Plans were made by the college to entertain the visitors at luncheon and then with a visit through out the college grounds. Dinner will be served just before the visitors leave for Salem. Baby chicks, 544 State St. Phone 400. Good philosophy. Every person owes it to posterity to contribute something that will make the world better. In other words, every person to have lived a worth-while life must put value into his work that will survive him. The Capital Business college can help.

Why Poison Yourself? If a rattlesnake had his fangs imbedded in your flesh, and was gradually forcing poison into your blood, would you allow him to continue his deadly work, and trust to drugs, manipulation, baths, or electricity to clear your system of poison? Certainly your first thought would be to free yourself from the snake at once, in order to allow as little poison as possible to enter your body. Then, in the name of reason, can you hope to become free from rheumatism or stomach trouble by means of drugs or any other sort of treatment as long as some dead teeth and diseased gums, which caused the rheumatism and stomach trouble, are allowed to keep a constant fresh supply of germs to the diseased parts? Every noted medical authority says, that in order to obtain a cure or permanent relief for these maladies the cause must be removed. You may say, how do we know that stomach troubles, rheumatism and scores of other diseases are caused by diseased mouths? We know this because the leaders in medicine and dentistry have, for years, been taking germs from gums and dead teeth of people suffering with such diseases as rheumatism, ulcer of the stomach (often terminating in cancer), kidney trouble, appendicitis, eye trouble, etc., and injecting these germs into the guinea pig, rabbit and dog, and by doing so producing rheumatism, ulcer of the stomach, kidney disease, appendicitis, eye trouble, etc., in the animals. Bacteria are also taken from the diseased stomach, rheumatic joint, etc., compared with bacteria taken from diseased teeth and gums and found to be identical; thus proving in the most scientific manner the cause of the diseases, mentioned above. Another scientific proof is that thousands of people have been freed from these diseases by freeing the mouth of disease without any other treatment.

Justice Henry L. Benson of the supreme court will speak Sunday evening at the First Methodist church at the Roosevelt memorial services. His subject is a citizen, Dr. Carl Gregg Doney will speak on "Roosevelt as a scholar." Dr. B. L. Steeves on "Roosevelt, the Man." Dr. R. N. Wilson has chosen for the subject of his tribute, "Roosevelt the Christian." Special music has been prepared for the evening's services. Mr. and Mrs. C. E. Bradley of Three Hills, Alberta, are in the city with the intentions of making this their permanent home. They were residents of Salem until about six years ago when they moved to Alberta. Mrs. Bradley is a sister of Elmer J. and Fred E. Mangis.

Mr. Rogoway is doing his best to give the people of Salem a square deal and as long as they demand him he promises to make merit eating inexpensive. He has been in business in several large cities in this country but says the courtesy and patronage extended to him by the Salem people exceeds that of any of his previous experiences. As business is increasing every minute two more stores will be opened to satisfy the demand for better meat at a cheaper rate. —adv.

The annual Cherrian banquet will be given at the Hotel Marion Monday evening, Feb. 24, according to an announcement made today by P. E. Pullerton, King Bing of the Cherrians. While there has been a number of annual reunions the coming one will be somewhat different from the fact that women will be permitted to attend the reception. Not only permitted but will be cordially invited. With 40 new Cherrians to swear allegiance

DRAGER—To Mr. and Mrs. B. H. Drager at the Salem hospital, January 19, a daughter who has been given the name, Pauline Helen.

LENON—At the Portland naval hospital, Feb. 7, 1919, Mrs. Alma H. Lenon of Albany, at the age of 40 years. Besides her father and mother, she is survived by a son, Martin Lenon, of Albany and a sister, Mrs. Bessie Boehringer of this city. The funeral services will be held Sunday afternoon at 2 o'clock from the Terwilliger home and will be conducted by the Rev. Erastion of Albany. Burial will be in the City View cemetery. Mrs. Lenon, who made her home the past seven years at Albany, was formerly a resident of this city and was known as Alma Woolery.

BLIGN THEATRE SIGN OF GOOD SHOWS WHERE EVERYBODY GOES

The Health Of The Future Generations Depends to a great extent upon the care the mothers of our country give to their health. The subject of good health has never been given one half the attention on the part of the housewife that it should be given. It seems to have been the general idea that the only thing worth while was to perform the household duties in the most economical way, that a penny saved is a penny earned. This has in many instances led to sheer extravagance, in that the housewife has often done her work in a way that in reality represented the most expensive way of doing it, not only from the standpoint of dollars and cents but in the disastrous effect it has upon her health as well. No woman can afford, if she has the proper interest in her family, to break down her health, wreck her nerves and shatter her disposition trying to save a few pennies doing her own family washing. The woman who does this work at home is not economizing, she is creating unnecessary expense and at the same time getting the work done in a way which is inferior to the way she may have it done at the laundry. Its rank foolishness for any housewife to flatter herself into believing that she can do her own family wash better than the laundry can do it, she might just as well contend that she can light her own home better with the old kerosene lamp than she can with electricity. If the laundry was not fulfilling its mission it would be retrogressing instead of progressing, as it is at the present time, and as it is going to continue to do in the future. If it was more expensive to have the family washing done at the laundry than it is to do it at home it is hardly reasonable to assume that people with no more money than you have would continue to send the family washing to the laundry. Stop doing the family washing at home and send it to the laundry. In doing this you will not only save money but you will conserve your good health and have the clothes returned each week in a much better condition than they would be were you to do this work at home. We do the work several ways. Semi-finished four to ten cents per pound. Phone 25 to call regular. Salem Laundry company, 136 South Liberty street. 2-10

A GERVAIS COW IS A MONEY MAKER FOR HER OWNER An Appeal subscriber on Gervais route 1, has a Jersey milk cow that is a veritable gold mine. During the year of 1917 in ten months, this cow, besides a fine heifer calf, produced cream which netted the owner \$101.23. In the twelve months of 1918 she produced \$147.83 worth of cream. While this cow is not for sale, the figures can be verified at the Silverton creamery by anyone interested in high cream production.—Silverton Appeal.

ATTENTION—Woody the auctioneer, will sell your real and personal property and receive full value, the test has been always proven. Phone 510 or 511, Salem.

CANCER OF NOSE CURED Prominent resident certifies to cure by Dr. S. C. Stone of Salem

Salem, Ore., June 5, 1918. To Whom it May Concern: For one year or more I was troubled with a cancer on my nose. I fully realized it was constantly getting worse and after duly considering the dangers of cancer I concluded to go under the treatment of Dr. S. C. Stone of Salem, Oregon. The doctor gave me a liquid to apply as directed for several days and then a simple ointment and in a few days the cancer came out and healed up nicely and has given me no more trouble. I cheerfully recommend Dr. Stone and his treatment. My home is near Gervais on route 2. (Signed) J. H. HASSEY.

S. C. STONE, M. D. (Stone's Drug Store) 241 North Commercial Street, Salem, Oregon Phone 35. Consultation and Advice Free.

More Trouble Arising Over Prinkipos Meeting By Lowell Mellett (United Press Staff Correspondent) Paris, Feb. 8.—The position of the Russian anti-bolshevik factions, in view of the soviet government's acceptance of the associated powers' proposal for a joint conference at Prinkipos, was regarded as untenable in certain quarters today. The American delegates' attitude in this regard was understood to be that the soviet acceptance necessitated the associated powers going through with the conference, regardless of the other Russian elements. On the other hand, a high French official declared he would oppose his government's participation in the conference unless the other factions are represented. But the British were said to side with the Americans and it was believed that all objection, allied as well as Russian anti-bolshevik, would be overcome and that the conference

TACOMA ELECTRIC (Continued from page one.) strike leaders today to bring about a strike of the outside electricians employed in the city power plant and substations and on the city lines. One member of the strike committee made the prediction that the city would be without light and power Sunday.

How the Americans view the Prinkipos conference is evidenced by the expression of one of the delegates, who said "we're going to find out what this bolshevik business really means." A British delegate voiced the same sentiment.
