### "My Little Pets Love Cascarets"

TO MOTHERS! If you will learn to give this harmless candy cathartic to your children, instead of castor oil, calomel and pills, you will save money and avoid lots of worry and trouble. Truly!

When one of the kiddies has a white tongue, a tainted breath, sour stomach or a cold; when bilious, constipated, feverish, remember, a Cascaret to quickly "work" away the nasty bile, sour fermentations and poisons should always be the first treatment given.

Children really like to take candy Cascarets and they never gripe the tender bowels, never injure, and never disappoint the worried mother.

Give Cascarets to children one year old and upwards. Each 10 cent box contains full discretions for children and adults.

THE Place to Trade All that the name implies plus style

Here are a new group of Wirthmor Waists that like all the Wirthmors that have proceeded them are true to their name WORTH MORE.

Many are the features that distinguish the Wirthmor from all others at the price. They have that fineness and daintiness of character that is usually incident to higher price Blouses; they are made of Quality Fabrics and so cut as to be true to size and to fit perfectly.

To realize just how splendid these values are we suggest that you find out the price of materials of which they are made, figure the amount necessary for a waist and try to estimate the cost of making. You'll then wonder just as we do, how such waists can be made to sell for a price so small.

The new Styles illustrated were just received and but recently created. They are January Styles for January selling, made according to the Wirthmor idea of always providing the new while it is NEW. Every Waist is of course unconditionally guaran-
