ERRO FARM OF THIRTY-EIGHT ACRES SOLD TO J. B. BYBERG Rev. J. B. Byberg, recently from North Dakota, but for the past six weeks a resident of Woodburn, has bought the O. K. Sebo ranch of 39 acres located just outside of the city limits of Silverton, south. The consideration was \$10,000. The transfer of property took place Friday. Mr. Sebo had a most attractive farm site and had not considered selling the place until Mr. Byberg came along and was desirous of purchasing. Possession will be given the first of the month. The Sebo family will move to Silverton and occupy one of the Drake residences on South Water street. Mr. Sebo has other farm property which he will look after. The property was handled through the J. E. Hosmer agency—Appl.

The Washington state senate has passed the criminal syndicalism bill over the last session veto of Governor Lister by a vote of 37 to 5.

HAZEL GREEN NOTES SAYS ACID STOMACH CAUSES INDIGESTION

Mrs. Sims and daughter, Mrs. May Seivits of Portland are the guests of Mrs. Worden this week. Hazel Green friends sympathize with them in the loss of their daughter and sister Mrs. Isabelle Johnson. Miss Grace Rape has been on the sick list for a week. Paul Pietrock, brother of Mrs. Bliss Zeilinski, who was wounded in France and lost his left arm has returned to the U. S. and is now in Virginia. Glenn, the youngest son of Mr. and Mrs. G. G. Looney fell from a hay loft Tuesday striking the barn floor with his hands and slightly spraining both wrists. Mr. Boelck has been ill with the flu since he returned from Portland. His daughter Mrs. Emma Freed is sick now. Mrs. Gladys Aspinwall is on the road to recovery and her mother Mrs. Hattie Van Cleave is having a light attack of the flu. Wm. Dunigan who is stationed at the old Napoleon barracks at Brest, France, says that they have plenty of rain and mud. Something like good old Oregon. Mrs. Earl Wood and her sister-in-law went to San Francisco this week to be with the former's husband who was ill with the flu, but did not arrive until after his death. They will return Friday with the body for interment at Salem. Mrs. Ione Sheldon is still in a serious condition from spinal meningitis following the flu. A dispatch from London states that regular airship mail service to America during the summer of next year is certain. American Christmas mail to Sweden has not yet arrived and is believed to have been lost on the missing British steamer, Gitano.

RETURNED SOLDIERS OFFERED JOBS BY CANADA'S NEW NICKEL PLAN Why not refine our own nickel? asked Canadians. The International Nickel Company of Canada answered the challenge by erecting a \$50,000,000 refinery at Port Colborne, Ontario, at the head of the Welland Canal. This is a strategic location — is a short, straight-away haul from the famous Cobalt mining district; allows a water haul for the fuel and fluxes that must be imported from the states, and for the export of finished metals. Twenty thousand pounds of nickel and 8,000,000 pounds of copper is estimated as the annual capacity of the new plant which has been constructed with a view to enlargement as the promoters plan to have the entire output of the Sudbury mines handled at Port Colborne eventually. These mines furnish 70% of the world's output of iron ore, this when smelted results in matte of nickel and copper. This refinery represents the last word in refining efficiency. Wherever possible, mechanical devices have been installed to economize on labor. The International's policy is to give employment to every returned soldier who seeks work. Its general manager sums up their experience with this class of labor, thus: "While the work of some of the veterans has been very satisfactory and while they have been given light work so as not to overtax them, a curious degree of restlessness has been encountered. Men who were eager to commence work, disappeared overnight, never to return. The psychology of the returned soldier furnishes a problem that demands much study. Time and patience must be exercised with the whole class, and tact and consideration in individual cases during the trying period of re-adjustment to the men on their feet again in an industrial way."

SILVER FALLS MILL WILL START SAWING ON MARCH 1 The Silver Falls Timber company expects to resume operations at the big mill the first of March. The planer is running steadily. There is no activity in the lumber camps at present. The snow has practically disappeared in the woods although the mud is plenty deep enough during the wet weather.—Appeal.

WILL RESUME SAWING OPERATIONS NEXT MONDAY AT MILL The Silverton Lumber company have completed the mid-winter repair of the mill, cleaned the pond and are again ready for sawing. The company plans to resume sawing operations next Monday.—Appeal.

William D. Stuart, who was elected prosecuting attorney of Wahkiakum county at the last election, has resigned.
