Railroad Strike Occurs On London-Brighton Road Increased Last Week

London, Feb. 6.—Traffic on the London-Brighton railway was halted today when engineers struck in sympathy with the subway employees. Threats were made of a general strike on all steam railways.

Later engineers and firemen on the London and Southwestern railway walked out.

The government, without directly intervening, had adopted measures to relieve the transportation tie-up caused by the subway strike.

RESOLUTION WOULD TAKE MONEY OF FLAX

This Would Equal Amount That Governor Withycombe Failed To Return.

In order to get the state flax industry out of the financial plight which resulted from the poor management of Superintendent J. C. Cady, the 1917 legislature appropriated \$10,550 to pay off the indebtedness of the flax industry on condition that the money should be returned to the general fund of the state during the biennium of 1917-1918.

Governor Withycombe, who has controlled the flax industry, has not returned the money to the general fund, so today Senator Patterson introduced a concurrent resolution which directs the secretary of state to credit the general fund with \$10,553 out of the receipts from the sales of flax.

As the governor has failed to keep the agreement made when the \$10,550 was appropriated to help out the flax middle Senator Patterson evidently considers it necessary to secure legislative action in order to make the \$10,553 available for use by the present legislature in meeting the heavy demands for appropriations.

After citing the chapter which carried the appropriation of 1917 and the purposes for which the appropriation was made, Senator Patterson's resolution says:

"Whereas, by the provisions of said chapter said amounts were appropriated from the moneys in the general fund in the state treasury with the express understanding that the same should be returned thereto during the years 1917-1918 from the receipts from the sales arising from the flax product, and

"Whereas, there is an unexpended balance of \$12,030.90 now remaining of the receipts from the sales of flax fibre, etc., and

"Whereas, the provisions of said chapter 310, general laws of Oregon, 1917, providing for the repayment to the general fund of the amounts appropriated therefrom under the provisions of said chapter, have not been complied with, now therefore,

"Be it resolved by the senate that the house of representatives concurring, that the secretary of state is hereby authorized and directed to credit the general fund with the sum of \$10,553.55 out of the receipts from the sales of flax fibre, etc., said sum so credited and transferred to be available for the payment of general governmental expenses as are other moneys in the gen-

SENATE FAVORS RAISE OF UMATILLA JUDGE

La Follette And Patterson Will Fight Salary Increases To Bitter End.

By a vote of 27 to 2, the senate passed senate bill 142, by Ritter, which increases the salary of the county judges of Umatilla county from \$1200 to \$1800 a year.

Senator Pierce made an unsuccessful attempt to have the bill made a special order for next Thursday, so all salary bills could be considered at one time. The motion was defeated, altho Senators Eddy and Dimick said they would favor such a motion if it applied only to salaries of state officials, but they did not want to mix the county salary bills with the state salary bills.

Senators Patterson and LaFollette were the two senators who voted against the salary increase.

"I can see the handwriting on the wall," declared Senator LaFollette. "The logrolling is now going on and by the time the big salary bills come up these bills will be going so fast that nobody can stop them."

Senator Patterson said he intended to oppose all salary increases, which apply to present terms of officials in office, unless such bills were referred to the people.

Senator Porter of Linn county made an effort yesterday afternoon to round up all the salary increasing bills, into the hands of a special joint committee which would be instructed to work out some uniform plan for dealing with the bills. But his effort failed, as the resolution he introduced for the purpose was lost by a vote of 12 to 14.

In his resolution, Senator Porter declared that this session of the legislature will be forever disgraced if it passes all the salary bills now being presented. He says that taxpayers are protesting.

"If all salary bills already introduced and pending, together with a great many more that are contemplated, are passed," says the resolution, "there will be the greatest flood of increased salaries ever known in the history of the state of Oregon, and the 30th legislative session will be forever disgraced, and a great many messages are already being received by members of this legislative assembly in protest of the great flood now before us."

The resolution then provided for the appointment of a committee of three senators and three representatives, with the speaker of the house working with the committee.

The vote on the resolution was as follows:

Yes—Eddy, Farrell, Jones, LaFollette, Nickelson, Norblad, Patterson, Pierce, Porter, Smith of Coos, Wood, President Vanoni.

No—Baldwin, Banks, Bell, Dimick, Eberhard, Handley, Howell, Murley, Lachmund, Moser, Orton, Ritter, Smith of Josephine, Strayer.

Senators Bell, Baldwin, Banks and Eberhard spoke against the resolution, while Senator Porter spoke for the resolution.

The case of State vs Baumgartner, which was bound over in Justice Unruh's court to the grand jury, was later adjusted and on motion of the complaining witness was dismissed, the defendant paying the costs. The case of W. D. McKinney, charged with cruelty to animals, was heard before Justice Unruh yesterday afternoon, and as the evidence did not seem to prove that defendant intentionally neglected the animals in question, the jury disagreed. The case will come up for rehearing at a later date.

The past few weeks have been very busy ones with the hotels of Salem, both the Marion and the Bligh being practically full up to the roof. This brings up the question of how to dispose of the delegations attending the Hoteliers convention next week. It may be necessary to arrange for a large number of rooms in private houses, and Manager Chapman of the Commercial club requests all those who have rooms they can place at the disposal of the visitors to call up his office and state how many they can care for.

It is expected that President Wilson will leave Paris February 8 for his visit to Brussels.
