

SCHOOL-DAY STRAIN

A parent troubled over a child or a fast-growing youth, could do no better than to utilize the definite help that

SCOTT'S EMULSION

affords as a strengthening and nourishing factor. A very little of Scott's every day, during a time of stress, furnishes elements of nourishment essential to the blood and tends to confirm a growing child in robustness. For your boy or girl, you will not be satisfied with anything short of Scott's.

Alleged That War Prices Prevailed Long Before Cain Had His Little War.

(By United Press.)

Teheran, Persia, Jan. 23.—(By Mail.)—This old town, clanking the distinction of having invented the High Cost of Living.

It is alleged that war prices for food

ALKALI IN SOAP BAD FOR THE HAIR

Soap should be used very carefully. If you want to keep your hair looking its best, most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mildified coconut oil, which is pure and greaseless, and is better than the most expensive soap or anything else you can use.

Congress Accepts Allied Plan For Dealing With Russia

Washington, Jan. 23.—Congress today accepted with favor the allied plan for dealing with Russia as suggested by President Wilson.

One criticism that should be voiced of the plan, Senator Hiram Johnson, of Oregon, said, is that it does not tell the American people how long American soldiers are to remain in Siberia.

WHAT FRANCE HAS DONE FOR DEMOCRACY

France has poured out blood and treasure to the breaking point to make the world safe for democracy. America owes her an enormous debt of gratitude for this and also for a perfect remedy for stomach, liver and intestinal trouble found by her peasants and used with reported marvelous results in this country.

BECAUSE THE WOMEN of Oregon do so much of the buying for Oregon homes, the responsibility for this movement for a "Greater Oregon" rests with them in a very large way.

The degree of our success will depend on the extent to which Oregon's women WILL use home products.

WOULD MAKE NORMAL TRAINING COERCIVE

Representatives Opposed To Grade Teachers Without Normal Certificate.

Whether or not graduates of universities and colleges from any part of the United States should be permitted to come to Oregon and teach in the graded schools was discussed for an hour this morning by the House and it was finally decided that they should not.

As the law now stands a graduate of any recognized college or university in any part of the country may come to Oregon and on presentation of their diploma, be issued a certificate to teach in a high school.

And after teaching successfully for six months, upon application to the county superintendent and upon his recommendation, the teacher without an examination, is to be given a five years certificate to teach in the high schools.

The law proposed that such privileges should be extended in order that the college graduate might teach also in the graded schools.

This brought out the big question as to whether a normal school training should be required of teachers in grades and by their vote, members of the House favored the normal school training for grade teachers.

Cross of Oregon City favored opening all kinds and grades of schools to the college or university graduate.

Smith of Multnomah, the labor delegate, says the security of teachers was due to the fact that a bad carrier got a lot more money than a college graduate teacher.

COURT HOUSE

An inventory and appraisal was filed in the estate of John A. Decker, deceased.

An order was issued appointing P. B. Decker and P. E. Callister as joint administrators in the estate of Earl Wood, deceased.

A petition was filed asking for authority to sell certain real property in the estate of Mary McGeary, deceased.

An amended judgment was entered in the case of Frank M. Ford vs. Richard Swartz, action for money.

A marriage license was issued to Adam Vachter and Sabina Reitz, both of Gervais.

Wilmington, Del., Jan. 24.—John A. Newell, 50, former famous baseball star, died of apoplexy at his home here today.

WOMAN SO ILL COULD NOT WALK

Lydia E. Pinkham's Vegetable Compound Restored Her to Health.

Ferth Amboy, N.J.—"For three years I suffered with a severe female trouble, was nervous, had backache and a pain in my side most of the time. I had dizzy spells and was often so faint I could not walk across the floor. The doctor said I would have to have an operation. I read about Lydia E. Pinkham's Vegetable Compound in my newspaper, and tried it. Now I am better, feel strong, have no pains, backache or dizzy spells, every one tells me how well I look, and I tell them to use Lydia E. Pinkham's Vegetable Compound—that is what makes me feel well and look well. I recommended it to my sister and she is using it now. You can use this letter if you wish, for it is certainly a grand remedy for a woman's ills."—Mrs. MARTHA STANISLAWSKI, 524 Penn St., Ferth Amboy, N.J.

For forty years Lydia E. Pinkham's Vegetable Compound has been overcoming such serious conditions as displacements, inflammation, ulceration, irregularities, periodic pains, backache, dizziness, and nervous prostration of women, and is now considered the standard remedy for such ailments.

RUSSIA'S PLACE IN LEAGUE DEPENDS ON PEOPLE THEMSELVES

Soviet Basis Doubtless Will Prevail Although Other Factions Are Strong.

By J. W. T. Mason

(Written for the United Press)

New York, Jan. 23.—A compromise agreement by four Russian factions alone is necessary to ensure the success of the allied plan for calling the Russians to a general conference on Princes Islands in the Sea of Marmora.

Since the bolsheviks are now the actual governing body of Russia their authority will be greater than any others at the meeting. But three groups exist in Russia whose influence must be admitted by bolsheviks before a condition of domestic stability can be assured.

The factions have engaged in constant conflict since the Russian revolution began, but they have all made valuable contributions to the successful overthrow of Romanoff tyranny.

The bolsheviks primarily will have to abandon their class warfare in order to reach a common understanding with the other groups. Recent events in Germany and the responsibility of power felt by Lenin have lately forecast the inevitable recognition of this fact by the bolshevik leaders.

"OH, IF I COULD BREAK THIS COLD!"

Almost as soon as said with Dr. King's New Discovery Get a bottle today!

The rapidity with which this fifty-year family remedy relieves coughs, colds and mild bronchial attacks is what has kept its popularity on the increase year by year.

This standard reliever of colds and coughing spells never loses friends. It does quickly and pleasantly what it is recommended to do. One trial puts it in your medicine cabinet as absolutely indispensable. 60c and \$1.20.

SENATE PASSES

(Continued from page one)

issued by Herbert Hoover yesterday.

In addition to the official statement in response to Senator Borah's charges that the \$100,000,000 was decided upon before Hoover came to Europe, Hoover made a supplementary statement to the United Press today.

"Immediately on signing the armistice it was evident that, with evacuation of the Germans of the devastated areas, the starving populations of those territories would appeal to the United States for aid," said Hoover.

"Repeatedly I stated in public, and in private that they would need financial assistance to buy food from the United States until the next harvest. As a result of the appeals to him, the president requested me to go to Europe for no other purpose than to investigate the situation and organize such help as we could give in co-operation with the allied governments. This organization has been effected and wherever it could legally or charitably give help it has been given.

"A situation has arisen, however, where further legislation is necessary before anything can be done and the president has asked congress for a definite appropriation to assist the liberated territories in the prevention of starvation and anarchy."

LACHMUND-THOMAS

(Continued from page one)

by court order. An appropriation of \$10,000 for the construction of an armory at Silverton is provided for in a bill introduced today by Senator Lachmund. The appropriation is conditioned upon the city of Silverton paying one-third of the cost of the armory and donating the building site.

The same unvarying quality. Try fragrant, fine-flavored Columbia Brand Ham and Bacon for breakfast and other meals. They satisfy the appetite every time. And for crisp, flakey pastry, you'll get satisfying results with Columbia Brand Pure Lard. We can supply you with the se Oregon Quality Products. Roth Grocery Company Salem, Oregon.

Number of Bills Passed.

A bunch of bills were passed by the senate today, among them being Senator Howell's bill legalizing the organization of home guards, which will be under the authority of the county sheriff, except when they volunteer for duty in some other than their home county, in which event they will be under the authority of the governor.

So opposition was shown to the bill, Senator Howell explaining its provisions and Senator Farrell pointing out that it would impose no cost upon the state, as the expense is met by the counties.

Senate bill 64, introduced by roads and highways committee, was passed. It gives the state highway commission or county commissioners authority, when a condemnation suit is instituted to obtain land for a highway, to immediately take possession of the land, instead of being required to await the determination of the suit.

The bill also provides that if the owner of the land cannot be located in the state, the highway commission or county commissioners may begin condemnation proceedings without being required to make an effort of the owner to agree on the value of the land.

Another bill passed, being senate bill 36, increases the amount allowed sheriffs for boarding county prisoners from \$3 to \$4.50 a week. This amount applies to prisoners in excess of four. The bill does not apply to Multnomah county.

All state aid to the state industrial accident commission is eliminated by senate bill 61, which was passed by the senate today.

Other bills were passed by the senate today as follows:

S. B. 32—By Eberhard—Relating to the time when a judge may issue an order confirming a sale under execution.

S. B. 6—By Norblad—Relating to when a defendant may plead a counterclaim against the plaintiff.

S. B. 24—By Jones—Opening the season for salmon fishing in the Sinalaw river and its tributaries from May 15 to July 15.

S. B. 39—By Eddy—Relating to attorney's fees allowed in action on wage claims.

S. B. 42—By Eddy—Providing that municipalities may bid in property against which they have liens and which is being sold for delinquent taxes.

S. B. 40—By Baldwin—Providing that drainage districts shall have authority to construct irrigation works.

H. B. 138—By Ways and means committee—Appropriating \$25,000 as a part of the current expenses of the legislative assembly.

Hurley Causes Smiles. At the session yesterday afternoon, Senator Hurley caused a ripple of laughter in the senate by introducing a resolution which provides that all newspapermen and lobbyists about the legislature should be required to wear five thicknesses of gauze. In addition, the resolution specifies that C. C. Chapman of the Oregon Voter should wear high top boots.

Senator Huston moved to include in the resolution the names of Senator Orton and Representative Sheldon, while Senator Dimick pointed out that if this were done the resolution should be referred to T. Paet, the creation of Ralph Watson, who has characterized Orton and Sheldon as the talking twins.

The resolution was referred to the committee on medicine.

The senate passed house joint memorial No. 1, by Jones, which urges the government to issue patents to the Indian lands in the Siletz reservation.

Don't fret about that ugly rash—Let Resinol heal it

You just dread to put on your clothes—their contact with that distressing rash is unbearable—and every day it becomes worse—more angry looking. Cease fretting—don't let yourself become distracted, for here's the very thing to use—Resinol Ointment. Physicians for many years have prescribed Resinol Ointment for cases similar to yours. Remember Resinol Soap also contains the same healing medication that is embodied in the ointment—use them both for quicker results.

order confirming a sale under execution. S. B. 6—By Norblad—Relating to when a defendant may plead a counterclaim against the plaintiff. S. CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

"California Syrup Of Figs" Can't Harm Tender Stomach Or Bowels.

A laxative today saves a sick child tomorrow. Children simply will not take time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour, liver gets sluggish, mother! If Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath full, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness. Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

Mr. Business Man As a matter of economy you should consult the Journal's Job Department before placing your printing--we are satisfying Salem's leading firms--put us on your calling list. Phone 81
