We have the workly meeting of the Salem Ministers association held yesterday, in a discussion of the influenza situation, there were representatives of nine different tractor companies present and each one of them was given an opportunity to explain the operation of his particular machine. As the tractor was a general opinion that a stricter quarantine would solve the problem just now rather than having the town closed. As it was understood that some members of the Salem-Ministers association would be called into the general conference, it was desided that Dr. R. N. Avison, Dr. Geo. F. Holt and Dr. H. N. There is a feeling that the legisla-tors will wrestle with the penitentiary problem—not on its management—as that subject is tabu, but on the build-ings. As in all questions before the egislature there are the two interests legislature there are the two interests and in this case it is of those who would like to scrap the pen and erect an entirely new building and those who feel that the walls of the pen are sufficient but that the interior should be re-built. Don't Suffer

MANY men and women are suffering because they are treating effects instead of removing causes.

Why bother with limiments and lotions for rheumatic pains, backsche, stiff joints, sore muscles, biliousness, nervousness, floating specks in the vision, dizziness, puffy pouches under the eyes, or other symptoms of kidney trouble when the kidneys can be made well and strong, thus removing the cause of the symptoms?
