year, is to be continued this season. County Superintendent Smith has just received a communication from J. W. Brewer, state federal director, requesting that he send out blanks to the boys in this district and endeavor to enroll them for the same line of service as they did last year. Regardless of the fact that there is a serious condition of the labor market at the present time, Mr. Brewer apprehends that the demands upon America for food supplies will be as heavy this year as last and only a fraction of the unemployed men can be utilized in farm work. Mr. Brewer expresses his appreciation of the work done by the boys last year and hopes they will do as well this season. He reminds them that in addition to the million and a half of our own boys in Europe, there will be an immense call for supplies from the civil populations.

Do not "Jazz" Lohengrin, the wedding march was not written to be "jazzed" or "ragged." It should be played with dignity and harmony. See modern divorce evils as they exist in "The Blindness of Divorce," at the Liberty theater starting tomorrow.

Repent in Reno. "Marry in haste and repent in Reno," has almost become a proverb, so common has the divorce evil become. See William Fox's picture of "The Blindness of Divorce," at the Liberty theater, where it starts tomorrow.

The mid-week devotional service of the First Baptist church will be resumed in the Sunday school room Thursday evening at 7:30 o'clock. Topic "A Worthy Example and a Great Movement." Members and friends of the church are urged to be present and to make this first service since the ban was put on a service of special power and helpfulness.

Sidney Lloyd, an employe in the sash and door department of the Spaulding Lumber Company, received a very serious burn on his right hand yesterday afternoon, owing to a short circuit which occurred as he attempted to throw on the electric switch. It may be several days before he will be able to use the hand in his regular work.

The attention of all Commercial club members is once more called to the annual meeting to be held in the club auditorium this evening. The manager and directors feel that too much emphasis cannot be placed upon this meeting, for upon the interest and enthusiasm manifested there will depend very much of the future progress and activity of the organization. It is the hope of the management that the club shall be more than ever this year a clearing house for all public enterprises as well as a center of sociability for both members and visitors. With one of the largest membership rolls in the state and a magnificent equipment, the regrettable fact must be faced that neither the general public or the members are utilizing a fraction of its possibilities. Manager Chapman would impress upon the members that they have a real responsibility upon them tonight in the selection of the directorate for the coming year.

The annual meeting of the directors of the Mutual Savings and Loan association was held yesterday in the office of Agent J. D. White, and the following officers were elected for the coming year: President A. A. Lee; vice-president, A. N. Moores; secretary, J. D. White; treasurer W. B. Minier. Among other items of routine business noted was the fact that Series 3 and 4 of the Association are now matured.

Reports showed that the association was in good financial condition and is growing all the time. The present membership numbers about 10, while the total amount of loans handled last year amounted to more than \$22,000.

A very striking display of Willamette Valley nuts is made this afternoon in the window of Hauser Bros. store. There are half a dozen Vrooman Franquette walnuts that just cover a foot rule. Also a collection of DuChilly and Barcelona filberts so big that they might pass for immature gourds. These nuts were secured from the grower by J. C. Herren, proprietor of the Middle Grove Nursery, located some five miles east of the city. While these specimens are unusual in size, they furnish an indication of what may be done in this section. Mr. Herren has a large quantity of stock from these same trees to place on the market this season.

Mr. and Mrs. John Rodenburg of Deschler, Neb., were instantly killed Saturday at Ontario, Cal., in an automobile accident.
