TRAFFIC MANAGER IS OUT WITH FACTS

Bedford Has Been Going Down Hill For Several Years.— In Fine Shape After Taking Tanlac.

"For five years now I have been looking for something that would relieve my troubles and have found it at last in Tanlac," said George L. Bedford of 3721 Central Ave., Kansas City Mo., the other day. Mr. Bedford is well known in business circles and holds the responsible position of traffic manager with the Gustin Bacon Manufacturing company.

"For the past few years," he continued, "I have suffered constantly from stomach and liver trouble, and although I tried different kinds of treatments and diets I kept getting worse all the time. My liver was so sluggish that it wouldn't act at all without my taking some kind of strong purgative, I had a hollow, unhealthy look and would get up in the morning feeling so dull and languid that I didn't have a bit of life about me. My food almost always gave me indigestion, and I would have a miserable feeling in the pit of my stomach as the what I had eaten had formed a heavy lump there. I was badly constipated, and if I ate any lunch at noon, I would always have a mean headache right afterwards, and felt so drowsy and out of sorts that I could hardly do my work. I had always taken good care of myself and couldn't understand what was the cause of my trouble.

"Some three weeks ago I read a notice in the papers about Tanlac and decided I would investigate it. Well, I have only taken three bottles so far and I am actually feeling better today than I have for the past five years. My appetite is so much better that I enjoy all I eat and I can eat anything I want without having the least touch of indigestion afterwards. All that mean sluggish feeling is gone, I get up in the mornings feeling fine and can work now without suffering from those awful headaches. My skin has cleared up, my liver is working right and that constipation has been removed. I have never taken a medicine that did me so much good as Tanlac and am glad to recommend it to everybody."

L. W. W. Openly Advocates Agamemnon And Samsretao Russian Bolsheviks

Tacoma, Wash., Feb. 3.—The second mass meeting of the Tacoma soldiers' sailors' and workmen's council, packed two halls to the doors last night. Three thousand union labor men and women, members of the I. W. W., and a sprinkling of soldiers in uniform attended.

Russian Bolshevism was openly advocated and cheered. The writings of Nicholas Lenine, premier of the Russian soviet government, in pamphlet form, were circulated. The audience joined in singing the I. W. W. song, "Hold The Fort."

Peaceful overthrow of the present form of government in the United States and the taking over of government and industries by the working class was urged by most of the speakers, who included union men, I. W. W. representatives, socialists and soldiers.

Trading In Today's Market Almost At Standstill

New York, Feb. 3.—The Evening Sun financial review today says: "Today's stock market called for little comment. Trading was almost at a standstill, less than 200,000 shares changing hands in the first three hours. Only 11,000 odd shares of United States Steel were sold in the forenoon, which recalled that steel opened with 15,000 shares in a single transaction one morning last week.
