## SQUELCHING FRENCH TONGUE IS FAILURE

## Lorraine And Alsace Began Speaking French When Armistice Began.

(United Press Staff Correspondent.) Strassburg, Dec. 17.—(By Mail.)—German efforts to stifle the French nationality in Alsace and Lorraine by prohibiting the use of the French language have not succeeded. French came back the day the Germans signed the armistice, to the surprise of many German officials.

During the war it has been strictly prohibited to use a single word of French. Numbers of cases are cited to you in Colmar and Strassburg of men and women serving periods of several days in jail for greeting friends with the French "Bon jour."

But "verboten" edicts have failed to stop the language from prospering. Little tots not more than 4 and 5 years old, who could not talk when the anti-French edict went into effect speak French among themselves, and sang the French songs at the top of their voices.

They have been taught in secret, and many families have suffered punishment for their French conversations, but they refused to be squelched. Numbers of people speak German more commonly than French, however, though they protest that it is Alsatian they are using. Before the war French was allowed in schools for one hour a day only.

Metz is perhaps the most German city of all Alsace-Lorraine. This is explained by the fact that it was bordered by German territory, and the headquarters for Germans, numbers of whom held government positions, which they had monopolized at the expense of the Alsatians. German smugglers and merchants formed a large factor of the population.

\*\*\*\*\* THE EARLIEST WAY TO END DANDRUFF \*\*\*\*\*

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

Portland Citizens Won't Be Compelled To Wear Masks. SOMEBODY HEAD IT OFF. The following little sketch has been sprung by a certain person on the street—undoubtedly with malice in his heart. It is printed here in strict confidence, with the hope that the reader will see that it goes no further. A small boy at the breakfast table (caught in the act of reading the Statesman) asks: "Papa, did you read this long string of preachers that's going to pray in the legislature?" "No, sonny; I heard about it." "Well, why do they have to have so many pray for the legislature?" "They don't, my boy; the take a look around over the legislature and then pray for the state of Oregon."
