back as history runs. Hippocrates refers to an epidemic in 412 B. C. which is regarded by many to have been influenza. Every century has had its attacks. Beginning with 1831, this country has had five epidemics, the last in 1889-90.
