NO STRIKE FOR PORTLAND

Former Stayton Man Removes To Idaho

E. M. Olmsted, owner of the Eugene Printing company, and Thomas Nelson, editor and owner of the Cambridge News, of Cambridge, Idaho, have negotiated a trade in which Mr. Olmsted takes over the newspaper in Cambridge and Mr. Nelson becomes owner of the printing establishment here. The two homes have also been exchanged and Mr. Olmsted left this morning for Cambridge with his family. Mr. Nelson is expected here the first of the week. Mr. Olmsted opened the Eugene Print company about two years ago, coming here from Stayton, Oregon where he published the Stayton Mail.—Eugene Guard.

CATARRH OF THE STOMACH IS DANGEROUS

"Thousands Have It and Don't Know It," Says Physician. Frequently Mistaken for Indigestion—How To Recognize and Treat.

"Thousands of people suffer more or less constantly from furred, coated tongue, bad breath, sour burning stomach, frequent vomiting, rumbling in stomach, bitter eructations, gas, wind and stomach acidity and call it indigestion when in reality their trouble is due to gastric catarrh of the stomach," writes a New York physician. Catarrh of the stomach is dangerous because the mucous membrane lining of the stomach is thickening and a coating of phlegm covers the surface so that the digestive fluids cannot mix with the food and digest them. This condition soon breeds deadly disease in the fermented, unassimilated food. The blood is polluted and carries the infection throughout the body. Gastric ulcers are apt to form and frequently an ulcer is the first sign of a deadly cancer.

In catarrh of the stomach a good and safe treatment is to take before meals a teaspoonful of pure Bisurated Magnesia in half a glass of hot water as hot as you can comfortably drink it. The hot water washes the mucus from the stomach walls and draws the blood to the stomach while the bisurated magnesia is an excellent solvent for mucus and increases the efficiency of the hot water treatment. Moreover the Bisurated Magnesia will serve as a powerful but harmless antacid which will neutralize any excess hydrochloric acid that may be in your stomach and sweeten its food contents. Easy, natural digestion without distress of any kind should soon follow. Bisurated Magnesia is not a laxative, is harmless, pleasant and easy to take and can be obtained from any local druggist. Don't confuse Bisurated Magnesia with other forms of magnesia, milks, citrates, etc., but get it in the pure bisurated form (powder or tablets), especially prepared for this purpose.
