CLOVERDALE NOTES.
(Capital Journal Special Service)
Cloverdale, Jan. 28.—Gus Drager bought a five acre tract of Mr. Looney last week, at the rate of \$200 per acre. Carl Scott of Salem motored over to W. J. Hindley's Friday with his grandmother, Mrs. Pickett, who will remain here for the remainder of the winter. Mr. Garner, who has been visiting in and near Salem for several weeks, returned home last week. Mr. Looney sold his farm to Arthur Kunkle last week. Mr. Kunkle will take possession soon. Mr. Looney expects to move his family to Turner. Mrs. Drager's daughter, Marie, of Portland spent the week end here with her mother. P. A. Wood spent a few days last week with his daughters in Salem, who were sick.

SILVERTON NEWS

(Capital Journal Special Service)
Silverton, Or., Jan. 28.—E. E. McLendon, who recently engaged in the restaurant business in Silverton, expects to open another first class eating house here very soon. Carl Brown of this city has recently been reported missing from his company "over there" and it is the belief of his parents that Carl has been killed in action. Albert Webb has purchased the Neil Cooley property on Second street and expects to occupy the same in a few weeks. Joseph Grinde is visiting at the home of his parents after spending several days away from home. Joe has recently received his honorable discharge from the navy. Frank Hubbs has his tonsils removed at the Silverton hospital last Friday. The operation proved so serious that Mr. Hubbs was obliged to remain in bed for several days. Frank Aim of the U. S. N. has recently received his discharge from service and is now on his way to Silverton. Boy Kelsey will leave this week for Seattle, Wash., where he expects to find employment. Mr. Kelsey is a first class planer and for a number of years has held a responsible position with the Silverton Lumber company. Mr. and Mrs. Kelsey and little daughter, Helen, visited with friends at Woodburn over the week end. George W. Davis who is attached to the U. S. naval hospital of Puget Sound is to be released on Feb. 1, and is expected to arrive home the first of next week. Mr. Davis will return to a position in the Steelhammer drug store here which he vacated more than a year ago to enter the service. Mrs. M. G. Cooley of Portland is visiting friends and relatives at Silverton. Henry Alm of Portland is spending a few days at the home of his parents, Mr. and Mrs. J. Alm. Miss Faye Boutson entertained a number of her girl friends at a costume party given at her home on East Hill last Saturday night. Mr. Clint Higdon is in receipt of a telegram announcing the death of his brother, George Higdon. The young man was on board a convoy and was washed overboard. Ray Teller, a wounded soldier from France, arrived in Silverton Saturday. A dinner party was given for Vernon Suckow last Saturday night at his home, the event being the anniversary of his birth. Miss Mabel Thomas is visiting here from Portland. Johnny Iverson of Portland spent a few days with Silverton relatives last week. The friends of Miss Velma Moser gave her a very pleasant surprise party at her home in this city Monday night.

THIN PEOPLE SHOULD TAKE PHOSPHATE
Nothing like Plain Bitro-Phosphate to Pat on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force
Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness. Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians advise there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supply the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing. This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright, and pale cheeks glow with the bloom of perfect health. CAUTION—Although bitro-phosphate is unexcelled for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh growing properties, be used by anyone who does not desire to put on flesh.

Loganberry Bulletin Has Important Information

The manager of the Commercial club is in receipt of Farmers' Bulletin No. 998 issued by the United States department of agriculture, entitled "Culture of the Loganberry and Its Related Varieties." In this bulletin directions are given for the planting, training, fertilizing, cultivation and harvesting of the fruit. The information contained in this bulletin will be especially valuable to all those contemplating growing this fruit either for commercial purposes or for home use. This bulletin reaches us at a time when great interest is being taken in the culture of this fruit and some horticulturalists predict that the loganberry will soon rival or even exceed the famous Willamette valley prune in commercial importance. Anyone interested in this subject may see these bulletins by calling at the club rooms. Los Angeles, Cal., Jan. 28.—Roving of "flu" masks, Miss Henrietta Lockwood of Chicago is in the county hospital here today, suffering from insanity which overcame her late yesterday when she alighted from an overland train at Pasadena and beheld the station crowds encased in masks. Doctors say there is no doubt that sheer fright at the sight of the masked throngs caused insanity.

COTTON RISE PREDICTED

Washington, Jan. 28.—A rise of at least three cents a pound in cotton prices was predicted today by cotton states senators, following a conference with the shipping board, as a result of which sharp reductions were made in freight rates on cotton. The rate was cut from \$22.50 a bale to \$20.50 from South Atlantic ports and from \$23.50 to \$21.50 from gulf ports. The reductions apply to ocean freight rates.

COURT HOUSE

An order was issued for the sale of real property in the estate of Henry Claypool, deceased. Final account was filed by W. E. Crozier, executor of the estate of Allen J. Pemberton, deceased, showing cash and receipts to the amount of \$5063.56. Final account filed by Walter Reynolds, administrator of the estate of Silas Reynolds, deceased, showing receipts and cash to the amount of \$14,964.48. Final account filed by Geo. W. Hubbs, executor of the estate of Anna Kelly, deceased. Final account of John H. McNary, administrator of the estate of Nicholas Steele, deceased, showing total receipts of \$9608.13. At the hour of going to press the court was still grinding away on the case of Beckett vs Thompson with the probability that it would occupy the balance of the day. The celestial case of John Gong vs Ton Poy was scheduled to come before the court this afternoon, but will be crowded over onto tomorrow.

AMERICAN WOMAN TO AID JAPAN IN "DRY" CAMPAIGN

Tokio, Jan. 2.—(By Mail.)—Japanese temperance workers are awaiting arrival of American inspiration in the person of Mrs. Kara Smart Root. When she arrives they will start a drive to make Japan bone dry by 1925. When first talk of making Japan dry was heard it created some amusement, for even minors here drink without legal restriction. But recent developments in the food situation have drawn lines of care on the brewers' faces and amusement has given way to worried speculation. The liquor forces see in the rice shortage a greater peril than in Mrs. Root, of the California Woman's Christian Temperance Union, and the bone dry campaign. Rice is used in the brewing of sake and with Japan facing the catastrophe of riceless days those who are not fond of sake are urging that the consumption of rice for the drink be curtailed. An official statement gave the total amount of rice to be used in brewing sake next year at thirty million bushels. The Kansai men insist that at least half that amount should be saved for food. The government is planning introduction of a bill prohibiting drinking by minors in order that the rice may be conserved.
