STIFF JOINTS SORE MUSCLES: Lieber Up Quickly Under the Soothing, Penetrating Application of Hamlin's Wizard Oil.

Private: Levi P. Akers, Reelsville Ind; P. J. Blatt, Millstadt Ill; Maurice Beavers, Bristol Va; Lonnie C. Blair, Clony Fla; Fedor Borovik, Peabody Mass; Frederick A. Busby, Williamstown Mass.

Private: Thomas E. Coyle, Kellogg Ky; Paul F. Cripps, Ringling Okla; Clarence T. Curry, Peekskill N.Y.; Peter Dante, New York; Paul P. Fountain, S. Bridge Mass; Emmanuel M. Lucas, Davenport Ia; Joseph Nathan, Trenton N.J.; Edmond D. Rice, Bonn Ark; Hilson D. Satterwhite, Hewlett Va; Adam Thornton, Providence R.I.; Stanley Venaski, Clarksville Ark; Wm. A. Vignar, Seminole, Okla; Robert A. Wagner, Keota Colo; Clifford L. Warren, Minneapolis Minn.

Private: Jesse Bohannon, Central City Ky; Chas. Lundstrom, Big Falls Minn; D. L. Murphy, Linwood Ga; G.H. Shell, Woodbine Ky; James M. Wright, Kansas City Kan.

Private: Horace T. Dodge, M.D., Professor of Materia Medica, 25 Jacobson Bldg., Denver, writes Tyrrell's Hygienic Institute of New York as follows: "I can truthfully say that I have had the very best results in my experience with the 'J. B. L. Cascade'..."

Private: Daniel J. Fry, wholesale druggist and mfg. pharmacist, Salem, Ore., will show and explain the "J. B. L. Cascade" to you, and will also give you free on request a most interesting booklet, "Why Man of Today is Only 50 per cent Efficient," by Dr. Chas. A. Tyrrell of New York, for 25 cents a specialist on internal bathing. Ask for it today.

Good Seed And Variety For Good Cereal Crops

Oregon Agricultural College, Corvallis, Jan. 27.—Good seed of the right varieties grown under conditions similar to those where it is to be used and planted early on grounds suitably prepared, is essential to a good spring grain crop in Western Oregon. To determine the best varieties the Oregon experiment station has conducted experiments for several years, explains B. F. Sheehan of the farm crops department. Varieties and rate of seeding found best are as follows: Wheat, Red Pife, rate of seeding, 8 pecks; Red Huston, 8 pecks; Marquis, 8 pecks; Defiance, 8 pecks. Oats—10 Pecks to Acre. Three Grain. Banner. Victory. Shadland Challenge. Shadland Climax. Swedish Select. Barley—8 Pecks to Acre. Hennehen. Wossasin No. 6. Odebrucker. The seed bed is prepared as early as possible in the spring, and the seed sowed in February, March or early in April. The earlier the better, since many low yields result from late seeding.

Would Take Away Power To Turn Railroads Back

Washington, Jan. 27.—Senator Cummins, Iowa, today introduced a bill to take away President Wilson's power to turn the railroads back to their private owners at any time he sees fit. The measure provides that government control shall last for twenty months after the proclamation of peace unless Congress directs otherwise. In the railroad control law, the president was made the judge of the length of time the government should retain the roads with the provision that the period should not exceed twenty months after the end of the war. Cummins' bill is intended to give Congress time to find a solution of the railroad problem. It has become apparent that nothing can be done at this session, President Wilson was prepared to turn the lines back on July 1.

Japan's Desire To Get Germany's Islands In Pacific Not Favored

By J. W. T. Mason. (Written for the United Press.) New York, Jan. 27.—Japan's desire to possess Germany's islands in the Pacific ocean cannot be encouraged by the peace conference if the delegates hold fast to their determination to discourage war preparations for the future. Japan has no trade or financial interest in any of the Pacific islands. Their value to the Japanese is wholly strategic. In time of war possession of naval bases to the east and south of the Japanese homeland would be greatly to the advantage of the mikado's battle fleet. This is the reason why the Japanese delegates to the peace conference are beginning to press their claims to the Pacific islands. Japan's natural direction of commercial growth is westward into China and Manchuria. There are immense markets awaiting development in those countries.

TRAVELS 25 MILES FOR MORE TANLAC

Farmer Finds Relief After Suffering For Twenty-Five Long Years.

"For twenty five years I have been looking for something to relieve my troubles, and I believe I have found it at last in Tanlac," said Richard Oldham, R. F. D. No. 1, Platte City, Mo., recently. Mr. Oldham, known familiarly to his friends as "Dick" Oldham, is a prosperous farmer who has lived in his community for fifty years and is highly respected by all who know him. "Yes, sir, I have so much faith in Tanlac," continued Mr. Oldham, "that I have come all the way from Platte City, a distance of twenty five miles to get me another bottle of this wonderful medicine. All these years I suffered terribly with indigestion in its worst form, and my stomach was in an awful condition. Just as soon as I would eat anything I would bloat up so with gas that I would have to let out my belt a few inches, and there was such a tightness in my chest that I could hardly get my breath. Why, at times even a drink of cold water would seem to set me on fire inside, and often I would turn so faint and weak that I could hardly do a thing. Sometimes my appetite would seem to be normal, then it would go back on me and I would go for two or three days without eating a thing. I just felt miserable all the time and although I tried everything I could hear of I would only get a little temporary relief. "I have been reading quite a lot about Tanlac in the papers but couldn't make up my mind to try it (ill) one day I saw a statement made by a man in Kansas City who I knew is absolutely reliable. I have taken only three bottles so far, and considering the nature of my trouble, and the many years I have suffered the way I have improved is just simply wonderful. My appetite is just fine and I am not troubled now with indigestion like I was before, and I am getting better right along every day. The way it is with me, if a medicine didn't help me I would say so, and if it did me good I think it is entitled to the credit, and that is why I say what I do about Tanlac."

MANAGER CHAPMAN OF THE COMMERCIAL CLUB HAS JUST RECEIVED A COMMUNICATION FROM THE AERO CLUB OF THE NORTHWEST, IN WHICH INQUIRY IS MADE WITH REGARD TO THE POSSIBILITY OF ESTABLISHING FLYING FIELDS AND LANDING GROUNDS IN THE VICINITY OF SALEM.

The requirements that grounds must be perfectly level, free from all obstructions and not surrounded closely by trees or buildings. The letter goes on to state that the Aero club is gathering data in Oregon and Washington for air maps and air routes, to be submitted to the post office department, looking toward the establishment of both mail and passenger service thru the air in the near future. It is predicted that the airplane will very soon come into general commercial use, and is very much to be desired on account of the 25,000 young aviators who will be released from military service and would be glad of a chance to go on with their profession. The post office department contemplates a big program in this line, and they will only consider stations where the facilities are good. As it is no longer proper to use the word "impossible" we may look for the day when Salem will have a regular schedule of airplane service from Seattle to Los Angeles.

MAY REPLACE SUNK BONDS.

Washington, Jan. 27.—Secretary of the Navy Daniels suggested today he may ask congress to authorize replacement of \$100,000,000 worth of sailor's liberty bonds that sank with the U. S. S. San Diego. The treasury department so far has taken the position that there is no clear proof of destruction of the bonds.

TO DEFEND AGAINST ITALIANS.

Fiume, Jan. 27.—President Pogatschitz of the Slovene government at Laibach, declared in an interview that "all Jugo-Slav territories will be defended against the Italians to the last man." He said that relations with Italy are greatly strained and that five classes of Jugo-Slav soldiers are now under arms.

SEBRIAN KING CRITICALLY ILL.

Besse, Jan. 27.—King Peter of Serbia, who has been seriously ill for some time, is growing weaker, according to a dispatch received from Laibach received today.
