## SENATE SOON TO TAKE UP BILL PROVIDING FOR MEN FROM OVERSEAS

**Soldiers May Be Given Farms With Forty Years Is Which To Pay For Them.**

With the return today of Senator Eddy, chairman of the senate reconstruction committee, from his home at Rosburg, where he was ill last week with a severe cold, an effort will be made to whip into shape a reconstruction bill which will afford opportunity for returning soldiers to acquire farms under the most favorable circumstances.

Senator Eddy has a rough draft of a bill which he desires to submit to a joint meeting of the senate and house reconstruction committees. This bill creates a commission of five members to be appointed by the governor and approximately \$250,000, to be used by the commission in buying land for farms and equipping the farms.

Provision is made that the Oregon Agricultural college shall supervise the equipping of the farms and determine the nature of the farming to be done. The pieces are to become model farms.

The soldiers will be given 40 years in which to pay for the land, the bill provides. The farms are to be located in various parts of the state.

Provision will be made to cooperate with the federal government if it desires, but if there is no co-operation the state commission may proceed with its development work.

## R. V. Wagner Writes Home From Position On Rhine

Mrs. D. M. Wagner of 280 North High street is in receipt of a letter from her son, R. V. Wagner, who is one of the American boys taking a look at the Rhine. He writes from Luxembourg on his way to the Rhine as follows:

"It seems funny to get German money up here for all of us have French money and we get marks now instead of the French franc."

I guess this is what you would call touring on foot France, Belgium and Luxembourg. Some of our packs weigh as much as 100 pounds but part of the time they haul them on trucks.

"This is the most beautiful country I have ever seen since I left the states. Everything is high priced. One of the boys gave five francs for eight small apples. The people all along seem glad to see us."

"Well, we never got any nearer to Luxembourg than a mile for some fellows in another division got drunk and started to shoot up the town so they made our whole division go around. One man told me his shoes cost \$41 and you couldn't get a suit of clothes for less than \$100. Some boys bought some eggs and it cost \$4 in money and they gave a dollar and a half a dozen apples."

"This is some country, part of it just like coming over the Sunset highway from Seattle. Last night we slept in a cow barn and there was lots of fleas in the straw. The people near Luxembourg are mostly pro-German and have no use for the American boys but they don't bother us any."

"We've had the best of weather since we started November 17 and to

morrow to get to Andernach, an old-fashioned burg."

Under date of December 13 Private Wagner writes that he had arrived at Coblenz.

## 21 BILLS INTRODUCED IN HOUSE THIS MORNING

**One Provided For \$125,000 Appropriation For New Cell House At Prison.**

At today is the last day in which bills may be introduced in the house without first being referred to a special committee, business was good when Speaker Jones called for the first reading of new bills. With the call for the introduction of new bills, 21 were handed in at the desk making the total number of bills introduced in the house 344.

One of more than usual interest to the people of Salem was that introduced by Sheldon providing for the appropriation of \$125,000 for the construction of cell units in the Oregon penitentiary.

Another bill introduced by Sheldon of Medford provides for an appropriation of \$10,000 for medals to be given Oregon men who were in the service during the great war. The bill provides they shall be of bronze and a suitable medal in every respect.

Should the bill introduced by Schuebel today become a law, the state institutions would be obliged to get along with the regular mileage levy plus the six per cent each year.

Mr. Schuebel, who worked in several Oregon City mills when a young man and was engaged in manual labor until 30 years of age, today introduced a bill limiting the working hours to 56 a week for employes of a mill, factory or manufacturing plant. Also that over time shall not be more than two hours a day and that for this overtime, the worker shall be paid one and one-half times.

Mrs. Alexander Thompson of The Dalles introduced a bill this morning providing for the creation of an Oregon Reconstruction Commission of eight members to study the great reconstruction problems.

The office of county meat and herd inspector for each county is needed in the state in every county except Tillamook, according to a bill introduced by Representative Thrift.

Lobbyists will hereafter be obliged to register in the office of the secretary of state should the bill proposed by Schuebel ever become a law. Mr. Schuebel takes note of the fact that the lobbyist is an actual fact but provides that when he does show up in favor of any legislation that he or she at once register, stating what they are here for.

Mr. Sheldon would like to have a bill passed providing for a referendum to the people of the state on bills passed by the 30th legislative assembly. He introduced the bill this morning.

A bill that has a number of friends in the city and for which all organizations connected in any way with patriotic bodies are lobbying is that of the exemption bill introduced by Mr. Westlund of Medford. It is the bill providing for certain exemption from taxation for those who have at any time served in the army, navy or marines, and their widows as long as they remain unmarried. The bill was originally introduced to include \$2,000 from taxation. Later the committee to which it was referred recommended \$1,000. This morning when the bill came up for the third reading, in order to cure some legal defects, it was referred to the committee on revision of laws.

The bill providing that irrigation or drainage districts might sell land they had acquired and did not need passed the house almost unanimously.

## "INDISPENSIBLE" AFTER NINE YEARS OF INTERNAL BATHS

Mr. Addison I. Williams, Box 1034, Sanford, Fla., writes Tyrrell's Hygienic Institute of New York, as follows:

"Regarding the 'J. B. L. Cascade,' I feel it is one of the indispensable articles and should be in every home. I have not taken \$10 worth of medicine since obtaining it—about 9 years."

You can be free of biliousness and constipation, with all the ills which they produce, by an occasional internal bath. The 'J. B. L. Cascade' administers these scientifically, it being an invention of Chas. A. Tyrrell, M. D., of New York, for 25 years a specialist on internal bathing.

By the proper application of Nature's cure—warm water—it keeps the lower intestine free of all poisonous waste, and permits every function to work in harmony and without clogging—hence makes one consistently bright, capable and well.

Daniel J. Fry, wholesale druggist and wfg. pharmacist, Salem, Oregon, will be glad to show and explain the 'J. B. L. Cascade' to you, and will also give you free on request an interesting and authoritative book, 'Why Man of Today is Only 50 per cent Efficient,' written by Dr. Chas. A. Tyrrell.

Ask for it today while it is fresh in your minds.

## SPARTACAN UPRISING IS GAINING STRENGTH

**Government Troops Are Determined To Restore Order In Occupied Towns.**

Berlin, Feb. 2.—The new Spartacan outbreak is gaining strength in various parts of the country it was revealed in dispatches received here today. The government has decided upon severe repressive measures and hard fighting is looked for.

Government troops were reported to be marching against Spartacan forces which are entrenched around Dusseldorf. The government has obtained consent from the estates to take this action since Dusseldorf is in the neutral zone.

At Eisenach workmen and soldiers hold a Spartacan uprising yesterday. They seized the telegraphs and decided to oppose the government. They are reported to have declared they will use force to influence the national assembly meeting at Weimar. The government is sending picked troops to prevent disorders in Weimar. Any one boarding a train for Weimar must have a special permit and all undesirable are being weeded out in that city.

Bremen was reported to be practically a great Spartacan camp. It is cut off from all telegraph and telephone communication with the outside world. Spartacan leaders have threatened to mobilize their entire strength and fight to a finish, unless Military Governor Moske recalls the troops he has sent to restore order. In the meantime the government is attempting to persuade the Spartacans to overawe peacefully to save historic public build-

## "CAN I BE CURED?" SAYS THE SUFFERER

How often have you heard that cry from the victims of disease. Perhaps the disorder has gone too far for help, but often it is just in its first stages and the pains and aches are only nature's first cries for help. Do not despair. Find out the cause and give nature all the help you can and she will repay you with health. Look after the kidneys. The kidneys are the most overworked organs of the human body, and when they fail in their work of filtering and throwing off the poison that constantly accumulates in the system, everything goes wrong. GOLD MEDAL Hamlet Oil Capsules will give almost immediate relief from kidney and bladder troubles and their kindred ailments. They will free your body from pain in short order. But I am sure to get GOLD MEDAL Hamlet Oil Capsules. Money refunded if they do not help you.

ings from destruction, as Hoske has announced he will bombard the city.

Hamburg and Wilhelmshaven, where Spartacan uprisings were reported, are said to be quiet again.
