Few German Newspapers Sympathize With Wilhelm

By John Grandens (United Press staff correspondent) Berlin, Jan. 27.—Conservative German newspapers today commemorated the former kaiser's birthday by expressions of sympathy for him. The Deutsche Tages Zeitung stated that it looked forward confidently to the hour when Germany again will be an empire under the rule of the kaiser, but said it did not necessarily mean that Wilhelm should be returned to the throne. It did, however, express the hope that a homestead for the deposed Hohenzollern could be found in Germany and promised that the utmost measures would be taken in that case to protect him from falling into the hands of his enemies. "It is our sacred duty," said the Lokal Anzeiger, "to remember with love and admiration the man who has plunged from the highest heights to the deepest depths."

Thing if Him With Loyalty. American Headquarters in Germany, Jan. 28.—(Delayed)—Hope that the kaiser's declining years will be more pleasant than now seems likely was expressed by Cologne newspapers, commenting on the sixtieth birthday of the former ruler. They do not regard him as wholly responsible for the war and declare many think of him with loyalty and veneration.

EMMETT HALL WRITES LETTER FROM RHINE

Encloses Order Which Praises Marines For Valor And Courage In Fighting.

The circulation of the Capital Journal is growing so fast that it is even reaching out to the American soldiers on the Rhine. And evidence of this fact, the cashier of the Journal office is just now wondering how she is going to cash in the two German marks sent by a subscriber from over there. Emmett G. Hall, whose Salem address is 294 High street, is spending the winter on the Rhine with several other Marion county boys, writes as follows: One the Rhine, Lutendorf, Germany, Headquarters 6th Marines, Jan. 3, 1919. Editor Capital Journal: In behalf of three marines serving in this regiment from Salem, Oregon, I would ask that you publish the enclosed order in your paper.

I have been in France since February 5, 1918, and have engaged in most of the battles that the marines were in and would like to keep before the public in Salem that that city is represented in this branch of the service. Also, I am enclosing a couple of marks, German money for which I would like a couple of the copies of the good old Journal.

Yours for a bigger and better Salem. EMMETT G. HALL, Sergeant U. S. Marines.

The order Mr. Hall refers to is as follows: Headquarters, Second division, American Expeditionary Forces, Germany January 1, 1919. General Orders No. 1. To the officers and men of the Second division:

1. The year that has just ended has been the most momentous of the century. A year ago the military situation was ominous. Russia, and Roumania had been crushed, and the enemy was able to make a greatly superior force on the western front. In March, April and May he struck powerful and victorious blows in Picardy, Belgium and on the Chemin des Dames. At this critical hour, the American forces were placed in the battle lines, and on November 11th, after an offensive campaign, conducted with consummate skill and characterized by a continuous battle of unparalleled activity and violence the enemy was defeated and the victory was won.

2. The Second division played a part of great military and historic importance in this tremendous engagement. It fought five pitched battles or series of battles, always defeating the enemy, and it has won the right to have inscribed on its banners the names of the brilliant victories won by it at Chateau Thierry, Soissons, St. Mihiel, Saint, Blanc Mont and Argonne-Meuse. Its casualties were 732 officers and 23,953 men, total 24,685. This was about 10 per centum of the total casualties of the American expeditionary force. It captured 12,925 prisoners, over one quarter of the total number captured by the A. E. F. It captured 343 cannon, about one quarter of the total number captured by the A. E. F.

3. The officers and men of the division have earned by their valor, skill and their victories, the admiration and gratitude of our allies and our countrymen.

4. That the New Year be a happy one for all members of the division, their families and their friends is my most earnest wish. JOHN A. LEJUNE, Major General, U. S. M. C., commanding

THIS WOMAN ONLY WEIGHED 90 POUNDS

Takes Tanlac And She Now Weighs 135 Pounds—Condition Was Alarming.

"When my wife began taking Tanlac she only weighed ninety pounds and she now weighs one hundred and thirty five, giving her an actual gain of forty five pounds," said Clarence E. Malin, the well known contractor, living at 815 West Fifty first street, Seattle, Wash., recently.

Mr. Malin's statement, while indeed remarkable, is by no means exceptional, as thousands of well known people all over America have testified that they have used the Master Medicine with the same astonishing and gratifying results. Mrs. Malin commenced to fall in strength and go down hill two years ago, just after the birth of our last baby," continued Mr. Malin. "Her appetite was very poor and she would get so weak and dizzy at times that she would have to catch hold of something to keep from falling. The least little thing would bring on one of these dizzy spells. She always suffered from headaches. I have known her to go five or six nights in succession without getting any sound sleep and I don't see how on earth she ever managed to do her housework, as she would have to either sit down or lay down every little while during the day. As I said before, she only weighed ninety pounds and her condition was getting to be alarming. "She never seemed to be able to get anything to help her, so I got her to take Tanlac and now she is just like a new person and I have never seen her looking better. Her appetite is just fine, she thoroughly enjoys her food and has not had a sign of dizziness since she began taking Tanlac. She sleeps like a child now, is cheerful and happy all the time and her work is not the least trouble to her. "Well, I had been suffering a great deal with rheumatism in my arms and shoulders. I could scarcely raise my hands to my head and my right arm especially was so stiff that it took every bit of nerve and will power I had to do any work. So I decided to try Tanlac myself, as it was doing my wife so much good and now I never feel a sign of rheumatism. I can swing my arms and use them without feeling a pain of any kind and I also have picked up five or six pounds since I began taking the medicine. I certainly have every reason for praising Tanlac, for it has been a wonderful thing for both my wife and myself."

Tanlac is sold in Hubbard by Hubbard Drug Co., in Mt. Angel by Ben Goosh, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lyman H. Shorey, in Salem by Dr. S. C. Stone, in Silverton by Geo. A. Stochhammer, in Gates by Mrs. J. P. McCurdy, in Stayton by C. A. Beauchamp, in Aurora by Aurora Drug Store, in St. Paul by Groceries Stores Co. Inc., and in Donald by M. W. Johnson.

Dallas Water Pipe Line Out Since Saturday

(Capital Journal Special Service) Dallas, Or., Jan. 28.—Dallas has been practically without water supply since late Saturday afternoon owing to a break in the pipe line several miles back in the mountains west of here. The first indication that something was wrong occurred Saturday when it was noticed that the water in the reservoirs was decreasing at an alarming rate. An investigation showed that during the big storm of last week a tree fell across the line where it crosses the Rickreall river and damaged it to such an extent that the high waters of the river swept away the bridge which held the pipe above the water of the river.

Dallas gets its water supply from Canyon creek several miles west of here in the Coast mountains and as the pipe line is laid close to the river in several places a pumping station is being

Dallas Man Returns to Seafaring Life. F. H. Morrison, an architect of this city, has again returned to a seafaring life and left Portland the latter part of last week on a ship built in the metropolis for a trip through the Panama canal to New York city.

Notwithstanding his age which is somewhere near the 65 mark, Mr. Morrison still has a hankering for a seafaring life.

Mr. Stockwell is wireless operator on the boat having taken a course in the Y. M. C. A. school in Portland last spring.
